7 Head For Safety In Coal Mine Blaze

100 In Pit When Fire Broke Out

Pit 20 Miles From Mannington Where 78 Died Nov. 20

BULLETIN
MT. MORRIS, Pa. (AP)—Radio contact with seven men feared trapped deep in a burning coal mine was established today and mine officials said the crew was making its way to safety.

MOUNT MORRIS, Pa. (AP)—Fire erupted in a sprawling coal mine early today, possibly trapping 10 miners deep underground.

Nearly 100 men were working in the shafts of the Humphrey No. 7 mine when the fire broke out. Two hours later, all but one crew, 7-10 men, was accounted for.

Company officials would not comment, either at the home office of the Christopher Coal Co. in nearby Morgantown, W.Va., or at the mine south of this community on the West Virginia-Pennsylvania line.

The mine is about 20 miles northeast of Mannington, W.Va., where 78 miners died in a series of fires and explosions that ripped through another coal mine Nov. 20.

First reports indicated the fire was touched off by a roof fall near the mine's main portal. Most of the miners made their way to safety through two other portals, one at Baker Run and one at Calvin Run.

Three rescue teams entered the mine shortly after the fire was discovred at 6:55 a.m. They were attempting to prevent the fire from spreading along the main shaft.

In Charleston, W.Va., Director of Mines Elmer Workman said he was enroute to the scene.

At Glenmoor Station

Bandit Gets $671 In Bills In Holdup

A young bandit with a red cloth over his face robbed Thomas Jackson of Glenmoor of $671 in bills about 3:15 a.m. today at his service station at Substation on old Route 30.

Jackson told Sheriff's Deputy Herman (Cy) Wellman the robber had dark hair and was wearing cowboy boots with white trim, levis and a brown cloth jacket.

The robbery occurred behind the station as Jackson got out of his car. A Glenmoor resident, Jackson came to the station in response to a call from the night attendant, Donald Bookman of East Liverpool RD 2.

The deputy said Bookman phoned Jackson a few minutes earlier to report running out of small bills for change. He asked Jackson to bring him some.

Jackson said the robber was a slightly - built white male in his early 20's. He said the youth pointed a chrome - plated revolver at him and ordered him to empty his pockets.

After the robber took the roll of bills, he ran down an alley behind the station and disappeared. Jackson said he heard a car door slam and saw taillights come on.

Wellman said Bookman told him he was in the station and did not know anything had happened until Jackson came in.

Jackson told the officer the bills were 20's, 10's, 5's and 1's. The proprietor said he believes the loss is insured, Wellman said.

The deputy, patroling in the area, was at the station at 3:22, one minute after the robbery call was received at the sheriff's office in Lisbon.

14 Hangings Are Criticized World-Wide

Reactions Coupled With Israel Report More To Be Hanged

By The Associated Press

Iraq's public hanging of 14 men, including nine Jews, on charges of spying for Israel drew widespread condemnation around the world today.

Coupled with reactions of shock and outrage was an Israeli report that another group of Jews was threatened with execution in Iraq, an Arab participant in the June war of 1967. Iraq still has some troops based in Jordan near Israel's frontier.

The Vatican City newspaper L'Osservatore Romano deplored the hangings and said the cause of peace in the Middle East "can only seriously suffer."

Israel's ambassador to the United Nations, Joel Barromi, told Secretary-General U Thant that death threatened another group of jews in Iraq. Thant said he would look into the report immediately.

After the Iraqi government announced that nine Iraqi Jews and five other Iraqis were hanged Monday for spying for Israel, Iraqi Information Minister Abdullah El Samarrai told a news conference in Baghdad that 65 other persons would be brought to trial soon on charges of spying for Israel and plotting against the Iraqi government. Barromi in his warning to Thant possibly was referring to members of this group.

Israel denied that those executed Monday were spying for her and said their only crime was being Jewish. Israeli Foreign Minister Abba Eban in a statement to Thant said the Baghdad government "has perpetrated an act of barbarity which exceeds even what the world has come to expect from a country in which violence and murder have become almost commonplace."

Thant expressed fear that the executions would upset U.N. efforts to achieve peace in the Middle East. The Iraqi delegation to the United Nations at once complained that Thant was mixing in something that was "entirely an internal affair of Iraq."

3 More Enter Race For City Council Seats

Three more candidates, two Republicans and a Democrat, entered Monday and today with the County Election Board to seek nomination for City Council seats in the May primaries.

The aspirants are:

Richard W. Carter of 1180 Erie St., a drawer at Globe Refractories, Inc., for the Republican nomination for councilman-at-large.

Kenneth R. Kibler of 811 Crestview Dr., an insurance agent and operator of a real eslate agency, also for the GOP nomination for councilman-at-large.

Richard P. Winters of 280 Gardendale Ave., a kilnplacer at the Hall China Co., for the Democratic nomination for Third Ward councilman.

Kibler is employed at the Nationwide Insurance Co. agency on W. 6th St. and also operates the Ken Kibler Real Estate Agency. A native of East Palestine, he has resided here nine years.

Married and the father of two, he is making his first political bid. Kibler is a member of the Elks Lodge, the Kiwanis Club, St. Aloysius Catholic Church and the Eagles Lodge in East Palestine.

Winters, a native of East Liverpool, is a member of the Veterans of Foreign Wars Post and the Moose Lodge. He is a graduate of East Liverpool High School.

Carter is chairman of the city zoning board of appeals and a member of the housing board of appeals. Secretary of the city Men's Republican Club, he is a member of the county GOP executive committee.

Married and the father of two, he is a member of the African Methodist Episcopal Church, where he serves on the trustee board; commander of VFW Post 9285, district chairman of the VFW "Voice of Democracy" project and a member of John Washington Masonic Lodge.

Proposes $2.5 Billion Budget

Gov. Shafer Asks State Income Tax

HARRISBURG (AP) — Gov. Shafer laid before the legislature today a blueprint for spending a record $2,521,236,900 in the next fiscal year, along with a politically charged proposal to impose a state income tax for the first time.

Facing up resolutely to the big question that outweighed all others about the budget, Shafer said:

"I am personally convinced that Pennsylvania can no longer expect to grow with vigor and competitively with other states without a personal income tax.

"This is not politically easy to say, but it must be said. We have been trying to avoid the reality for too long."

Rumblings of discontent with the prospect of an income tax came from Shafer's own Republican stalwarts in the legislature, as well as Democratic leaders. He cast his speech in a vein of compromise.

In addition to the budget for the fiscal year beginning next July 1, it included five-year projections of operating the state government; the special fund budget which usually is handed the lawmakers later on in the session, and pertinent details such as the numbers of state employes in statistical order.

More than half the $544 million increase in state spending proposed in Shafer's general fund budget today was earmarked for education.

The governor recommended the Department of Public Instruction received a $290 million raise in appropriations for a total $1.413 billion during the 1969-70 fiscal year.

The Department of Public Welfare would get an additional $99 million for a total $543 million with $25 million hikes apiece

City Employes' Union Approves Wage Offer

Unionized city employes voted Monday night to accept a three-year wage contract offer made by Council Saturday.

Members of Local 677, American Federation of State, County and Municipal Employes, ratified the proposition, 24-2, during a vote at a meeting in the former IBOP Building. Although varying rates were offered to some workers, it provides for most a 5 per cent hike, retroactive to Jan. 1, a 6 per cent boost next Jan. 1 and a 7 per cent boost on Jan. 1, 1971.

Although not all are members of the local, the raise will affect about 100 non-uniformed personnel. The offer also is subject to ratification by the entire Council at its next meeting Feb. 3.

Plane Carrying 64 Is Hijacked To Cuba

MIAMI (AP) — National Airlines said today its flight 64 from Los Angeles to Miami was hijacked to Cuba.

The plane, a Super DC8 with 25 passengers and crew of seven aboard, was enroute from Los Angeles to Miami by way of Houston and New Orleans when two men with firearms and explosives took command at 9:11 a.m., EST. a spokesman said.

The plane was due to arrive in Havana later this morning.

Could Expect Difficult Times

U.S., Saigon Link Talks To Anticipated Red Moves

PARIS (AP) — U.S. and South Vietnamese officials anticipate three developments from North Vietnam and the Viet Cong in connection with the Paris peace talks.

If they are right, then the Americans and their South Vietnamese allies can expect some difficult moments on the battlefield and at the conference table. But they believe North Vietnam may also be preparing a diplomatic retreat.

The U.S. and South Vietnamese sources give this assessment of the intentions of the North Vietnamese and the National Liberation Front.

1. Hanoi and the Viet Cong will try to inflict some form of military embarrassment on the U.S. and South Vietnamese forces in Vietnam while the negotiations continue in Paris.

There are signs of such preparations in the field, but the sources do not anticipate that the blow will be as heavy as last year's Tet offensive. They believe the attack will be aimed primarily at increasing the American public's distaste for the war.

2. Hanoi and the Liberation Front will use the Paris talks as a forum to enhance the NLF's status and its claim to be the legitimate power in South Vietnam.

This will be the kind of verbal attacks on the Saigon regime that were delivered by the Front during last Saturday's opening session of the full-dress talks. One ranking official said he expected "the other side's propaganda broadsides to play a prominent role in the negotiations for some time."

3. Meanwhile, North Vietnam may begin preparing its own people for an agreement which falls short of the victory promised for so long by the Communist leaders.

South Vietnamese officials put more emphasis on this than the Americans do. The men from Saigon point out what they consider to be a significant change in the terminology used by Hanoi's negotiators.

One source said that when the preliminary talks between the United States and North Vietnam began last May, North

320 Hanoi Troops Killed In Bloody Fight Near Laos

SAIGON (AP) — South Vietnamese headquarters said today a crack battalion of government rangers backed by U.S. planes and artillery killed 320 North Vietnamese in a bloody battle Saturday and Sunday 18 miles from the Laotian border.

A spokesman said the U.S. bombers and artillery accounted for 200 of the enemy dead. He said 51 rangers were wounded in the engagement 25 miles northwest of Pleiku city, in the central highlands.

U.S. officers said the Communist command has pulled thousands of troops into border areas, apparently waiting to see what happens at the Paris peace talks.

The ranger battalion was reported still sweeping the area today and U.S. B52 bombers unleashed 500 tons of bombs Monday night and today on enemy troop concentrations.

The South Vietnamese reported another battle four miles from the Cambodian border and 54 miles northwest of Saigon early today in which about 400 North Vietnamest troops assaulted the night bivouac positions of a government paratrooper battalion.

By dawn the enemy had been beaten back after a U.S. flareship illuminated their positions for a hail of fire from U.S. helicopter gunships. A spokesman said 23 enemy bodies were found.

A U.S. spokesman said American gunships, bombers and artillery killed another 24 North Vietnamese soldiers and smashed four heavy machine gun positions along the Cambodian border 63 miles northwest of Saigon.

Describes Style At News Conference

Nixon Aims To Make His An Orderly White House

WASHINGTON (AP) — Methodical and cautious, President Nixon is determined to make his an orderly White House, a place where policy emerges through a chain of command, not "off the cuff responses."

The President described the Nixon style at his first news conference Monday:

"I suppose the nation wonders what a President does in his first week and where is all the action that we have talked about. We have done a great deal, particularly in getting the machinery of government set up which will allow us to move in an orderly way on major problems."

That ordered, studied method of operation is, after all the way Nixon got to the White House. It characterized his campaign for the Republican presidential nomination, and his autumn race against the Democrats.

Now, in office, Nixon made clear he intends to operate the same way. "I do not believe, for example, that policy should be made, and particularly foreign policy should be made, by off the cuff responses in press conferences, or any other kind of conferences," he said. "I think it should be made in an orderly way."

The Nixon pace and the Nixon caution were displayed at that first news conference when the President noted that in eight separately-raised areas of concern, ranging from the tension in the Middle East to crime in the District of Columbia, there would be conferences, decisions and perhaps policy announcements later.

But if there was caution in the Nixon approach, there was also a signal that the new President will swiftly put his stamp upon the national government.

"I have scrupulously followed the line that we have one President at a time," Nixon said, recalling a standard phrase from his campaign days. And now is Nixon's time.

Thus, the President said, he withdrew all pending appointments left behind by former President Lyndon B. Johnson so that the new leadership can decide whether the men involved "would serve the interests of the nation according to the guidlines that the new administration was to lay down."

So, too, with Johnson decisions in policy and government operations, in any area "that may have been questioned . . .

"This administration will reexamine all past decisions where they are not foreclosed . . . by reason of what has gone before." Nixon said. The specific subject was the controversial F111 warplane; the implications were far broader.

George D. Nye, Ex-Ohio Official Dies At Age 70

BOSTON (AP) — George D. Nye, former three - term Ohio lieutenant governor, died Monday in Massachusetts General Hospital. He was 70.

Nye, who served under former Gov. Frank J. Lausche in the late 1940s, resided in Waverly, Ohio. He was being treated at the hospital here for complications that developed following surgery on his hips about three weeks ago.

The current Democratic state central committeeman from the 6th Congressional District, Nye began his political career in 1923 as Pike County prosecuting attorney.

In 1930 he was elected Pike County Common Pleas Court judge and served on the bench for seven years before resigning to resume private law practice.

He was the youngest man ever to be elected to either post.

Nye first was elected lieutenant governor in 1944 and then won two more two-year terms in 1948 and 1950.

Describes Style At News Conference

Nixon Aims To Make His An Orderly White House

WASHINGTON (AP) — Methodical and cautious, President Nixon is determined to make his an orderly White House, a place where policy emerges through a chain of command, not "off the cuff responses."

The President described the Nixon style at his first news conference Monday:

"I suppose the nation wonders what a President does in his first week and where is all the action that we have talked about. We have done a great deal, particularly in getting the machinery of government set up which will allow us to move in an orderly way on major problems."

That ordered, studied method of operation is, after all the way Nixon got to the White House. It characterized his campaign for the Republican presidential nomination, and his autumn race against the Democrats.

Now, in office, Nixon made clear he intends to operate the same way. "I do not believe, for example, that policy should be made, and particularly foreign policy should be made, by off the cuff responses in press conferences, or any other kind of conferences," he said. "I think it should be made in an orderly way."

The Nixon pace and the Nixon caution were displayed at that first news conference when the President noted that in eight separately-raised areas of concern, ranging from the tension in the Middle East to crime in the District of Columbia, there would be conferences, decisions and perhaps policy announcements later.

But if there was caution in the Nixon approach, there was also a signal that the new President will swiftly put his stamp upon the national government.

"I have scrupulously followed the line that we have one President at a time," Nixon said, recalling a standard phrase from his campaign days. And now is Nixon's time.

Thus, the President said, he withdrew all pending appointments left behind by former President Lyndon B. Johnson so that the new leadership can decide whether the men involved "would serve the interests of the nation according to the guidlines that the new administration was to lay down."

So, too, with Johnson decisions in policy and government operations, in any area "that may have been questioned . . .

"This administration will reexamine all past decisions where they are not foreclosed . . . by reason of what has gone before." Nixon said. The specific subject was the controversial F111 warplane; the implications were far broader.

George D. Nye, Ex-Ohio Official Dies At Age 70

BOSTON (AP) — George D. Nye, former three - term Ohio lieutenant governor, died Monday in Massachusetts General Hospital. He was 70.

Nye, who served under former Gov. Frank J. Lausche in the late 1940s, resided in Waverly, Ohio. He was being treated at the hospital here for complications that developed following surgery on his hips about three weeks ago.

The current Democratic state central committeeman from the 6th Congressional District, Nye began his political career in 1923 as Pike County prosecuting attorney.

In 1930 he was elected Pike County Common Pleas Court judge and served on the bench for seven years before resigning to resume private law practice.

He was the youngest man ever to be elected to either post.

Nye first was elected lieutenant governor in 1944 and then won two more two-year terms in 1948 and 1950.

Chester Driver Fined For Lack Of Licenses

Failure to obtain both state and city driver's licenses cost a Chester woman $25 and costs on each charge when she appeared Saturday before Mayor Harold Ash.

Opal Barnhart of Lycia Ave. was cited recently by Patrolman Robert Laughlin.

Mayor Ash said that despite repeated warnings some residents still have neglected to purchase the required licenses.

COLD - SINUS Miseries?

Is your head pounding — nose running — and your eyes watering and are you sneezing — sneezing — sneezing?
Have you blown your nose until it is raw?
We're sorry you're suffering so; obviously you're not aware of our product SYNA-CLEAR and this is our fault.
SYNA-CLEAR is the original timed release tablet that gives up to eight hours of real relief from cold symptoms and clogged up sinuses. And that's a guarantee!
We do not have millions to spend on TV to tell you about SYNA-CLEAR; just this small ad. We do not gimmick our Advertising and product by offering twelve hours of medication. What is medication without relief? SYNA-CLEAR is what we offer and it gives you eight hours relief per tablet or your money back in full.
We could go into detail on how our product works and about the fine formula, but we would rather you ask the experts about SNYA-CLEAR. The druggist at the store listed below or your family doctor can tell you about the merits of our fine formula.
SYNA-CLEAR costs a little more ($1.50 & $3.00 sizes) because it does more. You're buying relief and not gimmicks.
Try SYNA-CLEAR as soon as possible — you know — all have to lose are your discomforts.
This little ad has an awfully big job to do — to get you to try SYNA-CLEAR. So as a bonus, cut me out and send in with an empty SYNA-CLEAR carton and we'll mail you a check for 50¢ for just trying SYNA-CLEAR. If you have time to tell us about the results SYNA-CLEAR gave you, we would be pleased to hear from you.

Ursu, Applegate Again Work For County Engineer

LISBON — George Ursu of Salem and Larry Applegate of East Liverpool returned to work Monday for County Engineer Bert A. Dawson, who discharged them on taking office the first of the month.

Ursu, a brother of John Ursu, the former county engineer, will resume the rural house - numbering project, while Applegate will work for the county Highway Department as assigned by Supt. Eyler Hinchliffe.

Dawson said he reached an agreement this morning with Gaylord Zellers of Columbiana, former superintendent replaced by Hinchliffe. Zellers expects to enter the hospital soon, but will be given a job in the Highway Department when he is able to return, Dawson said.

The leading mental disease in the United States is said to be schizophrenia, according to the Encyclopaedia Britannica.

Chester Driver Fined For Lack Of Licenses

Failure to obtain both state and city driver's licenses cost a Chester woman $25 and costs on each charge when she appeared Saturday before Mayor Harold Ash.

Opal Barnhart of Lycia Ave. was cited recently by Patrolman Robert Laughlin.

Mayor Ash said that despite repeated warnings some residents still have neglected to purchase the required licenses.

Ursu, Applegate Again Work For County Engineer

LISBON — George Ursu of Salem and Larry Applegate of East Liverpool returned to work Monday for County Engineer Bert A. Dawson, who discharged them on taking office the first of the month.

Ursu, a brother of John Ursu, the former county engineer, will resume the rural house - numbering project, while Applegate will work for the county Highway Department as assigned by Supt. Eyler Hinchliffe.

Dawson said he reached an agreement this morning with Gaylord Zellers of Columbiana, former superintendent replaced by Hinchliffe. Zellers expects to enter the hospital soon, but will be given a job in the Highway Department when he is able to return, Dawson said.

The leading mental disease in the United States is said to be schizophrenia, according to the Encyclopaedia Britannica.

U.S. Government's Pueblo Role

An odd thing about the Navy's inference that USS Pueblo Cmdr. Lloyd Bucher may face a court martial for violation of military law for his actions in the capture of the ship by North Korea, is a striking similarity between his actions and those of the U.S. government in the incident.

When Cmdr. Bucher was faced with the prospect of being boarded by North Koreans he submitted rather than see his crew slaughtered and risk a world-reverberating military retaliation by the United States.

The Pueblo skipper again reacted in a manner disliked by the Navy brass when he signed a "confession" after suffering extremental anguish and physical abuse at the hands of the North Koreans who threatened to kill his crewmen one by one.

AND HOW DID the U.S. government react when confronted by similar situations?

After the intelligence ship was seized and headed for the North Korean port of Wonsan, the U.S. government had the option of getting it back militarily or diplomatically.

The latter was chosen as the best course of action because any other action would endanger the lives of the crewmen. In the official words of Clark Clifford, secretary of defense, ". . .if one will analyze those courses of action (military options), none of those get our men back and the Presindent would very much like to get these 83 Americans out of the hands of the North Koreans."

The U. S. government was interested in the lives of the Pueblo crewmen which coincides perfectly with the thinking of Cmdr. Bucher.

And how was the release of the captives finally achieved? The U. S. government signed a "confession" it repudiated before taking pen in hand. Signing a false document was adjudged the best way out of a sticky situation—a philosophy ascribed to by Cmdr. Bucher.

If a defense of government conduct in the Pueblo affair is based on proposition it reacted as best it could under conditions thrust upon it by events beyond its control (such as surrender of the ship), then Cmdr. Bucher can defend his role by the same reasoning.

HE WAS SENT on a spy mission without adequate weaponry to fight off boarders, without adequate air support, without proper equipment to destroy secret electronic appratus and without orders on what course of action to follow in case of specific emergencies.

As far as is publicly known he was left to follow his own inclination and conscience in case of trouble. He did so and now is suspect.

How can the Navy court martial Cmdr. Bucher without condemning its commander in chief who committed the same "crimes"?

Bailey's Guidance

A familiar figure in Columbiana and in county education circles has revealed he is ending his school career.

D. W. Bailey, superintendent of schools at Columbiana for 17 years and a veteran of 37 years in public education, will retire in July, planning to travel then to settle down in a new home in Union County.

Bailey has been a capable administrator, a respected member of the community and active in various civic endeavors, including the Boy Scouts in which he received the Silver Beaver award.

Those who have looked to him for guidance and inspiration regret his departure, and wish him and his wife many happy years of relaxed enjoyment.

The Search For Credibility

President Nixon is moving to bridge the credibility gap that separates Washington from the American people.

He has halted the awarding of new Pacific airline routes to various companies, some of which employ former members of the Johnson administration.

IN A RELATED ACTION, the Nixon administration is investigating the awarding of a $25.2 million grant that will benefit the Illinois Central Railroad.

It has been announced that Alan S. Boyd, who was secretary of the Department of Transportation until a week ago, will assume the duties of president of the railroad April 1 at an annual salary of $95,000.

President Nixon will be accused of playing partisan politics and, indeed, the transactions may turn out to be legitimate. But there is justification for the investigations. If the administration's suspicions are unfounded, then the air is clear. If some manipulation turns up then that needs to be straightened out, too.

Mr. Nixon requested the Civil Aeronautics Board (CAB) to hold up awarding of the Trans-Pacific air routes approved Dec 19 until he reviewed circumstances surrounding the case.

The $25.2-million grant will actually go to the Chicago South Suburban Mass Transit Authority, a public agency, which will buy 130 double-deck electric commuter cars for subsequent leasing to the Illinois Central Railroad, a private entity. After 25 years, the cars will belong to the railroad.

PRESIDENT NIXON'S concern over conflict of interest and favoritism charges is understandable. One of the goals of his administration is to restore faith in governmental operations.

He has taken a step in that direction. In so doing, he has established a precident the American public will expect him to follow if charges involving members of his own administration come up later.

Only honest, straightforward action will resurrect credibility in Washington.

Computer On The Blink

People in government do not have a corner on the waste and carelessness market — computers get in on the act, too.

General Accounting Office (GAO) investigators have uncovered a government payroll computer in the Department of Health, Education and Welfare that cranked out checks to people who had resigned two years earlier, who were on leave and some who were not on the payroll.

Auditors estimated that year-end tax withholding statements issued by the computer was in error by about $4 million.

The wayward computer also blinked its lights and dispensed 33,154 savings bonds to people who didn't buy them. Luckily the $1,605,000 bond error was detected in time and the bonds returned.

A repairman with the right tools and know-how can get the computer back on the beam and everything will be humming along in fine shape.

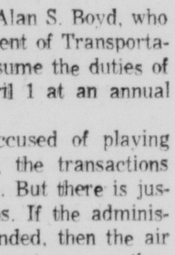

Now, if we could figure out some way to get rid of the human practices of waste, graft and mismanagement in government we would really be on our way toward federal fiscal respectability.

An Open Letter

By Art Buchwald

Dear President Nixon,

This will be the first of many letters I will write to you in the next four years telling you how to run the country. You'll be very happy to hear that there is no charge for this advice as I feel it's my duty as a loyal American to help the President solve the many problems of the day.

Art Buchwald

Now the first thing, Mr. President, I think you're going to have to stop is the jokes. I watched you on television making the rounds of the inaugural balls last week, and while I chuckled as much as you did at everything you had to say, my fear is that you can't keep up that high pace of humor and also perform the duties of President of the United States.

THE TROUBLE with being President and using witty lines is that by the third time you've told them everyone in the country has heard them, and you get to sound like a recorded announcement.

I'm not saying you shouldn't have humor in your administration, because heaven knows the country needs a laugh, but I think you could turn this problem over to your vice president, Mr. Agnew, or if worse comes to worst your secretary of the interior, Walter Hickel.

As a matter of fact, there are many people in Washington, including Congress, the Supreme Court and the Pentagon, who can provide the laughs for this country, without you having to work on your own humor.

IT'S A STRAIN to come up with quips every day, and while there is no doubt in my mind that you could do it, I don't want you to feel you have to. Warren Harding and Calvin Coolidge did tremendous jobs as presidents, and I doubt if you'll find six humorous things either one of them said that people are still quoting.

I must admit you had a few beauts on inaugural night. That one about Spiro Agnew marrying above himself was a rib-tickler, and the one about former President Eisenhower saying he was glad he called you the night before the inauguration so he could still call you "Dick" was a beaut, and the one about someone giving you the key to the White House and you thought you better go there was good enough for Laugh-In.

The only one I didn't understand was the joke about Guy Lombardo. You said at the Smithsonian that you and Pat had danced to Guy Lombardo's orchestra on VJ night, and you hoped Guy Lombardo would still be playing when the next war ended.

I started to laugh at that one and then I got pretty shaken. Mr. President, do you know something we don't know?

I KNOW IT'S GRATUITOUS for me to discuss your humor with you, but I thought if I mentioned it now, it might save you time later on. No one can come up with as many good one-liners as you did on inaugural night and keep it up for four years.

I've talked it over with my colleagues, Russ Baker, Art Hoppe, Herblock, Bill Mauldin, Paul Conrad and many other people in the political humor business and we all agreed that you should be spared the problem of entertaining us while running the country. To paraphrase the Greyhound Bus advertisement: "Go Air Force One and leave the joking to us."

Sincerely,
A. B.

P.S. How could Guy Lombardo still be playing after the next war?

Suddenly, It's Spring

VICTOR RIESEL

Mass Thefts In OEO Funds

WASHINGTON — This is indeed a new twist in the fight on poverty. Obviously one of the O's in OEO must stand for Oliver.

Victor Riesel

Professional administrators in the national poverty headquarters actually are asking for more millions, especially for those massive projects—components, they call them—from which millions of dollars have been looted, mislead, mismanagement, paid to ghost workers on ghost payrolls at imaginary sites.

One of those looted projects which should have been helping the poor, the hungry, the despondent, is the Neighborhood Youth Corps and its "component," the "In-School" program. Instead of helping the poor, many professional cadres helped themselves.

And now we learn that the OEO directors want $20.1 million more in the next budget for the youth campaign. Of this, some $12 million will go for the "In-School" project.

This is $20.1 million more for but one of scores of projects which will be part of an overall requested antipoverty budget increase of some $232 million for the coming fiscal year.

-:-

THE REQUEST FOR more funds, passed on via Lyndon Johnson's budgetary proposals, comes at a moment when the FBI, the General Accounting Office, the Justice Dept., the Labor Dept., the OEO's own inspection service, the House Education and Labor Committee, the McClellan Senate racket-probing subcommittee and sundry regional U.S. attorneys are probing the entire massive antipoverty maze—especially the Neighborhood Youth Corps and the "In-School" operaton.

This bid for more millions comes at a time when President Nixon's own urban affairs adviser, Daniel Patrick Moynihan, is intensely disturbed over the looting and mismanagement.

Pat Moynihan is no silent or immobile brooder. He is trying to move. But before he does, he is trying to get some measure, some picture, some analysis of the scope of the millions taken from families now living in ghost town sections of the big cities. Go look at these areas. They literally have streets as abandoned as an old gold dust town where the mother lode ran out.

What disturbs him most are reports that the government itself had "to buy the cool" in some cities. Certain administrators had to be appointed at anywhere from $18,000 to $30,000 annually "to permit" the poverty program, or youth corps, or job training, to "get in." The word is that feuding over this "cool" money led to the recent Boston shoot-out.

-:-

IT IS TRAGIC that now the evidence of thievery is so mountainous, the OEO people here are on the defensive. For every exposure of looting, the OEO publicists counter with charges that the investigators are attempting to impale the poor. Let it be noted that most of the OEO people are newcomers to the fight on poverty. Some of us have been in the nitty-gritty of hunger for a long time.

The looting could have been caulked easily. It all began in New York some four years ago when $500,000 disappeared. But the dogmatists —not realizing every dogma has its day— howled down those who truly attempted to channel every penny to the needy.

For over 16 months, for example, such members of the House of Representatives Education and Labor Committee as William Ayres of Ohio and William Steiger of Wisconsin have been urging committee chairman Carl Perkins to send staff investigators into New York, Detroit, Philadelphia, Cleveland, Des Moines, Sacramento, Los Angeles, Boston, New Haven and Oakland.

-:-

THIS COMMITTEE has the specific responsibility for "legislative oversight"—the monitoring of these antipoverty and training programs.

Yet not until last Wednesday night, Jan. 22nd, did two committeee probers check in at New York's Hotel Commodore. They had been held in leash until the scandals spurted all over the big cities.

Across the nation in the Los Angeles area the same story, though on a lesser scale, can be reported as a result of the General Accounting Office probe of the Neighborhood Youth Corps and the McClellan committee's still guarded investigations. Apparently there are ghost payrolls and no real evidence that adequate services has been performed for money paid, etc., etc., according to the U.S. Comptroller General.

The GAO's ace auditors found the Detroit "In-School" program quite irregular. Youths were being paid for attending school—though they were absent, etc., etc.

Thus it goes in city after city. The money goes in big blocks—$500,000, or a third of a million, or an attempt to move a million to a Swiss bank, etc., etc.

And yet the OEO people are asking for more appropriations. They might at least have had the docorum to wait until the scandals were buried.

DAVID LAWRENCE

The Value Of The Cabinet

Now that inauguration festivities are over, the unspectacular, though important, operations of the government have been resumed. The new President, with his 12-member Cabinet confirmed by the Senate, can concentrate on the problems left behind by the preceding administration.

The handling of the many complex issues that confront the executive branch of the government today is hard to describe to the American people. Much of it wouldn't interest them as the subjects are technical in nature.

ONE OF THE HANDICAPS to American government is that there is a constant pressure from the outside for certain kinds of information, even though a policy might not be fully developed or a negotiation might be hampered by making details public too soon.

The American people are entitled to know what is going on in their government. It has long been argued, however, that this should not justify disclosure in the midst of the study of a crucial plan or, in the case of international negotiations, before the response of another government has been obtained. Diplomacy requires that most matters remain confidential, at least until decisions have been made. But "leaks occur, and many a worthwhile objective is frustrated because of premature publicity.

President Nixon has a Cabinet of able men. Other presidents have had cabinet officers of the same caliber. But the most important thing is how the chief executive delegates tasks to his Cabinet, and whether he depends upon them for advice on the subjects which require his own decision.

There was a time when Cabinet meetings were told twice a week. But today a whole echelon of advisers has been interposed between the White House and the heads of the various departments. This process has been expanded in recent years as government has been enlarged. Also, many special agencies or commissions have had to be created to give attention to problems to which the major departments could not devote the necessary time.

There have been relatively few Cabinet meetings in the last eight years. The tendency has been for the president to consult the staff of advisers who are at his elbow in the executive offices. The members of this group are not subject to confirmation by the Senate.

The Cabinet secretaries usually are inclined to spend most of their time on the programs of their respective departments. But a president would be benefited by more frequent Cabinet meetings because this would afford him an opportunity to get viewpoints which might indeed reflect the trends of public opinion, too.

It would be even better if the Cabinet officers could spend more of their time on over-all policies, including those outside their respective departments. This could be done if a general manager were appointed for each department — a career official who could continue to serve whether or not he had come into office while another party was in power.

WHEN THE PRESIDENT gets all the information from his specialists, as well as their suggestions as to what policy should be followed, it would be helpful to him if he placed highly important questions before the Cabinet as a whole for discussion. Each of the secretaries would at least have a general idea of what the impact might be if certain policies, both domestic and foreign, were adopted.

In any event, there would be less risk than is the case with one-man government. For even though the staff advisers gather the necessary information for the president, and they are sensitive to the wishes of the American people, there is an advantage when the president consults other members of his official family before making decisions.

The British and Canadian parliamentary systems operate with a cabinet that has a direct responsibility to the people. The prime minister does not make decisions by himself. Although the Cabinet officers in our government are not members of Congress, their appointments have been confirmed by the Senate and they have a responsibility to the public as well as to the president.

If the custom of holding Cabinet meetings twice a week were restored and if all viewpoints were presented, there is no doubt that the chief executive would be greatly helped in reaching correct decisions. The country would benefit by the practice.

U.S. Government's Pueblo Role

An odd thing about the Navy's inference that USS Pueblo Cmdr. Lloyd Bucher may face a court martial for violation of military law for his actions in the capture of the ship by North Korea, is a striking similarity between his actions and those of the U.S. government in the incident.

When Cmdr. Bucher was faced with the prospect of being boarded by North Koreans he submitted rather than see his crew slaughtered and risk a world-reverberating military retaliation by the United States.

The Pueblo skipper again reacted in a manner disliked by the Navy brass when he signed a "confession" after suffering extremental anguish and physical abuse at the hands of the North Koreans who threatened to kill his crewmen one by one.

AND HOW DID the U.S. government react when confronted by similar situations?

After the intelligence ship was seized and headed for the North Korean port of Wonsan, the U.S. government had the option of getting it back militarily or diplomatically.

The latter was chosen as the best course of action because any other action would endanger the lives of the crewmen. In the official words of Clark Clifford, secretary of defense, ". . .if one will analyze those courses of action (military options), none of those get our men back and the Presindent would very much like to get these 83 Americans out of the hands of the North Koreans."

The U. S. government was interested in the lives of the Pueblo crewmen which coincides perfectly with the thinking of Cmdr. Bucher.

And how was the release of the captives finally achieved? The U. S. government signed a "confession" it repudiated before taking pen in hand. Signing a false document was adjudged the best way out of a sticky situation—a philosophy ascribed to by Cmdr. Bucher.

If a defense of government conduct in the Pueblo affair is based on proposition it reacted as best it could under conditions thrust upon it by events beyond its control (such as surrender of the ship), then Cmdr. Bucher can defend his role by the same reasoning.

HE WAS SENT on a spy mission without adequate weaponry to fight off boarders, without adequate air support, without proper equipment to destroy secret electronic appratus and without orders on what course of action to follow in case of specific emergencies.

As far as is publicly known he was left to follow his own inclination and conscience in case of trouble. He did so and now is suspect.

How can the Navy court martial Cmdr. Bucher without condemning its commander in chief who committed the same "crimes"?

Bailey's Guidance

A familiar figure in Columbiana and in county education circles has revealed he is ending his school career.

D. W. Bailey, superintendent of schools at Columbiana for 17 years and a veteran of 37 years in public education, will retire in July, planning to travel then to settle down in a new home in Union County.

Bailey has been a capable administrator, a respected member of the community and active in various civic endeavors, including the Boy Scouts in which he received the Silver Beaver award.

Those who have looked to him for guidance and inspiration regret his departure, and wish him and his wife many happy years of relaxed enjoyment.

The Search For Credibility

President Nixon is moving to bridge the credibility gap that separates Washington from the American people.

He has halted the awarding of new Pacific airline routes to various companies, some of which employ former members of the Johnson administration.

IN A RELATED ACTION, the Nixon administration is investigating the awarding of a $25.2 million grant that will benefit the Illinois Central Railroad.

It has been announced that Alan S. Boyd, who was secretary of the Department of Transportation until a week ago, will assume the duties of president of the railroad April 1 at an annual salary of $95,000.

President Nixon will be accused of playing partisan politics and, indeed, the transactions may turn out to be legitimate. But there is justification for the investigations. If the administration's suspicions are unfounded, then the air is clear. If some manipulation turns up then that needs to be straightened out, too.

Mr. Nixon requested the Civil Aeronautics Board (CAB) to hold up awarding of the Trans-Pacific air routes approved Dec 19 until he reviewed circumstances surrounding the case.

The $25.2-million grant will actually go to the Chicago South Suburban Mass Transit Authority, a public agency, which will buy 130 double-deck electric commuter cars for subsequent leasing to the Illinois Central Railroad, a private entity. After 25 years, the cars will belong to the railroad.

PRESIDENT NIXON'S concern over conflict of interest and favoritism charges is understandable. One of the goals of his administration is to restore faith in governmental operations.

He has taken a step in that direction. In so doing, he has established a precident the American public will expect him to follow if charges involving members of his own administration come up later.

Only honest, straightforward action will resurrect credibility in Washington.

Computer On The Blink

People in government do not have a corner on the waste and carelessness market — computers get in on the act, too.

General Accounting Office (GAO) investigators have uncovered a government payroll computer in the Department of Health, Education and Welfare that cranked out checks to people who had resigned two years earlier, who were on leave and some who were not on the payroll.

Auditors estimated that year-end tax withholding statements issued by the computer was in error by about $4 million.

The wayward computer also blinked its lights and dispensed 33,154 savings bonds to people who didn't buy them. Luckily the $1,605,000 bond error was detected in time and the bonds returned.

A repairman with the right tools and know-how can get the computer back on the beam and everything will be humming along in fine shape.

Now, if we could figure out some way to get rid of the human practices of waste, graft and mismanagement in government we would really be on our way toward federal fiscal respectability.

An Open Letter

By Art Buchwald

Dear President Nixon,

This will be the first of many letters I will write to you in the next four years telling you how to run the country. You'll be very happy to hear that there is no charge for this advice as I feel it's my duty as a loyal American to help the President solve the many problems of the day.

Art Buchwald

Now the first thing, Mr. President, I think you're going to have to stop is the jokes. I watched you on television making the rounds of the inaugural balls last week, and while I chuckled as much as you did at everything you had to say, my fear is that you can't keep up that high pace of humor and also perform the duties of President of the United States.

THE TROUBLE with being President and using witty lines is that by the third time you've told them everyone in the country has heard them and you get to sound like a recorded announcement.

I'm not saying you shouldn't have humor in your administration, because heaven knows the country needs a laugh, but I think you could turn this problem over to your vice president, Mr. Agnew, or if worse comes to worst your secretary of the interior, Walter Hickel.

As a matter of fact, there are many people in Washington, including Congress, the Supreme Court and the Pentagon, who can provide the laughs for this country, without you having to work on your own humor.

IT'S A STRAIN to come up with quips every day, and while there is no doubt in my mind that you could do it, I don't want you to feel you have to. Warren Harding and Calvin Coolidge did tremendous jobs as presidents, and I doubt if you'll find six humorous things either one of them said that people are still quoting.

I must admit you had a few beauts on inaugural night. That one about Spiro Agnew marrying above himself was a rib-tickler, and the one about former President Eisenhower saying he was glad he called you the night before the inauguration so he could still call you "Dick" was a beaut, and the one about someone giving you the key to the White House and you thought you better go there was good enough for Laugh-In.

The only one I didn't understand was the joke about Guy Lombardo. You said at the Smithsonian that you and Pat had danced to Guy Lombardo's orchestra on VJ night, and you hoped Guy Lombardo would still be playing when the next war ended.

I started to laugh at that one and then I got pretty shaken. Mr. President, do you know something we don't know?

I KNOW IT'S GRATUITOUS for me to discuss your humor with you, but I thought if I mentioned it now, it might save you time later on. No one can come up with as many good one-liners as you did on inaugural night and keep it up for four years.

I've talked it over with my colleagues, Russ Baker, Art Hoppe, Herblock, Bill Mauldin, Paul Conrad and many other people in the political humor business and we all agreed that you should be spared the problem of entertaining us while running the country. To paraphrase the Greyhound Bus advertisement: "Go Air Force One and leave the joking to us."

Sincerely,
A. B.

P.S. How could Guy Lombardo still be playing after the next war?

Suddenly, It's Spring

Mass Thefts In OEO Funds

WASHINGTON — This is indeed a new twist in the fight on poverty. Obviously one of the O's in OEO must stand for Oliver.

Professional administrators in the national poverty headquarters actually are asking for more millions, especially for those massive projects—components, they call them—from which millions of dollars have been looted, mislead, mismanagement, paid to ghost workers on ghost payrolls at imaginary sites.

Victor Riesel

One of those looted projects which should have been helping the poor, the hungry, the despondent, is the Neighborhood Youth Corps and its "component," the "In-School" program. Instead of helping the poor, many professional cadres helped themselves.

And now we learn that the OEO directors want $20.1 million more in the next budget for the youth campaign. Of this, some $12 million will go for the "In-School" project.

This is $20.1 million more for but one of scores of projects which will be part of an overall requested antipoverty budget increase of some $232 million for the coming fiscal year.

-:-

THE REQUEST FOR more funds, passed on via Lyndon Johnson's budgetary proposals, comes at a moment when the FBI, the General Accounting Office, the Justice Dept., the Labor Dept., the OEO's own inspection service, the House Education and Labor Committee, the McClellan Senate racket-probing subcommittee and sundry regional U.S. attorneys are probing the entire massive antipoverty maze—especially the Neighborhood Youth Corps and the "In-School" operaton.

This bid for more millions comes at a time when President Nixon's own urban affairs adviser, Daniel Patrick Moynihan, is intensely disturbed over the looting and mismanagement.

Pat Moynihan is no silent or immobile brooder. He is trying to move. But before he does, he is trying to get some measure, some picture, some analysis of the scope of the millions taken from families now living in ghost town sections of the big cities. Go look at these areas. They literally have streets as abandoned as an old gold dust town where the mother lode ran out.

What disturbs him most are reports that the government itself had "to buy the cool" in some cities. Certain administrators had to be appointed at anywhere from $18,000 to $30,000 annually "to permit" the poverty program, or youth corps, or job training, to "get in." The word is that feuding over this "cool" money led to the recent Boston shoot-out.

-:-

IT IS TRAGIC that now the evidence of thievery is so mountainous, the OEO people here are on the defensive. For every exposure of looting, the OEO publicists counter with charges that the investigators are attempting to impale the poor. Let it be noted that most of the OEO people are newcomers to the fight on poverty. Some of us have been in the nitty-gritty of hunger for a long time.

The looting could have been caulked easily. It all began in New York some four years ago when $500,000 disappeared. But the dogmatists —not realizing every dogma has its day— howled down those who truly attempted to channel every penny to the needy.

For over 16 months, for example, such members of the House of Representatives Education and Labor Committee as William Ayres of Ohio and William Steiger of Wisconsin have been urging committee chairman Carl Perkins to send staff investigators into New York, Detroit, Philadelphia, Cleveland, Des Moines, Sacramento, Los Angeles, Boston, New Haven and Oakland.

-:-

THIS COMMITTEE has the specific responsibility for "legislative oversight"—the monitoring of these antipoverty and training programs.

Yet not until last Wednesday night, Jan. 22nd, did two committeee probers check in at New York's Hotel Commodore. They had been held in leash until the scandals spurted all over the big cities.

Across the nation in the Los Angeles area the same story, though on a lesser scale, can be reported as a result of the General Accounting Office probe of the Neighborhood Youth Corps and the McClellan committee's still guarded investigations. Apparently there are ghost payrolls and no real evidence that adequate services has been performed for money paid, etc., etc., according to the U.S. Comptroller General.

The GAO's ace auditors found the Detroit "In-School" program quite irregular. Youths were being paid for attending school—though they were absent, etc., etc.

Thus it goes in city after city. The money goes in big blocks—$500,000, or a third of a million, or an attempt to move a million to a Swiss bank, etc., etc.

And yet the OEO people are asking for more appropriations. They might at least have had the docorum to wait until the scandals were buried.

Thoughts

"If you have built castles in the air, your work need not be lost; that is where they should be. Now put foundations under them."—Henry David Thoreau, American naturalist.

"The poor man is not he who is without a cent, but he who is without a dream."—Harry Kemp, American writer, poet and vagabond.

"For the needy shall not always be forgotten, and the hope of the poor shall not perish for ever."—Psalms 9:18.

Berry's World

"Well, comrade thanks to you, we will still be the first to put a man ON the moon. Of course, taking a man OFF the moon — that's something else!"

The Value Of The Cabinet

Now that inauguration festivities are over, the unspectacular, though important, operations of the government have been resumed. The new President, with his 12-member Cabinet confirmed by the Senate, can concentrate on the problems left behind by the preceding administration.

The handling of the many complex issues that confront the executive branch of the government today is hard to describe to the American people. Much of it wouldn't interest them as the subjects are technical in nature.

ONE OF THE HANDICAPS to American government is that there is a constant pressure from the outside for certain kinds of information, even though a policy might not be fully developed or a negotiation might be hampered by making details public too soon.

The American people are entitled to know what is going on in their government. It has long been argued, however, that this should not justify disclosure in the midst of the study of a crucial plan or, in the case of international negotiations, before the response of another government has been obtained. Diplomacy requires that most matters remain confidential, at least until decisions have been made. But "leaks occur, and many a worthwhile objective is frustrated because of premature publicity.

President Nixon has a Cabinet of able men. Other presidents have had cabinet officers of the same caliber. But the most important thing is how the chief executive delegates tasks to his Cabinet, and whether he depends upon them for advice on the subjects which require his own decision.

There was a time when Cabinet meetings were told twice a week. But today a whole echelon of advisers has been interposed between the White House and the heads of the various departments. This process has been expanded in recent years as government has been enlarged. Also, many special agencies or commissions have had to be created to give attention to problems to which the major departments could not devote the necessary time.

There have been relatively few Cabinet meetings in the last eight years. The tendency has been for the president to consult the staff of advisers who are at his elbow in the executive offices. The members of this group are not subject to confirmation by the Senate.

The Cabinet secretaries usually are inclined to spend most of their time on the programs of their respective departments. But a president would be benefited by more frequent Cabinet meetings because this would afford him an opportunity to get viewpoints which might indeed reflect the trends of public opinion, too.

It would be even better if the Cabinet officers could spend more of their time on over-all policies, including those outside their respective departments. This could be done if a general manager were appointed for each department — a career official who could continue to serve whether or not he had come into office while another party was in power.

WHEN THE PRESIDENT gets all the information from his specialists, as well as their suggestions as to what policy should be followed, it would be helpful to him if he placed highly important questions before the Cabinet as a whole for discussion. Each of the secretaries would at least have a general idea of what the impact might be if certain policies, both domestic and foreign, were adopted.

In any event, there would be less risk than is the case with one-man government. For even though the staff advisers gather the necessary information for the president, and they are sensitive to the wishes of the American people, there is an advantage when the president consults other members of his official family before making decisions.

The British and Canadian parliamentary systems operate with a cabinet that has a direct responsibility to the people. The prime minister does not make decisions by himself. Although the Cabinet officers in our government are not members of Congress, their appointments have been confirmed by the Senate and they have a responsibility to the public as well as to the president.

If the custom of holding Cabinet meetings twice a week were restored and if all viewpoints were presented, there is no doubt that the chief executive would be greatly helped in reaching correct decisions. The country would benefit by the practice.

Through The Years

THIRTY YEARS AGO — The state - owned East Liverpool - Chester bridge showed a net profit of $49,241 for the last three months of 1938.

TWENTY YEARS AGO — Ensign James N. Jameson of St. Clair Ave. left for the Pensacola (Fla.) Naval Air Station to train as a Navy pilot.

TEN YEARS AGO — Robert C. Dorsey of Annesley Rd., Glenmoor, was elected president of Zeta Chapter of Sigma Pi fraternity at Ohio Northern University, Ada, where he was a junior.

Robert W. House of Wellsville received a doctor of philosophy degree in electrical engineering at Pennsylvania State University.

Tip For Frying Chicken

DEAR HELOISE: When I fry chicken, I find that I can make it look a rich golden brown by sprinkling it with paprika AFTER rolling it in flour and BEFORE frying it in the oil! It turns out real pretty!

You angel! Why haven't you told us about this before? I tested it, and it's absolutely number one.

I also found a way to get an even spread of color. I mixed a teaspoon or so of paprika in the flour itself, dumped it all in a sack, and shook the sack up real good. Then I put the chicken in the flour and got a luscious uniform color.

I had baked chicken last night and used your paprika, love, and it was beautiful.

HELOISE.

DEAR HELOISE: I have two lamp stands that are silver and the lacquer covering has turned yellowish in color. Does anyone know some way to remove this lacquer? I have it on more than one type of metal.

MRS. CHARLES O'BRIEN.

Come on now, gals . . . if you know how to remove this lacquer yourself (that means without taking it to a professional), tell us how.

I am sure Mrs. O'Brien will answer one of your questions some day when you have a problem. Just write to me in care of this newspaper. And remember, your letter does not have to be signed to appear in this column. The important thing is that we are helping each other.

LOVE ALWAYS, HELOISE.

DEAR HELOISE: You know the tape you can see in the dark that people put on their car bumpers? Try putting a piece of it on the lower edge of your bedroom furniture . . . down near the floor.

It won't show at all in the daytime, but is great at night when you don't want to turn on the lights for fear of waking your husband or baby. Saves many a skinned toe, too, Heloise.

BARBARA.

DEAR HELOISE: For ladies who have rough kitchen shears . . .

Take them to a barber supply house where a first-class grinder is employed. The scisors can be polished and ground and this will remove the rust.

After this is done, you should always spread salad oil over the cutting edges and blades every time they are used . . . then dry them.

Household, barber, and tailor shears should be treated with sewing machine oil. I use 10 or 12 drops on the blades along the cutting edges and then wipe off with facial tissues The oil makes them cut smoother, wear longer, and prevents rust.

EDWARD H. STEVENS.

DEAR HELOISE: I am forever finding myself with apron pockets filled to overflowing with clothespins on washday . . . and usually the pockets are small and awkward to reach into.

I made a laundry and cleaning apron by gathering a piece of material onto a band, sewing a LARGE pocket at an ANGLE on each side where my hands could just slip into them. I find this position enables me to reach into the pockets more easily.

At the bottom of one pocket, I placed a much smaller pocket for safety pins, buttons, etc., which usually accumulate during washday.

These aprons are also handy on cleaning days if one "sorts" the odds and ends picked up throughout the house and puts them in the apron pockets as they go ALONG.

ZORA FLOREK.

DEAR HELOISE: One of my neighbors who has children older than ours . . . . turns on the TV but also turns OFF the sound.

The children act out the stories on TV, choosing their parts and trying to keep up with the real actors! It's really fun, just as wonderful as your column

Other families might try this and see what their children come out with.

Couple Takes Over Furniture Business

LISBON — Robert and Marie Leggett of W. Lincoln Way announce the purchase of Rogers Furniture Shop at 120 S. Market St. from Charles R. McCormick of Lisbon RD 4.

The new owners began operating the store Monday.

McCormick, who worked in the store since World War II and became owner in 1960, will be associated with Dan Myers, local broker.

The name "Mardi Gras" originated in France, where Shrove Tuesday, the day before Ash Wednesday, was a day to dine on "the fat of the land." Mardi means Tuesday and gras means fat.

'Queen' Honored As Citizens Meet

A corsage was presented Mrs. Nancy Thomas, "Queen for the Day," when the Wellsville Senior Citizens Club met Friday afternoon in the First United Methodist Church.

Mrs. Anna Mursch, vice president, presided in the absence of Mrs. Bertha Reed, president.

Readings were given by L. P. Perry and Mrs. Ella Broderick. Two original poems were presented by Mrs. Florence Wilkinson. Visitors were welcomed by Mrs. Myrtle Deshler.

Games were played following the meeting.

Lunch was served 15 members and guests by Mrs. Broderick and Mrs. Gertrude Wilkinson.

It's not your accident...
but you are involved

It happens so often it's easy to shrug it off as just another accident. But you can't shrug off the fact that you are involved. You—and hundreds of other car owners—will help pay for the loss.

Accidents are what your auto insurance premiums pay for. And if you're concerned about the cost of auto insurance you can't ignore the fact that accidents on Ohio's streets and highways are increasing . . . increasing faster than the number of drivers among whom those costs must be spread. Everyone's share of the total loss gets bigger.

Reportable traffic accidents in Ohio increased by 41% between 1962 and 1967—the last year for which complete figures are available. In 1967 alone, in this state, they caused 2,533 deaths, 118,060 known injuries, and more than $165,000,000 in property damage. The accident trend is still up.

When accidents happen, auto insurance protects the victim against serious economic loss. Nothing more. It can't prevent an accident, mend a broken bone, or fix a fender. It only helps pay the bills—with the premium dollars provided by thousands of other motorists.

These bills—the cost of auto repairs and medical attention—are getting more numerous. And they're getting higher. Much higher. And this is what your premium dollars are used for: to repair damaged cars and repair damaged people.

These are reasons why the cost of auto insurance has been going up. And let's be frank: the cost of auto insurance will continue to go up as long as present accident trends continue, and as long as the cost of auto repairs and medical services continue to rise.

What can you do about it? Well, there isn't much you can do personally about inflation. But there is something you can do about accidents. Safer cars and better highways can help, but what we really need is better and safer drivers. Be one . . . but don't let it go at that. Perhaps the most important thing you can do is to insist on strict and aggressive enforcement of the laws that regulate driving and the right to drive. Our police are dedicated to traffic law enforcement, and they need your support.

Keep it in mind: whenever and wherever an accident happens, you are involved. It shows up in the amount of your insurance premium.

OHIO'S BOX SCORE

Couple Takes Over Furniture Business

LISBON — Robert and Marie Leggett of W. Lincoln Way announce the purchase of Rogers Furniture Shop at 120 S. Market St. from Charles R. McCormick of Lisbon RD 4.

The new owners began operating the store Monday.

McCormick, who worked in the store since World War II and became owner in 1960, will be associated with Dan Myers, local broker.

The name "Mardi Gras" originated in France, where Shrove Tuesday, the day before Ash Wednesday, was a day to dine on "the fat of the land." Mardi means Tuesday and gras means fat.

It's not your accident... but you are involved

It happens so often it's easy to shrug it off as just another accident. But you can't shrug off the fact that you are involved. You—and hundreds of other car owners—will help pay for the loss.

Accidents are what your auto insurance premiums pay for. And if you're concerned about the cost of auto insurance you can't ignore the fact that accidents on Ohio's streets and highways are increasing . . . increasing faster than the number of drivers among whom those costs must be spread. Everyone's share of the total loss gets bigger.

Reportable traffic accidents in Ohio increased by 41% between 1962 and 1967—the last year for which complete figures are available. In 1967 alone, in this state, they caused 2,533 deaths, 118,060 known injuries, and more than $165,000,000 in property damage. The accident trend is still up.

When accidents happen, auto insurance protects the victim against serious economic loss. Nothing more. It can't prevent an accident, mend a broken bone, or fix a fender. It only helps pay the bills—with the premium dollars provided by thousands of other motorists.

These bills—the cost of auto repairs and medical attention—are getting more numerous. And they're getting higher. Much higher. And this is what your premium dollars are used for: to repair damaged cars and repair damaged people.

These are reasons why the cost of auto insurance has been going up. And let's be frank: the cost of auto insurance will continue to go up as long as present accident trends continue, and as long as the cost of auto repairs and medical services continue to rise.

What can you do about it? Well, there isn't much you can do personally about inflation. But there is something you can do about accidents. Safer cars and better highways can help, but what we really need is better and safer drivers. Be one . . . but don't let it go at that. Perhaps the most important thing you can do is to insist on strict and aggressive enforcement of the laws that regulate driving and the right to drive. Our police are dedicated to traffic law enforcement, and they need your support.

Keep it in mind: whenever and wherever an accident happens, you are involved. It shows up in the amount of your insurance premium.

During Annual Meeting Monday

New Officers Are Named At Resource Center Here

Mrs. Lucy Jackson was elected president of the Community Resource Center during the annual meeting Monday night at the former Garfield School building in East End.

Mrs. Jackson is an out-reach worker and also serves as maintenance supervisor.

Others named were Caesar Peters, vice president; Mrs. Jeannette Kimbrew, secretary, and Alonzo Spencer, financial secretary.

Newly - elected advisory board members include John Douglas, Mrs. Clara Snyder, James Wallover, Mrs. Catherine Carpenter, Mrs. Kay Waters, Mrs. Carol Pearson and Mrs. Kimbrew. Mrs. Kimbrew also serves the center as office clerk.

—:—

THE NEW board members will serve along with the other members — Thomas Bell, the Rev. Paul Randall, who has been acting chairman, Jeannette Bell, Mrs. Carrie Bell, Charles Boso, Norman Bucher, Mrs. Marjorie Carter, Clyde Christian, Ron Cline, Ed Derr, the Rev. E. H. Harris, Mrs. Jackson, Mrs. Tamara Kelly, Mrs. Rose Keuper, Mrs. Jane Moss, Mrs. Grace Parson, Mrs. Ernestine Peachey, Peters, Mrs. Almeda Smith, Don Smith, Spencer, Mrs. Delores Taylor, Earl Taylor, Miss Helen Welch, Mrs. Magdalene Wyche and Mrs. Kimbrew.

Randall gave a brief history of the center, pointing out the Rev. John R. Skelbred was the first director when it was organized and met at the old Salvation Army building on 3rd St.

"It was organized as a 'war-on-poverty movement' and later moved into the heart of the target area, the former Rogers Building on Mulberry St.," he said.

The city administration then purchased the former Garfield School Building from the East Liverpool board of education, and the move to the new quarters was made in October.

—:—

THE CENTER is using two rooms on the first floor for a day care school and for the "Head Start" program.

At present 12 children attend the day care school. They are children of parents who both work.

Mrs. Mary Irene Scott is in charge of this group and throughout the year there have been 131 served.

Mrs. Anna Pack and Mrs. Savannah Prentice teach the "Head Start" class of 15.

Mrs. Bea Henderson, director of the center, thanked all those who have supported the program.

Mrs. Henderson, appointed in April, began to formulate various activities for the community.

She said, "Groups are welcome to use the center as a meeting place — the center does not belong to Rev. Randall or Bea Henderson — it belongs to you."

Rev. Randall pointed out that with the new Nixon administration in Washington there is uncertainty as to the Office of Economic Opportunity program and suggested that the center become more locally supported.

MRS. LUCY JACKSON, new president of the Community Resource Center, receives congratulations from the Rev. Paul Randall, who has been serving as acting chairman.

"The investment of funds and talent will have to be local," he told the approximately 40 at the meeting.

"The new board of directors and officers will meet to determine the goals and priorities for the new year," he added.

—:—

IN ADDITION to the "Head Start" and day care activities, the center offers lessons or classes in sewing, adult crafts, office skills, youth craft, health guidance, personal development, reading and physical fitness for women. It has assisted in the Camp Fire Girls work, has a library and a homemakers' club.

A room in the basement is being given a "face lifting" and is used as a teen center. It has a table tennis table, a television (not yet hooked up) and record hops are held on Friday and Saturday nights.

Another service the center offers is clothing distribution. Families in need of clothing can come to the quarters and check for articles which suit their needs.

A statistical report of the first year shows the advisory board held 18 meetings, with 287 in attendance, and youth activities numbered 357, with 1,902 participating.

Thirty-four training meetings were held, with 103 attending; 20 meetings of the homemakers' club were held, with 61 participants, and nine meetings on retail selling were held, with 34 participating.

Contacts made by the personnel totaled 1,970, there were 1,420 walk-ins, jobs were secured for 41 and clothing was distributed to 875.

—:—

THE CENTER provides an office where a county welfare worker and a social security worker each meet one day during the week with persons seeking information and help.

Mrs. Henderson said one of the hardest points to get across is that the Center is for both Negroes and whites. The center served about three - fourths Negroes last year, but is open to all low-income families.

Lionel Smith of the county Community Action Agency presented certificates to those who helped the center get established.

The list was long and included the county commissioners, represented by Charles Gause; city officials, represented by Don Eckert; the East Liverpool school board, Samuel W. Brown; the school administration, Supt. Paul Blair; many places of business, church women, several ministers and many other individuals. Crucible Steel of Midland donated office furniture.

Smith also introduced staff members from the CAA office in Lisbon.

Following the business meeting, personnel of the center conducted tours of the building and lunch was served by Mrs. Louise Melvin, Mrs. Jackson, Mrs. Mary Carter and Mrs. Edna Browne.

St. George St. Crash Injures Motorist, 37

Arnel E. Smith, 36, of 117 W. 2nd St. was treated at City Hospital for a laceration of the chin and injuries to the ribs after a collision Monday at 11:11 p.m. on St. George St. 30 feet west of Needham St., police reported.

Smith's 1958 sedan hit a 1965 auto registered to James Savina of 948 St. George St., damaging the front of each vehicle, officers said. Smith told officers he did not know how the crash occured. He said he suffered a pain in his chest and "blacked out."

Meanwhile, Harris C. Hill of 414 Maplewood Ave. told police Monday his 1967 two-door sedan was damaged on the right front fender and bumper by a hit-skip car Friday night while parked on a lot at the high school.

Although the whale is a lung-breathing animal and has no gills, like the fish, it is able to remain under water for hours at a time.

Group Okays New Bylaws

Approval was given new bylaws by the Penova Citizens Band Radio Club at a meeting Sunday night in the clubhouse on Route 45.

Charles McCoy, chairman of the trustees, presented the final reading of the rules and announced the club's books will be checked every three months instead of yearly.

Ralph Coleman began his second year as president. Others assuming their duties were: Ron Wathey, treasurer; Archie Pinkerton, secretary, and Earl Hartford, publicity. Mrs. Alvera Riggs of East Liverpool and Ronald and Evelyn Ross of Mick Rd., Wellsville, were enrolled as members.

Boy Scout Troop 58, sponsored by the club, was complimented for taking care of the hall.

A Valentine dance for members and the public was planned for Feb. 14 at the clubhouse. An orchestra will provide the music.

A coffee break will be held Feb. 23 at the clubhouse.

Final plans were made for the annual jamboree July 20 at New Waterford.

Mrs. Doris Taylor and Mrs. Edna Kerns, co - chiarmen, reported a bake sale held Jan. 18 at Hills "was a success" and announced another will be held Feb. 22. Donations may be turned over to them.

The club will open its hall to all CB'ers of the tri - state area for a "Chit and Chat" meeting every Wednesday.

It was decided that the monthly club paper will not be mailed to members, except those who are shut-in or sick.

The president of the Road Roamers Club reported on its coffee breaks.

A rummage sale to begin March 1 was discussed, with donations to be stored in the hall. A paper drive will be held at housecleaning time. A donaton of $50 was given to Dave Laneve for activities of the club. Mrs. Kerns of Glasgow was appointed a trustee.

Prizes were won by Jim Potts and Harry Hoyt. Lunch was served 35 by Mrs. Wilbert Ewing.

Police Lodge Seats Group At Wellsville

Wlliam J. Telzrow was installed as president of the Fraternal Order of Police Association Lodge 51 of Wellsville during a ceremony Monday night.

Also inducted by Ed James, officer in charge, were Thomas Hanlon, vice president; Aguin Bowling, secretary - treasurer; C. R. Donaldson, three - year trustee; Bernard Ference, two-year trustee, and James Smith, one-year trustee.

Bowling urged that 1969 dues be paid soon.

Al Baldwin, Nick Paletta and Ference were appointed members of a combined installation dinner committee. Appointed to the committee by John B. Hephner, president of Lodge 11 of Wellsville, were Charles Amato, Robert Beresford, James and John McMahon.

The dinner will be held Feb. 28 at 6:30 p. m. in Wellsville's American Legion Post 70.

Appointed to the summer picnic committee by Hephner were Robert Wellington, McMahon, and Dan Gaitland. Plans were discussed to hold two picnics at James Lake on Route 45 near Wellsville.

Chester Church Group Observes Youth Program

The NYPS of the Chester Church of the Nazarene is observing Youth Week, with special services through Sunday.

A banquet will be held Saturday night at the Villa Antone Restaurant in Wellsville.

Wednesday at 7 p.m., prayer and praise services, with essays on the theme "Alive Unto God" will be featured. The Senior and Junior High groups will participate. A duet will be sung by Miss Saundra Corney and Miss Marilyn Fields.

The speaker at the banquet will be Ted Robinson, NYPS president of the East Liverpool First Church and also of the East Liverpool zone of the denomination.

The observance will be climaxed Sunday night with a gathering at the parsonage after evangelistic services at the church. Charles W. Govey, NYPS president, is in charge of the week's program.

Studied By Council

Lisbon Ponders Ambulance Plan

LISBON — Council took under study Monday night three proposals from the Becker Ambulance Co. of Salem for serving Lisbon and Center and Elkrun townships.

This is the area served on an emergency basis for several years by the Lisbon Fire Department, which ended the operation last Sept. 24.

Becker and Lynn Ambulance Service of East Liverpool have been answering area calls since September. The village ambulance has been in the garage, although the Becker firm which sold it to the village last year offered to buy it back after firemen stopped using it.

—:—

BECKER offered three proposals in exchange for an exclusive franchise for two years:

Proposal A — Council would pay Becker a subsidy of $1 per month to provide ambulance service in the subsidy area at the following rates:

Base rate (10 miles, door to hospital door, or one hour), $47.50; emergency call within 30 minutes or if warning lights or siren are used at any time during trip, $5; oxygen, $5; waiting time after first hour, $5 per hour; traveling off pavement, $5; mileage rate after first 10 miles, portal to portal, $1 per mile; after first 100 miles, 85 cents per mile; after first 200 miles, $70 cents per mile.

Return trips, home to X-ray to home in same day, 1½ times standard trip rate; patient will be charged reasonable lodging and meal expenses on trips requiring overnight lodging of crews on the road; calls to auto accidents will be $52.50 per patient; a $5 discount will be honored on ambulance bills paid in full within 15 days.

Proposal B — The village would pay a subsidy of $160 per month. The basic rate under "B" would be $30, while auto accident calls would be $40 per patient. All other charges would be the same as in "A."

Under these two proposals, the communities would be served by ambulance and crews based in Salem.

Under Proposal C calling for a subsidy of $1,300 per month, the firm would keep one ambulance and one man in Lisbon 24 hours a day with a second man on call from Salem. Other ambulances would be dispatched from Salem as needed.

—:—

IN A covering letter, Daniel H. Becker said, "We are a professional ambulance company with a history in Salem since 1967 and in the Youngstown - Struthers area over 70 years."

Becker said his company has cut the subsidy "to the bone."

He itemized total expenses of $1,353 per month — without a second man or any overtime—for labor, ambulance payments, insurance, rent, radio, fuel and maintenance, laundry and supplies, and utilities.

"If we were to run 15 trips a month and average 80 per cent collection (the national average is 70 per cent), we would gross no more than $400 for additional expense and profit," he said.

Mayor Clyde B. Pike referred the proposals to the finance committee.

—:—

CHARLES DUNLAP, owner of Dunlap Disposal Co. of Salem, described a "roll-off" system of garbage and trash collection which he said would replace the dump.

He said it is a large metal box of 40 cubic yard capacity into which residents could dump their refuse. "We would come along, pick up the box, leave and empty and take the full container to the landfill dump we are using," Dunlap said.

He said his company would buy the roll-off boxes and charge $60 per haulaway. The box would have to be dumped about every three weeks, he added. A location for the roll-off container could be decided by Council and Center Township trustees. Council is paying approximately $1,800 per year for the village-township dump. The Ohio Department of Health has given the local governments a grace period to prepare and present plans for changing the dump into a landfill operation to meet requirements of the new solid waste disposal law.

Mayor Pike referred Dunlap's proposal to the utility committee and suggested a joint session with Center Township trustees.

—:—

COUNCIL voted 4 to 2 to remove the parking meters on the north side of E. Chestnut St. Five or six will be used on S. Jefferson and E. Washington Sts. next to Bill's Laundromat, and the others to replace meters which have been damaged or broken off.

Council President Bill Mattix and Charles Webber opposed removal of the 14 meters which are alongside the First United Presbyterian Church and cross from the storeroom which Hillyer's Foodliner vacated last fall.

Mattix and Webber favored buying 18 new meters at approximately $72 each, but were voted down by Willis Coleman, Ray Beers, William Robinson and Larry Evans.

Clerk - Treasurer John Ebert told Council he has been advised returns from real estate taxes will be later than usual this spring. He suggested that the finance committee meet before any big purchases are considered.

At the request of Donald Coleman, operator of the Shell Service station on W. Lincoln Way, Council voted to remove the parking meter in front of the station. He said the meter is a hazard because it blocks the view of motorists pulling from the station.

Council voted to erect "No Parking" signs on the south side of W. Lincoln Way (U.S. Route 30) from the Thomas Rd.-Lincoln Ave. intersection west to the Canton bridge.

After Council adopted an ordinance permitting the Board of Public Affairs to grant salary increases to water and sewer department employes as itemized last month, Street Commissioner Thirl Flugan asked for raises for his crew. Mayor Pike placed the request with the finance committee for study and a report.

Fire Chief W. A. Peters pointed to poor lighting in the fire station garage and the village property committee was ordered to investigate.

Solicitor Joseph Baronzzi said he met with the Board of Public Affairs and Reed McClure, village engineer, regarding bids for the chlorination system at the sewage treatment plant.

The solicitor said he recommends that the board of trustees accept the proposal recommended by the engineer—a $29,077 offer from Rose & Whan of Lisbon.

Girl On Dean's List; Brother Is 'Pledged'

Eleanor Laneve, daughter of Mr. and Mrs. Anthony F. Laneve of 1003 Grant St., Newell, has been named to the dean's list for the first semester at West Liberty State College.

Miss Laneve is a junior in secondary education majoring in Home Economics and Spanish.

Carmen J. Laneve, a son who is a sophomore at West Virginia Institute of Technology, Montgomery, has been pledged to Rho Epsilon Beta fraternity.

Sage, bay leaves and thyme, imported by the Pilgrims, were among the first herbs to flavor American meals.

Alwyn Purinton Given Post With Savings Unit

Alwyn C. Purinton Jr., president of the Potters Saving and Loan Co., has been named a director of the recently - incorporated Ohio Financial Service Corp.

Wayne J. Howsmon of Ashtabula is chairman of the board of the organization and Richard Gilbert of Canton is president. The new organization was formed to attract additional savings in the 514 savings institutions in Ohio, officials said.

The president of the Road Roamers Club reported on its coffee breaks.

A rummage sale to begin March 1 was discussed, with donations to be stored in the hall. A paper drive will be held at housecleaning time. A donaton of $50 was given to Dave Laneve for activities of the club. Mrs. Kerns of Glasgow was appointed a trustee.

Prizes were won by Jim Potts and Harry Hoyt. Lunch was served 35 by Mrs. Wilbert Ewing.

Police Lodge Seats Group At Wellsville

Wlliam J. Telzrow was installed as president of the Fraternal Order of Police Association Lodge 51 of Wellsville during a ceremony Monday night.

Also inducted by Ed James, officer in charge, were Thomas Hanlon, vice president; Aguin Bowling, secretary - treasurer; C. R. Donaldson, three - year trustee; Bernard Ference, two-year trustee, and James Smith, one-year trustee.

Bowling urged that 1969 dues be paid soon.

Al Baldwin, Nick Paletta and Ference were appointed members of a combined installation dinner committee. Appointed to the committee by John B. Hephner, president of Lodge 11 of Wellsville, were Charles Amato, Robert Beresford, James and John McMahon.

The dinner will be held Feb. 28 at 6:30 p. m. in Wellsville's American Legion Post 70.

Appointed to the summer picnic committee by Hephner were Robert Wellington, McMahon, and Dan Gaitland. Plans were discussed to hold two picnics at James Lake on Route 45 near Wellsville.

Chester Church Group Observes Youth Program

The NYPS of the Chester Church of the Nazarene is observing Youth Week, with special services through Sunday.

A banquet will be held Saturday night at the Villa Antone Restaurant in Wellsville.

Wednesday at 7 p.m., prayer and praise services, with essays on the theme "Alive Unto God" will be featured. The Senior and Junior High groups will participate. A duet will be sung by Miss Saundra Corney and Miss Marilyn Fields.

The speaker at the banquet will be Ted Robinson, NYPS president of the East Liverpool First Church and also of the East Liverpool zone of the denomination.

The observance will be climaxed Sunday night with a gathering at the parsonage after evangelistic services at the church. Charles W. Govey, NYPS president, is in charge of the week's program.

Studied By Council

Lisbon Ponders Ambulance Plan

LISBON — Council took under study Monday night three proposals from the Becker Ambulance Co. of Salem for serving Lisbon and Center and Elkrun townships.

This is the area served on an emergency basis for several years by the Lisbon Fire Department, which ended the operation last Sept. 24.

Becker and Lynn Ambulance Service of East Liverpool have been answering area calls since September. The village ambulance has been in the garage, although the Becker firm which sold it to the village last year offered to buy it back after firemen stopped using it.

—:—

BECKER offered three proposals in exchange for an exclusive franchise for two years:

Proposal A — Council would pay Becker a subsidy of $1 per month to provide ambulance service in the subsidy area at the following rates:

Base rate (10 miles, door to hospital door, or one hour), $47.50; emergency call within 30 minutes or if warning lights or siren are used at any time during trip, $5; oxygen, $5; waiting time after first hour, $5 per hour; traveling off pavement, $5; mileage rate after first 10 miles, portal to portal, $1 per mile; after first 100 miles, 85 cents per mile; after first 200 miles, $70 cents per mile.

Return trips, home to X-ray to home in same day, 1½ times standard trip rate; patient will be charged reasonable lodging and meal expenses on trips requiring overnight lodging of crews on the road; calls to auto accidents will be $52.50 per patient; a $5 discount will be honored on ambulance bills paid in full within 15 days.

Proposal B — The village would pay a subsidy of $160 per month. The basic rate under "B" would be $30, while auto accident calls would be $40 per patient. All other charges would be the same as in "A."

Under these two proposals, the communities would be served by ambulance and crews based in Salem.

Under Proposal C calling for a subsidy of $1,300 per month, the firm would keep one ambulance and one man in Lisbon 24 hours a day with a second man on call from Salem. Other ambulances would be dispatched from Salem as needed.

—:—

IN A covering letter, Daniel H. Becker said, "We are a professional ambulance company with a history in Salem since 1967 and in the Youngstown - Struthers area over 70 years."

Becker said his company has cut the subsidy "to the bone."

He itemized total expenses of $1,353 per month — without a second man or any overtime — for labor, ambulance payments, insurance, rent, radio, fuel and maintenance, laundry and supplies, and utilities.

"If we were to run 15 trips a month and average 80 per cent collection (the national average is 70 per cent), we would gross no more than $400 for additional expense and profit," he said.

Mayor Clyde B. Pike referred the proposals to the finance committee.

—:—

CHARLES DUNLAP, owner of Dunlap Disposal Co. of Salem, described a "roll-off" system of garbage and trash collection which he said would replace the dump.

He said it is a large metal box of 40 cubic yard capacity into which residents could dump their refuse. "We would come along, pick up the box, leave and empty and take the full container to the landfill dump we are using," Dunlap said.

He said his company would buy the roll-off boxes and charge $60 per haulaway. The box would have to be dumped about every three weeks, he added. A location for the roll-off container could be decided by Council and Center Township trustees. Council is paying approximately $1,800 per year for the village-township dump. The Ohio Department of Health has given the local governments a grace period to prepare and present plans for changing the dump into a landfill operation to meet requirements of the new solid waste disposal law.

Mayor Pike referred Dunlap's proposal to the utility committee and suggested a joint session with Center Township trustees.

—:—

COUNCIL voted 4 to 2 to remove the parking meters on the north side of E. Chestnut St. Five or six will be used on S. Jefferson and E. Washington Sts. next to Bill's Laundromat, and the others to replace meters which have been damaged or broken off.

Council President Bill Mattix and Charles Webber opposed removal of the 14 meters which are alongside the First United Presbyterian Church and cross from the storeroom which Hillyer's Foodliner vacated last fall.

Mattix and Webber favored buying 18 new meters at approximately $72 each, but were voted down by Willis Coleman, Ray Beers, William Robinson and Larry Evans.

Clerk - Treasurer John Ebert told Council he has been advised returns from real estate taxes will be later than usual this spring. He suggested that the finance committee meet before any big purchases are considered.

At the request of Donald Coleman, operator of the Shell Service station on W. Lincoln Way, Council voted to remove the parking meter in front of the station. He said the meter is a hazard because it blocks the view of motorists pulling from the station.

Council voted to erect "No Parking" signs on the south side of W. Lincoln Way (U.S. Route 30) from the Thomas Rd.-Lincoln Ave. intersection west to the Canton bridge.

After Council adopted an ordinance permitting the Board of Public Affairs to grant salary increases to water and sewer department employes as itemized last month, Street Commissioner Thirl Flugan asked for raises for his crew. Mayor Pike placed the request with the finance committee for study and a report.

Fire Chief W. A. Peters pointed to poor lighting in the fire station garage and the village property committee was ordered to investigate.

Solicitor Joseph Baronzzi said he met with the Board of Public Affairs and Reed McClure, village engineer, regarding bids for the chlorination system at the sewage treatment plant.

The solicitor said he recommends that the board of trustees accept the proposal recommended by the engineer—a $29,077 offer from Rose & Whan of Lisbon.

Girl On Dean's List; Brother Is 'Pledged'

Eleanor Laneve, daughter of Mr. and Mrs. Anthony F. Laneve of 1003 Grant St., Newell, has been named to the dean's list for the first semester at West Liberty State College.

Miss Laneve is a junior in secondary education majoring in Home Economics and Spanish.

Carmen J. Laneve, a son who is a sophomore at West Virginia Institute of Technology, Montgomery, has been pledged to Rho Epsilon Beta fraternty.

Sage, bay leaves and thyme, imported by the Pilgrims, were among the first herbs to flavor American meals.

Alwyn Purinton Given Post With Savings Unit

Alwyn C. Purinton Jr., president of the Potters Saving and Loan Co., has been named a director of the recently - incorporated Ohio Financial Service Corp.

Wayne J. Howsmon of Ashtabula is chairman of the board of the organization and Richard Gilbert of Canton is president. The new organization was formed to attract additional savings in the 514 savings institutions in Ohio, officials said.

'Breakthrough' Bared In Talks At Wilberforce

WILBERFORCE, Ohio (AP)—Students leaders, faculty and administrative officials Monday night reached what was described as a "major breakthrough" in negotiations over student grievances.

Frederic Frielicher, a Cornell University professor who is acting as mediator in the discussions, said all parties agreed to extend by three hours the number of maximum hours a student can take in his senior year. The maximum currently is 17 hours.

Frielicher said the agreement was a "major breakthrough" because it was the first big issue in which the faculty was directly involved.

"I think we have set the tone for the remainder of negotiations," he said. "It's a positive tone which will continue through mediation."

Representatives of the students, faculty and administration have been meeting with the mediator in three-a-day sessions for eight days.

On Sunday students agreed to end a boycott, which began Jan. 14, and return to classes after agreement was reached to establish a University Governance Committee.

The committee is to prepare a draft for reorganizing the university. It will be submitted to university trustees after it is approved by students, faculty and administration.

Frielicher said negotiations Monday also produced agreements on several other issues, mostly dealing with work loads.

He said the talks would resume today to take up student requests for more courses dealing with Negro culture. Wilberforce's 1,000-student enrollment is predominantly Negro.

Couple Appeals For Volunteers To Aid Ailing Son

A Lawrenceville couple is asking for volunteers to help with exercises for their 9-year-old son who has been unable to speak since birth.

Mr. and Mrs. William Males of Stevenson Ave. said the motion exercise patterns are performed five minutes of each hour at 9, 10 and 11 a. m. and 1, 2 and 3 p. m.

Neighbors have been helping the family, but more people are needed to "spell off" the teams, Mrs. Males said. It is necessary for the boy's head, arms or legs to be held as he is moved through the patterns, she explained.

Mrs. Males said the youth, Charles, is the youngest of her family. He was injured at birth through a shortage of oxygen and has been in and out of hospitals throughout his life. She cited a similar case in Midland, where within several months the patient was able to speak, and she hopes the same will hold true for her son.

Anyone wishing to volunteer his or her services may contact the family through a neighbor, Mrs. Lawson Miller of Lawrenceville.

Serious, Frivolous, Unusual

Citizens Suggest Cures For Hijacking Of Planes

WASHINGTON (AP) — The American citizen, aroused by the increasing number of airline hijackings, has come up with several cures—some serious, some frivolous and most pretty unusual.

One of the strangest suggestions called for installing a trapdoor in the cockpit. Once a would-be hijacker entered, the pilot could open the trap and send the hapless air pirate plummeting to his death.

Some other ideas:

Build a double-door cockpit entrance, trap the hijacker between them and fill the space with gas. Or shoot would-be hijackers with a tranquilizer gun —that's the way TV thugs are handled.

Day after day, proposed cures for the problem flood the Federal Aviation Administration, which says it is in danger of being swamped by the mail.

Suggestions from aerospace engineers, scientists and others are sent to the FAA's engineering division for careful analysis. Manufacturers of devices that might control the problem are invited in to give demonstrations, and their products receive close study.

"Mayors, bank presidents, civic club members, teachers, whole classrooms of students write in," says Al Butler, assistant chief of the air carrier research branch of the FAA's Flight Standards Service.

"We read them all, and acknowledge every one. Some we can answer only with a card."

Others get letters pointing out that hijacking is a crime punishable by death.

But the FAA thinks violence of any sort should be avoided because of the danger of a catastrophe that might endanger all the passengers on a plane.

Letters stream in from prison guards, jail inmates and relatives of prisoners, often suggesting metal-detection devices such as prisons use. The trouble is, the FAA responds, that there's no way so far to tell a pistol from a cigarette lighter or belt buckle.

Nor would metal detectors give a warning of a plastic explosive or a bottle of nitroglycerin, the FAA points out.

Another popular solution is for the U.S. to provide free transportation for anyone who wants to go to Cuba, where most hijacked planes are taken.

And then there's the ultimate solution: "Have the Cuban national anthem played over the public address system of the airliner just before takeoff. Arrest anyone who stands up."

Shafer Asks $1 Billion Road Fund; Motor License Boost

HARRISBURG (AP) — Gov. Shafer proposed today that the state spend $1.007 billion for highways in the coming fiscal year with a portion of the financing to come from increased motor license fees.

The recommended outlay was contained in a total $1.134 billion special funds budget which the governor presented to the General Assembly along with a whopping $2.5 billion general fund budget that called for enactment of a state income tax.

It marked the first time the two budgets were laid before the legislature on the same day.

Shafer also had intended to offer his capital funds budget, but it was not ready for presentation.

The amount proposed for highways reflected an increase of $173 million over current spending and included an anticipated $314 million from the federal government.

Shafer again voiced his support for the Highway Commission's recommended increase in motor license fees to raise an additional $62.8 million annually.

The recommendation, ignored by the legislature the past two years, would raise to $20 passenger car registration and approximately 30 per cent the fees paid by commercial vehicles.

The Department of Highways maintains the increase is necessary to press forward on a local roads improvement program and elimination of some 1,300 safety hazards across the state.

Included among the highways costs would be $580 million in construction work and $125 million for maintenance. The remainder would be for engineering, design, planning and research.

The special funds budget contained an estimate of $4.476 million in revenue from thoroughbred horse racing during the fiscal year starting July 1.

The amount could not be realized, however, unless one or more of the state's four licensed tracks could begin operation before early next year.

Harness racing revenue was estimated at $6.963 million for 1969-70, compared with $7.042 million during the current fiscal year.

Revenues from hunting licenses and fees was estimated at $8.05 million, up from $7.76 million, while fish licenses and fees were expected to go from $3.66 million to $3.94 million.

Pennsylvania Budgets Past 2 Years, Next 5

HARRISBURG (AP) — Here is a table showing state budgets for the past two years and projected budgets for the next five years as forecast by the Shafer administration: All figures in millions

Fiscal year	Budget	Increase
1967-68	$1,709	194
1968-69	$1,978	269
1969-70	$2,522	544
1970-71	$2,673	151
1971-72	$2,911	238
1972-73	$3,108	197
1973-74	$3,284	176

Gulf Reports Record Net Income For 1968

PITTSBURGH (AP) — Gulf Oil Corp. says it set a record for the 10th straight year by passing its $568 million net income of 1967 by 10 per cent in 1968.

The 1968 net earnings, reported Monday, were $626 or $3.02 a share. Board Chairman E. D. Brockett said worldwide sales, totaling over $5.5 million last year included a boost of 170,000 barrels of crude oil, condensate and natural gas liquids.

"Alma Mater" is the Latin for "fostering mother" and in ancient times was the title given by Romans to Ceres, Cybele and other goddesses. Today the term is applied by collegians to their universities.

Jumping To Conclusions

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

Inflation is more actively feared today than is the hydrogen bomb. We have become numbed by the long threat of atomic war and relatively few brood about it. But a lot of people today are brooding about inflation—there is no basement shelter against it.

Most of the people I know who eat wheat germ for breakfast are poor conversationalists.

An old-timer is a guy who remembers when he got a $2.50 a week raise he felt like he was getting up in the world.

Doesn't it make you sentimental when driving through the countryside to come across an automobile cemetery? The battered old derelict vehicles look so ugly and yet so wistful, as does anything that once served a purpose and now no longer does. It seems a shame to see these abandoned old cars, which once gave so much pleasure to their owners, rusting forgotten in the rain.

Cars are such status symbols in our civilization that one would think they'd deserve more dignity when they expire. Perhaps we should give our favorite old cars decent burial, put a small monument over them, and plant memorial flowers. In any event, that would certainly help the looks of the countryside.

A friend of ours reports his son in college is flunking chemistry, logic, and political science but doing very well in picket placard designing.

One of the signs that the times are out of joint is that you see more people on the streets talking to themselves than you did 25 years ago. If you take the trouble to listen to what they are saying, you'll find they aren't bragging or praising—they're complaining about something or somebody.

Two of the places where a grown man feels hopelessly inferior to the occasion are a ladies' hairdressing salon and, on Saturday afternoons, a supermarket crowded with women attacking his shins from all directions with those venomous little metal shopping carts.

In each generation one or more occupational groups bears the brunt of public anger, dislike or outright scorn. Around the turn of the century the industrial magnate became the symbol of all evil; in the great depression, a period of many foreclosures, it was the banker. Today it is difficult for landlords or, in some areas, for doctors to win popularity contests.

A wise young man should learn early in life never to marry a woman who insists on dousing herself with too much perfume. Having to pay for the perfume for the next 50 years would be bad enough; having to whiff it all those years would be infinitely worse. A woman should use perfume as an accent, not a bath.

Farm Bureau Will Kick Off Member Bid

LISBON — The Columbiana County Farm Bureau will kick off its 1969 membership drive Thursday night at the Mt. Nebo Grange Hall on the Salem RD.

Galen Greenisen of Salem RD 3, president, said the county goal is 662 member families. He expects that mark to be reached by Feb. 10. He said a mail campaign already has produced 531 members, "away ahead" of the number enrolled by mail at this time last year.

Greenisen said farmers realize that the Farm Bureau is working for them on local, state and national levels. He is confident, he said, that the 1969 drive will be one of the best in years.

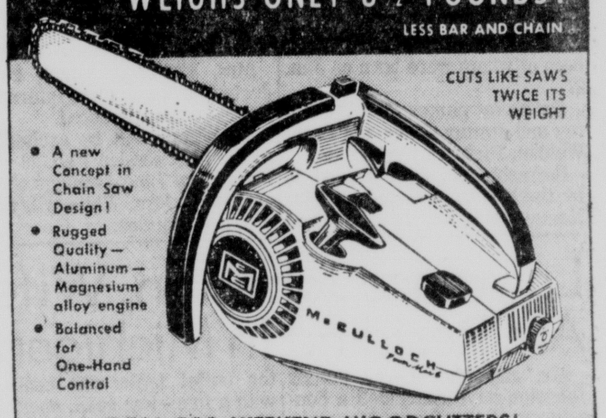

"Up With Agriculture" is the Farm Bureau's slogan for membership campaigns throughout the state.

Herbert Frischkorn of Wellsville RD 1 is membership chairman. On his committee are Elizabeth Farmer of Salem RD 3, Lucille Huston of Wellsville RD 1, Frank Murray of Lisbon RD 4, Tom Rudebock of Leetonia RD 1 and W. W. Baughman of New Waterford RD 1.

Fourteen captains will head drives in the townships. More than 35 Farm Bureau members, plus Nationwide Insurance agents, will assist.

'Breakthrough' Bared In Talks At Wilberforce

WILBERFORCE, Ohio (AP)—Students leaders, faculty and administrative officials Monday night reached what was described as a "major breakthrough" in negotiations over student grievances.

Frederic Frielicher, a Cornell University professor who is acting as mediator in the discussions, said all parties agreed to extend by three hours the number of maximum hours a student can take in his senior year. The maximum currently is 17 hours.

Frielicher said the agreement was a "major breakthrough" because it was the first big issue in which the faculty was directly involved.

"I think we have set the tone for the remainder of negotiations," he said. "It's a positive tone which will continue through mediation."

Representatives of the students, faculty and administration have been meeting with the mediator in three-a-day sessions for eight days.

On Sunday students agreed to end a boycott, which began Jan. 14, and return to classes after agreement was reached to establish a University Governance Committee.

The committee is to prepare a draft for reorganizing the university. It will be submitted to university trustees after it is approved by students, faculty and administration.

Frielicher said negotiations Monday also produced agreements on several other issues, mostly dealing with work loads.

He said the talks would resume today to take up student requests for more courses dealing with Negro culture. Wilberforce's 1,000-student enrollment is predominantly Negro.

Couple Appeals For Volunteers To Aid Ailing Son

A Lawrenceville couple is asking for volunteers to help with exercises for their 9-year-old son who has been unable to speak since birth.

Mr. and Mrs. William Males of Stevenson Ave. said the motion exercise patterns are performed five minutes of each hour at 9, 10 and 11 a. m. and 1, 2 and 3 p. m.

Neighbors have been helping the family, but more people are needed to "spell off" the teams, Mrs. Males said. It is necessary for the boy's head, arms or legs to be held as he is moved through the patterns, she explained.

Mrs. Males said the youth, Charles, is the youngest of her family. He was injured at birth through a shortage of oxygen and has been in and out of hospitals throughout his life. She cited a similar case in Midland, where within several months the patient was able to speak, and she hopes the same will hold true for her son.

Anyone wishing to volunteer his or her services may contact the family through a neighbor, Mrs. Lawson Miller of Lawrenceville.

Serious, Frivolous, Unusual

Citizens Suggest Cures For Hijacking Of Planes

WASHINGTON (AP) — The American citizen, aroused by the increasing number of airline hijackings, has come up with several cures—some serious, some frivolous and most pretty unusual.

One of the strangest suggestions called for installing a trapdoor in the cockpit. Once a would-be hijacker entered, the pilot could open the trap and send the hapless air pirate plummeting to his death.

Some other ideas:

Build a double-door cockpit entrance, trap the hijacker between them and fill the space with gas. Or shoot would-be hijackers with a tranquilizer gun —that's the way TV thugs are handled.

Day after day, proposed cures for the problem flood the Federal Aviation Administration, which says it is in danger of being swamped by the mail.

Suggestions from aerospace engineers, scientists and others are sent to the FAA's engineering division for careful analysis. Manufacturers of devices that might control the problem are invited in to give demonstrations, and their products receive close study.

"Mayors, bank presidents, civic club members, teachers, whole classrooms of students write in," says Al Butler, assistant chief of the air carrier research branch of the FAA's Flight Standards Service.

"We read them all, and acknowledge every one. Some we can answer only with a card."

Others get letters pointing out that hijacking is a crime punishable by death.

But the FAA thinks violence of any sort should be avoided because of the danger of a catastrophe that might endanger all the passengers on a plane.

Letters stream in from prison guards, jail inmates and relatives of prisoners, often suggesting metal-detection devices such as prisons use. The trouble is, the FAA responds, that there's no way so far to tell a pistol from a cigarette lighter or belt buckle.

Nor would metal detectors give a warning of a plastic explosive or a bottle of nitroglycerin, the FAA points out.

Another popular solution is for the U.S. to provide free transportation for anyone who wants to go to Cuba, where most hijacked planes are taken.

And then there's the ultimate solution: "Have the Cuban national anthem played over the public address system of the airliner just before takeoff. Arrest anyone who stands up."

Shafer Asks $1 Billion Road Fund; Motor License Boost

HARRISBURG (AP) — Gov. Shafer proposed today that the state spend $1.007 billion for highways in the coming fiscal year with a portion of the financing to come from increased motor license fees.

The recommended outlay was contained in a total $1.134 billion special funds budget which the governor presented to the General Assembly along with a whopping $2.5 billion general fund budget that called for enactment of a state income tax.

It marked the first time the two budgets were laid before the legislature on the same day.

Shafer also had intended to offer his capital funds budget, but it was not ready for presentation.

The amount proposed for highways reflected an increase of $173 million over current spending and included an anticipated $314 million from the federal government.

Shafer again voiced his support for the Highway Commission's recommended increase in motor license fees to raise an additional $62.8 million annually.

The recommendation, ignored by the legislature the past two years, would raise to $20 passenger car registration and approximately 30 per cent the fees paid by commercial vehicles.

The Department of Highways maintains the increase is necessary to press forward on a local roads improvement program and elimination of some 1,300 safety hazards across the state.

Included among the highways costs would be $580 million in construction work and $125 million for maintenance. The remainder would be for engineering, design, planning and research.

The special funds budget contained an estimate of $4.476 million in revenue from thoroughbred horse racing during the fiscal year starting July 1.

The amount could not be realized, however, unless one or more of the state's four licensed tracks could begin operation before early next year.

Harness racing revenue was estimated at $6.963 million for 1969-70, compared with $7.042 million during the current fiscal year.

Revenues from hunting licenses and fees was estimated at $8.05 million, up from $7.76 million, while fish licenses and fees were expected to go from $3.66 million to $3.94 million.

Pennsylvania Budgets Past 2 Years, Next 5

HARRISBURG (AP) — Here is a table showing state budgets for the past two years and projected budgets for the next five years as forecast by the Shafer administration: All figures in millions

Fiscal year	Budget	Increase
1967-68	$1,709	194
1968-69	$1,978	269
1969-70	$2,522	544
1970-71	$2,673	151
1971-72	$2,911	238
1972-73	$3,108	197
1973-74	$3,284	176

Gulf Reports Record Net Income For 1968

PITTSBURGH (AP) — Gulf Oil Corp. says it set a record for the 10th straight year by passing its $568 million net income of 1967 by 10 per cent in 1968.

The 1968 net earnings, reported Monday, were $626 or $3.02 a share. Board Chairman E. D. Brockett said worldwide sales, totaling over $5.5 million last year included a boost of 170,000 barrels of crude oil, condensate and natural gas liquids.

"Alma Mater" is the Latin for "fostering mother" and in ancient times was the title given by Romans to Ceres, Cybele and other goddesses. Today the term is applied by collegians to their universities.

Jumping To Conclusions

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

Inflation is more actively feared today than is the hydrogen bomb. We have become numbed by the long threat of atomic war and relatively few brood about it. But a lot of people today are brooding about inflation—there is no basement shelter against it.

Most of the people I know who eat wheat germ for breakfast are poor conversationalists.

An old-timer is a guy who remembers when he got a $2.50 a week raise he felt like he was getting up in the world.

Doesn't it make you sentimental when driving through the countryside to come across an automobile cemetery? The battered old derelict vehicles look so ugly and yet so wistful, as does anything that once served a purpose and now no longer does. It seems a shame to see these abandoned old cars, which once gave so much pleasure to their owners, rusting forgotten in the rain.

Cars are such status symbols in our civilization that one would think they'd deserve more dignity when they expire. Perhaps we should give our favorite old cars decent burial, put a small monument over them, and plant memorial flowers. In any event, that would certainly help the looks of the countryside.

A friend of ours reports his son in college is flunking chemistry, logic, and political science but doing very well in picket placard designing.

One of the signs that the times are out of joint is that you see more people on the streets talking to themselves than you did 25 years ago. If you take the trouble to listen to what they are saying, you'll find they aren't bragging or praising—they're complaining about something or somebody.

Two of the places where a grown man feels hopelessly inferior to the occasion are a ladies' hairdressing salon and, on Saturday afternoons, a supermarket crowded with women attacking his shins from all directions with those venomous little metal shopping carts.

In each generation one or more occupational groups bears the brunt of public anger, dislike or outright scorn. Around the turn of the century the industrial magnate became the symbol of all evil; in the great depression, a period of many foreclosures, it was the banker. Today it is difficult for landlords or, in some areas, for doctors to win popularity contests.

A wise young man should learn early in life never to marry a woman who insists on dousing herself with too much perfume. Having to pay for the perfume for the next 50 years would be bad enough; having to whiff it all those years would be infinitely worse. A woman should use perfume as an accent, not a bath.

Farm Bureau Will Kick Off Member Bid

LISBON — The Columbiana County Farm Bureau will kick off its 1969 membership drive Thursday night at the Mt. Nebo Grange Hall on the Salem RD.

Galen Greenisen of Salem RD 3, president, said the county goal is 662 member families. He expects that mark to be reached by Feb. 10. He said a mail campaign already has produced 531 members, "away ahead" of the number enrolled by mail at this time last year.

Greenisen said farmers realize that the Farm Bureau is working for them on local, state and national levels. He is confident, he said, that the 1969 drive will be one of the best in years.

"Up With Agriculture" is the Farm Bureau's slogan for membership campaigns throughout the state.

Herbert Frischkorn of Wellsville RD 1 is membership chairman. On his committee are Elizabeth Farmer of Salem RD 3, Lucille Huston of Wellsville RD 1, Frank Murray of Lisbon RD 4, Tom Rudebock of Leetonia RD 1 and W. W. Baughman of New Waterford RD 1.

Fourteen captains will head drives in the townships. More than 35 Farm Bureau members, plus Nationwide Insurance agents, will assist.

Gallup, N.M., leads the United States as a center for intertribal American Indian ceremonies. As many as 40 different tribes are represented there each year in ceremonial dances.

Cheryl Lynn Melott Weds At Ceremonies In Temple

Miss Cherly Lynn Melott and Sgt. Paul Melnick were united in marriage Jan. 19 at 5:30 p.m. in the Prayer Temple, with the Rev. Harry Lane officiating for the double - ring ceremony in the presence of the immediate families.

The bride is the daughter of Mr. and Mrs. Michael Volino of 1054 Pennsylvania Ave. Her husband is the son of Mr. and Mrs. Paul Melnick of Midland Heights.

Given in marriage by her stepfather, the bride was attired in a white silk organza dress and Alencon lace. The fitted bodice was fashioned with a scoop neckline outlined with pearls. A Watteau panel was featured in the back.

Her elbow - length veil of silk illusion was attached to a queen's crown of lace petals accented with pearls and crystals. She carried a Colonial bouquet of white roses and orchids tied with satin streamers. The traditions were observed.

Miss Doris Melott, sister of the bride, was maid of honor. She wore a blue suit with black accessories.

Airman 1C Raymond E. Brown served as best man.

After a brief honeymoon, the newlyweds are residing at Brown's Mills, N.J., near McGuire Air Force base, where the bridegroom is stationed.

Lawrence Johnston, Wife Are Residing In Michigan

Mr. and Mrs. Larry James Johnston have concluded a honeymoon at the Bayne Mountain ski resort in northern Michigan and are residing at Kalamazoo following their marriage Dec. 22 at the Trinity Evangelical Lutheran Church. The Rev. William Diehl officiated.

The bride was Miss Judy Ann Schindler, daughter of Mrs. Frank B. Schindler of Kalamazoo and the late Mr. Schindler. The bridegroom's parents are Mr. and Mrs. Lawrence E. Johnston of Hoffman Estates.

—:—

GIVEN IN marriage by her brother, Frank Schindler, the bride was attired in a gown of white satin and lace designed along Empire lines. Her shoulder - length illusion veil was attached to a floral headpiece. She carried an arrangement of white roses.

Miss Linda Schindler, niece of the bride, was maid of honor and appeared in a green velvet gown trimmed with white lace. Bridesmaids were Miss Alice Schindler and Miss Nancy Schindler, also nieces, who wore red velvet gowns. They all had white fur headpieces and carried white fur muffs trimmed with red roses. They received pearl bracelets from the bride.

Craig Johnston served as his brother's best man. Ushers were Jack Johnston, of Wappingers Falls, N.Y., another brother, and Arthur Schindler, brother of the bride. They received black onyx tie tacs from the bridegroom.

The mother of the bride chose a pale gold color dress and the bridegroom's mother a coral knit ensemble. Matching accessories and white rosebud corsages complemented their costumes.

—:—

A RECEPTION for 200 followed in Fellowship Hall, where the buffet table was centered with a five - tier cake, encircled at the base with red roses and topped with a miniature bridal couple.

Aides were Mrs. Katherine Schindler, Mrs. Cheryl Sweet, Mrs. Delores Peterson, Mrs. Joy Schindler and Mrs. Valerie Mackie.

ANN LANDERS

Liquor, Love Don't Mix

By Ann Landers

Dear Ann Landers: Please, please print this letter for the benefit of men who drink too much too often.

Boys: You are lousy lovers when you're drunk. Your wives find you revolting and disgusting. Also inadequate.

When you come home from a party smashed out of your mind, please forget about romance. When you roll in dead drunk from a lodge meeting or from a poker game — or whatever it was — please don't wake up your wife and make silly suggestions. It's annoying to be jarred out of a sound sleep and she will not appreciate your sudden interest in her.

This sort of thing happens to me at least twice a week and I'm sick of it. My husband doesn't remember a single thing the next day and telling him does no good. He doesn't believe it.

So, dear Ann Landers, be a friend and publish this letter in your column. I want to tape it to my husband's shaving mirror. Thanks much. — KLONDIKE KATE.

Dear Kate: Here's your letter and I hope His Majesty takes the hint. You can bet your bottom dollar HIS shaving mirror won't be the only one that is decorated tomorrow morning!

The Emancipator

Dear Ann: In 1964 I began to date a man who came to work for our firm. At first he showed very little interest in me but I "grew on him," he says, as time went on.

In 1966 we became engaged. I'm now 31 years of age, he's 36. I've been wanting to get married and start a family before I get too old. Whenever I bring up the subject he says, "Don't rush me."

Two weeks ago I insisted on setting a wedding date. I told him I was tired of waiting. He then announced that he's not good enough for me and that he has decided to "set me free."

There are rumors around the office that he's been pinching the new filing clerk behind the coat lockers. Before you tell me to dump him, please remember that I love this man in spite of his faults and I have invested five years in our future.

Advise me, please. I'm sick at heart. — TEARS ON MY PILLOW.

-:-

Dear Tears:: Stop mourning the loss of this heel. A man who would take five years of a girl's time and then decide he's not good enough for her is probably right. He's not. It's funny, though, how these guys who aren't good enough for you always wind up good enough for someone else. Pity the girl who gets him. He's N. G.

Confidentially

To Patient Griselda:: If all marriage means to you is "21 meals a week for that big ape," you need more help than I can give. The pastor who married your children sounds like a wise man. Talk to him.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Lawrence Johnston, Wife Are Residing In Michigan

Mr. and Mrs. Larry James Johnston have concluded a honeymoon at the Bayne Mountain ski resort in northern Michigan and are residing at Kalamazoo following their marriage Dec. 22 at the Trinity Evangelical Lutheran Church. The Rev. William Diehl officiated.

The bride was Miss Judy Ann Schindler, daughter of Mrs. Frank B. Schindler of Kalamazoo and the late Mr. Schindler. The bridegroom's parents are Mr. and Mrs. Lawrence E. Johnston of Hoffman Estates.

—:—

GIVEN IN marriage by her brother, Frank Schindler, the bride was attired in a gown of white satin and lace designed along Empire lines. Her shoulder - length illusion veil was attached to a floral headpiece. She carried an arrangement of white roses.

Miss Linda Schindler, niece of the bride, was maid of honor and appeared in a green velvet gown trimmed with white lace. Bridesmaids were Miss Alice Schindler and Miss Nancy Schindler, also nieces, who wore red velvet gowns. They all had white fur headpieces and carried white fur muffs trimmed with red roses. They received pearl bracelets from the bride.

Craig Johnston served as his brother's best man. Ushers were Jack Johnston, of Wappingers Falls, N.Y., another brother, and Arthur Schindler, brother of the bride. They received black onyx tie tacs from the bridegroom.

The mother of the bride chose a pale gold color dress and the bridegroom's mother a coral knit ensemble. Matching accessories and white rosebud corsages complemented their costumes.

—:—

A RECEPTION for 200 followed in Fellowship Hall, where the buffet table was centered with a five - tier cake, encircled at the base with red roses and topped with a miniature bridal couple.

Aides were Mrs. Katherine Schindler, Mrs. Cheryl Sweet, Mrs. Delores Peterson, Mrs. Joy Schindler and Mrs. Valerie Mackie.

The bride was graduated from Kalamazoo High School and Western Michigan University, where she is attending graduate school in reading. She is teaching first grade in the Kalamazoo public school system.

Her husband is a graduate of East Liverpool High School and the Ohio Northern University business administration. He is attending Western Michigan University graduate school in business administration. He is employed as a pharmacist at Branson Methodist Hospital, Kalamazoo.

The bridegroom's parents entertained for the rehearsal dinner party at The Carriage House in Kalamazoo.

Planning Group Set For Chester

Chester Councilman William Tuttle and Charles Mansfield were appointed to a City Planning Commission following the final reading of an ordinance during a meeting of the legislators Monday night.

The commission, made up of nine members headed by Mayor Harold Ash, also includes Albert Kell, one - year term; Atty. Jerry Osburn and Thomas Ridge, two - year - terms, and Charles Taylor and Roy Cashdollar, three-year terms.

One one-year term remains to be filled, Ash pointed out.

Police Chief Bill Cornell was instructed to ask for bids on a new police cruiser from auto agencies in the district. Bids will be reviewed at the next meeting, unless there are a sufficient number received to warrant a special meeting, Ash said.

The Galloway Trucking Co. will haul 800 tons of slag for the street program.

The councilmen voted to support the building of recreational facilities in a 10-year program at Tomlinson Run State Park after a letter was read from Ruth Klegg, Hancock County extension agent.

In keeping with a conservation program along the river banks, 1,000 pine trees will be purchased from the Northern Panhandle Conservation District. Councilmen expressed the hope that residents will assist them in the planting and beautification program.

Lee Haney, acting for the County fire association, received permission of Council to store fire fighting foam in the city building. The site will be one of three storage spots throughout the area.

A "No Parking" sign will be erected in Rose Alley near the Hobbs Tire Service Co., Ash said.

Driver Hurt As Auto Goes Into Creek

An East Liverpool area motorist was admitted to Osteopathic Hospital with injuries received in a one-car accident early this morning on Route 7, about two miles south of Rogers.

The Ohio Highway Patrol at Lisbon said David Lee Eaton, 34, of RD 2 lost control of his southbound 1965 model car and it struck the guardrail on the left side of the road, came back across the road and struck the guardrail on the rigth, then went over an embankment into a creek.

Hospital authorities said Eaton is in "guarded" condition. He suffered severe lacerations of the face.

There was minor damage to an East Liverpool motorist's vehicle as the result of an accident on the Smiths Ferry-Calcutta Rd. about a mile east of Route 170 at 3:15 p.m. Monday

Robbert Wayne Moore, 18. of 1717 Harvey Ave., pulled his 1962 convertible partly onto the roadway and halted as he saw another vehicle approaching.

Edward A. Daily, 54, of Harding Ave., applied the brakes of his 1964 auto when he saw the Moore auto and his car skidded on the berm into the guardrail.

No one was injured.

Another East Liverpool driver escaped injury when he lost control of his auto on the Eastlake Rd., about a mile north of Route 172 at 2 a. m. Monday.

Jack Lee Goodwin, 32, of Orchard Grove Ave. lost control of his southbound auto and it ran off the road over a small embankment, coming to rest against several small trees.

Driver Ignores Patrol Warning; Fined And Jailed

William Hollingsworth, 37, of Cleveland watched Ohio Highway Patrolmen arrest his companion, David Angus MacElwinn, 38, of Cleveland for drunken driving on Route 7 near Route 30 Sunday night.

Officers advised Hollingsworth not to drive.

At 12:40 a. m. Monday another patrolman flagged the MacElwinn auto over to the side of the road farther north on Route 7 and arrested Hollingsworth for driving while intoxicated and lack of an operator's license. This officer did not know of the earlier arrest.

County Judge Barry Dickson fined MacElwinn $200 and costs and sentenced him to three days in jail yesterday at the court in East Palestine.

Hollingsworth was fined $100 and costs and sentenced to three days in jail for driving while intoxicated and $100 and costs for driving without a license.

Joseph Rabassi of Beaver County Airport, who pleaded not guilty to driving while intoxicated at a hearing last week, forfeited a $300 bond yesterday.

Raymond Pritchard of Leetonia was fined $200 and costs for drunken driving and $25 and costs for public intoxication.

Thurman E. Trowbridge of Mapletree St., East Liverpool, was fined $50 and costs for fictitious registration, Samuel Myers Jr. of East Palestine RD 1 was fined $15 and costs for speeding, and Arch H. Smith of McKinnon Ave. was fined $15 and costs for improper passing.

Planning Group Set For Chester

Chester Councilman William Tuttle and Charles Mansfield were appointed to a City Planning Commission following the final reading of an ordinance during a meeting of the legislators Monday night.

The commission, made up of nine members headed by Mayor Harold Ash, also includes Albert Kell, one - year term; Atty. Jerry Osburn and Thomas Ridge, two - year - terms, and Charles Taylor and Roy Cashdollar, three-year terms.

One one-year term remains to be filled, Ash pointed out.

Police Chief Bill Cornell was instructed to ask for bids on a new police cruiser from auto agencies in the district. Bids will be reviewed at the next meeting, unless there are a sufficient number received to warrant a special meeting, Ash said.

The Galloway Trucking Co. will haul 800 tons of slag for the street program.

The councilmen voted to support the building of recreational facilities in a 10-year program at Tomlinson Run State Park after a letter was read from Ruth Klegg, Hancock County extension agent.

In keeping with a conservation program along the river banks, 1,000 pine trees will be purchased from the Northern Panhandle Conservation District. Councilmen expressed the hope that residents will assist them in the planting and beautification program.

Lee Haney, acting for the County fire association, received permission of Council to store fire fighting foam in the city building. The site will be one of three storage spots throughout the area.

going to Commerce and Community Affairs.

The major item in the proposed increase in DPI's appropriation was $160 million to increase minimum teacher's salaries to $6,000. The raise was authorized by the legislature last year.

Also included in the DPI increase was a proposed outlay of $48 million in increased school subsidies for local districts as mandated by law because of growth of pupil population.

Shafer left to the legislature's own devices the amount of income tax, usually reckoned at from 1 to 3 per cent of the amount the individual or corporation pays to the federal government.

After President Johnson's bombing halt last Nov. 1, Thuy called the Saigon regime "nha cam quyen," or the "administration."

At last Saturday's session Thuy referred to his Vietnamese opponents as "chinh quyen," an expression meaning the South Vietnamese "state," the informant said.

$311,060 Bid Seen Low On City Project

The United Excavating Co. of Youngstown filed an apparent low bid of $311,060 today with the Ohio Highway Department at Columbus on a project for widening, resurfacing and easing the curves on Lisbon St. (Route 267) between W. 8th St. and the city limits.

The department received three offers, all under its estimate of $327,000. The other bids were filed by: James Light Construction Co. of Weirton, $314,526, and J. & L. Excavating Co. of Southington, $315,899.

The department received two offers when it opened bids in late November, but both were over its estimate. The estimate at that time was $288,000.

The department indicated a decision will be made on a contract within 10 days.

The project will cover a 1.6-mile stretch. Curves would be eased on the Lisbon St. Hill Stretch. Specifications also call for new drainage facilities.

The city's share of the job is $45,000, including $20,000 which was provided by county commissioners.

Driver Injures Knee As Car Hits Bridge

LISBON — Charles F. Gearin, 45, of Lisbon RD 4 received abrasions of the right knee at 9:40 p. m. Monday when his 1965 sedan struck the concrete bridge on S. Lincoln Ave. (Route 164) at the corporation line.

Police said Gearin was driving north, struck the southeast corner of the bridge, then spun around and hit the northeast corner. They estimated $800 damage to the car.

They said Gearin told them he was forced into the side of the bridge by a southbound car.

James E. Kerns, 44, of Minerva RD 2, cited Monday evening for crossing over the double yellow line on N. Market St., forfeited a $15 appearance bond in mayor's court.

Runaway Rig Rams 3 Autos

Three parked autos on W. 9th St. were damaged heavily Monday afternoon when brushed by the wheels of a pipe - laden tractor - trailer after the rig's brakes failed while descending the Lisbon St. Hill, police reported.

Ben Fraley Jr., 36, of New Carlisle, Ohio, was cited on a charge of failure to stop in the assured clear distance after the mishap at 12:50 p. m. 100 feet east of Lisbon St. that damaged a parked vehicle owned by Leonard Anderson of 865 Lisbon St., a 1964 model hardtop owned by Charles E. McBride Jr. of 821 W. 9th St. and a 1965 two-door coupe — the private auto of Patrolman David Huffman of 1023 Edgewood Ave.

Fraley forfeited a $32.50 bond today in Municipal Court on the charge filed by Patrolman Orin C. Smith. He was driving a rig owned by Fraley and T. C. Akers of Evansville, Ind.

Fraley told police he did not know the rig had hit the cars. He said he turned his vehicle onto W. 9th St. from Lisbon St., then continued to Dresden Ave., through the Diamond to Market St. and onto E. 3rd St. Alerted by East Liverpool police, Wellsville officers halted the driver on Wells Ave.

Fraley's hearing was due this morning, but he telephoned the court and reported he was in Clarksburg, W. Va., and would be unable to appear.

Civil Service Board Chooses Tullis Again

H. A. Tullis was returned as chairman of the Municipal Civil Service Commission during the annual reorganization meeting Monday night at City Hall. P. K. Calhoon was named again as clerk.

Tullis' term on the commission runs through 1969. The other two members are A. A. Fiorello, whose term runs through 1971, and Tom Phillips, whose tenure runs through 1973.

Court Sets Hearing On Water Case

LISBON — The Seventh District Court of Appeals has assigned the St. Clair Water system case for hearing at 1:30 p.m. Feb. 26 in Youngstown.

Notice was received ths morning by the Columbiana County Commisioners and Prosecuting Atty. J. Warren Bettis.

The same notice went to Hugo Alexander of Steubenville who represents John Geisz and the other appellants.

They appealed from a reversal last Oct. 4 in Common Pleas Court. Geisz and other opponents of the proposed $620,000 system have kept the project at a standstill through a series of legal moves since the Commissioners voted to proceed with construction in July 1967.

Just last week the commissioners were granted a 90-day extension to April 15 of a $240 000 federal grant for the project — 50,000 feet of mains and two standpipes to serve portions of Glenmoor, Calcutta, and Gaston Pl.

2 Taken To Hospital After Fight In Home

Two men were taken to City Hospital for treatment Monday at 11:25 p.m. after a fight in a Jefferson St. home, police reported.

Officers identified the pair as James Buzzard, 28, of 631 Jefferson St., in whose home the disturbance occurred, and Charles Sargus, 51, of 852 Main St., Wellsville. Buzzard, released after treatment for an injury of the right hand, was charged with public intoxication. Sargus was admitted with injuries of the face.

Officers went to the home to check a report of a disturbance. They found Sargus, who said Buzzard fled on foot at the arrival of the police. While officers were en route to the hospital with Sargus, they found Buzzard in Persimmon Alley.

Guns Are Stolen At Midland Home

Midland police are investigating the theft Monday of several guns at the home of Mrs. Les Moore of 640 Beaver Ave., Midland.

Entrance was gained by prying the front door.

The guns were part of a collection of the late Les Moore. Officers said the entrance occurred between 6 a.m. and 4:30 p.m. while Mrs. Moore was at work.

A blanket and throw rug were also taken. Neighbors reported seeing a stranger in the area and have furnished police with a description.

Pennsylvania state police are assisting in the investigation.

going to Commerce and Community Affairs.

The major item in the proposed increase in DPI's appropriation was $160 million to increase minimum teacher's salaries to $6,000. The raise was authorized by the legislature last year.

Also included in the DPI increase was a proposed outlay of $48 million in increased school subsidies for local districts as mandated by law because of growth of pupil population.

Shafer left to the legislature's own devices the amount of income tax, usually reckoned at from 1 to 3 per cent of the amount the individual or corporation pays to the federal government.

Talks

Vietnamese delegate Xuan Thuy referred to the Saigon regime as the "nguy puyen," the Vietnamese expression for "enemy power."

After President Johnson's bombing halt last Nov. 1, Thuy called the Saigon regime "nha cam quyen," or the "administration."

At last Saturday's session Thuy referred to his Vietnamese opponents as "chinh quyen," an expression meaning the South Vietnamese "state," the informant said.

$311,060 Bid Seen Low On City Project

The United Excavating Co. of Youngstown filed an apparent low bid of $311,060 today with the Ohio Highway Department at Columbus on a project for widening, resurfacing and easing the curves on Lisbon St. (Route 267) between W. 8th St. and the city limits.

The department received three offers, all under its estimate of $327,000. The other bids were filed by: James Light Construction Co. of Weirton, $314,526, and J. & L. Excavating Co. of Southington, $315,899.

The department received two offers when it opened bids in late November, but both were over its estimate. The estimate at that time was $288,000.

The department indicated a decision will be made on a contract within 10 days.

The project will cover a 1.6-mile stretch. Curves would be eased on the Lisbon St. Hill Stretch. Specifications also call for new drainage facilities.

The city's share of the job is $45,000, including $20,000 which was provided by county commissioners.

Driver Injures Knee As Car Hits Bridge

LISBON — Charles F. Gearin, 45, of Lisbon RD 4 received abrasions of the right knee at 9:40 p. m. Monday when his 1965 sedan struck the concrete bridge on S. Lincoln Ave. (Route 164) at the corporation line.

Police said Gearin was driving north, struck the southeast corner of the bridge, then spun around and hit the northeast corner. They estimated $800 damage to the car.

They said Gearin told them he was forced into the side of the bridge by a southbound car.

James E. Kerns, 44, of Minerva RD 2, cited Monday evening for crossing over the double yellow line on N. Market St., forfeited a $15 appearance bond in mayor's court.

Runaway Rig Rams 3 Autos

Three parked autos on W. 9th St. were damaged heavily Monday afternoon when brushed by the wheels of a pipe - laden tractor - trailer after the rig's brakes failed while descending the Lisbon St. Hill, police reported.

Ben Fraley Jr., 36, of New Carlisle, Ohio, was cited on a charge of failure to stop in the assured clear distance after the mishap at 12:50 p. m. 100 feet east of Lisbon St. that damaged a parked vehicle owned by Leonard Anderson of 865 Lisbon St., a 1964 model hardtop owned by Charles E. McBride Jr. of 821 W. 9th St. and a 1965 two-door coupe — the private auto of Patrolman David Huffman of 1023 Edgewood Ave.

Fraley forfeited a $32.50 bond today in Municipal Court on the charge filed by Patrolman Orin C. Smith. He was driving a rig owned by Fraley and T. C. Akers of Evansville, Ind.

Fraley told police he did not know the rig had hit the cars. He said he turned his vehicle onto W. 9th St. from Lisbon St., then continued to Dresden Ave., through the Diamond to Market St. and onto E. 3rd St. Alerted by East Liverpool police, Wellsville officers halted the driver on Wells Ave.

Fraley's hearing was due this morning, but he telephoned the court and reported he was in Clarksburg, W. Va., and would be unable to appear.

Civil Service Board Chooses Tullis Again

H. A. Tullis was returned as chairman of the Municipal Civil Service Commission during the annual reorganization meeting Monday night at City Hall. P. K. Calhoon was named again as clerk.

Tullis' term on the commission runs through 1969. The other two members are A. A. Fiorello, whose term runs through 1971, and Tom Phillips, whose tenure runs through 1973.

Court Sets Hearing On Water Case

LISBON — The Seventh District Court of Appeals has assigned the St. Clair Water system case for hearing at 1:30 p.m. Feb. 26 in Youngstown.

Notice was received ths morning by the Columbiana County Commisioners and Prosecuting Atty. J. Warren Bettis.

The same notice went to Hugo Alexander of Steubenville who represents John Geisz and the other appellants.

They appealed from a reversal last Oct. 4 in Common Pleas Court. Geisz and other opponents of the proposed $620,000 system have kept the project at a standstill through a series of legal moves since the Commissioners voted to proceed with construction in July 1967.

Just last week the commissioners were granted a 90-day extension to April 15 of a $240 000 federal grant for the project — 50,000 feet of mains and two standpipes to serve portions of Glenmoor, Calcutta, and Gaston Pl.

2 Taken To Hospital After Fight In Home

Two men were taken to City Hospital for treatment Monday at 11:25 p.m. after a fight in a Jefferson St. home, police reported.

Officers identified the pair as James Buzzard, 28, of 631 Jefferson St., in whose home the disturbance occurred, and Charles Sargus, 51, of 852 Main St., Wellsville. Buzzard, released after treatment for an injury of the right hand, was charged with public intoxication. Sargus was admitted with injuries of the face.

Officers went to the home to check a report of a disturbance. They found Sargus, who said Buzzard fled on foot at the arrival of the police. While officers were en route to the hospital with Sargus, they found Buzzard in Persimmon Alley.

Guns Are Stolen At Midland Home

Midland police are investigating the theft Monday of several guns at the home of Mrs. Les Moore of 640 Beaver Ave., Midland.

Entrance was gained by prying the front door.

The guns were part of a collection of the late Les Moore. Officers said the entrance occurred between 6 a.m. and 4:30 p.m. while Mrs. Moore was at work.

A blanket and throw rug were also taken. Neighbors reported seeing a stranger in the area and have furnished police with a description.

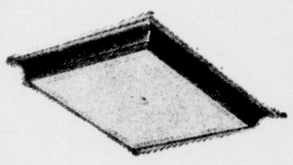

Pennsylvania state police are assisting in the investigation.

Price Tag Due April On Old Ohio Prison

COLUMBUS, Ohio (AP)—The state expects to be able to put a price tag on the Ohio Penitentiary property here by April 1.

Alfred C. Gienow, director of the Ohio Department of Public Works, said Monday he has given appraisers until April 1 to determine the value of the 22-acre plot near downtown Columbus.

The century-old penitentiary is being replaced by a new prison at Lucasville in Scioto County.

Anaesthesia was used during surgery in China as early as the 3rd century A.D. when Hua T'o gave patients wine, which acted as a general anesthetic.

Doctors quit smoking

CHICAGO — According to a recent survey, 52% of American doctors do not smoke. Many quit recently due, according to the Anti-Tobacco Center of America, to the conclusive evidence linking cigarettes and lung cancer.

Many doctors gave up smoking without straining their will power thanks to a new tablet which helps to progressively eliminate the need for nicotine and, as a result, the desire to smoke. Less than 2% of the 150,000 people who tried this tablet reported they still smoke!

Smokers interested in receiving information (free) about this new tablet are invited to contact directly the Anti-Tobacco Center of America, Dept. 527-E, 276 Park Avenue South, New York City, 10010.

Nuprime Aluminum Replacement Window was developed by Season-all's design and production engineers to be a "replacement" window with all the features of a quality prime window.

Now you can replace old, drafty, hard to clean, problem windows at a savings of up to 40% over wood replacement installations. Nuprime replacement windows are sturdy, safe, easy to install, easy to operate, attractive and economical.

All these plus features mean more benefits for you.

SASH BALANCES. Spring-loaded sash balances permit full travel of upper and lower inserts. Positive tension holds insert in any position and nylon glides eliminate metal-to-metal contact.

COMPLETELY WEATHERSTRIPPED. Vertical sash members, sill and header frames are double weatherstripped with heavy weight Schlegel Poly-Pile.

MARINE TYPE VINYL GLAZING. Special U-shaped extruded vinyl glazing with "Hold-Tite" ribs holds glass inserts firmly in place. Frames cannot be pulled away from glass.

SPRING-LOADED FLOATING INTERLOCK. Double weatherstripped Floating Interlock completely seals interlock area . . . no cut-outs . . . no gaps . . . draft-free.

SPRING-LOADED ALIGNMENT CLIPS. Assure plumb-line straightness of the frame members during installation, and provide adjustable sash tension.

SPECIAL INSERT DESIGN. Hollow, extruded sash members with unique overlap design give greater rigidity, strength and appearance. Inserts are easily removed for inside cleaning.

NYLON SASH CAM. This special design feature eliminates any metal-to-metal contact and assures smooth, easy operation of both inserts.

POSITIVE LOCKING SASH HANDLE. Pulls inserts tightly together, assuring weather-tight, draft-free inserts.

THREE FINISHES. Nuprime is available in White-White, Anodized, and Mill Finish. Specially developed Electrocote color (white) finish is applied electrostatically after a 4-Stage Bonderizing pre-treatment. This amazing finish won't chip, crack, peel or blister.

As a result, 26 of the enemy were reported killed and others wounded.

Herring's wife Brenda and their children reside in Columbus, Ga.

Price Tag Due April On Old Ohio Prison

COLUMBUS, Ohio (AP)—The state expects to be able to put a price tag on the Ohio Penitentiary property here by April 1.

Alfred C. Gienow, director of the Ohio Department of Public Works, said Monday he has given appraisers until April 1 to determine the value of the 22-acre plot near downtown Columbus.

The century-old penitentiary is being replaced by a new prison at Lucasville in Scioto County.

Anaesthesia was used during surgery in China as early as the 3rd century A.D. when Hua T'o gave patients wine, which acted as a general anesthetic.

Doctors quit smoking

CHICAGO — According to a recent survey, 52% of American doctors do not smoke. Many quit recently due, according to the Anti-Tobacco Center of America, to the conclusive evidence linking cigarettes and lung cancer.

Many doctors gave up smoking without straining their will power thanks to a new tablet which helps to progressively eliminate the need for nicotine and, as a result, the desire to smoke. Less than 2% of the 150,000 people who tried this tablet reported they still smoke!

Smokers interested in receiving information (free) about this new tablet are invited to contact directly the Anti-Tobacco Center of America, Dept. 527-E, 276 Park Avenue South, New York City, 10010.

Criminal Trials To Open Monday

LISBON — Criminal trials will begin Monday in Common Pleas Court for Columbiana County Grand Jury defendants who pleaded not guilty at arraignment Monday.

Heading the trail list is Wesley Thompson Jr., 21, of 444 Perry St., Salem, charged with two burglaries and a forgery. He will be tried first for a burglary Dec. 13 at Peoples Lumber Co. in Salem. Judge Joel H. Sharp will preside.

—:—

IN ADDITION to the 10 not guilty pleas reported Monday, the following entered the same before Judge Sharp:

Larry Whitcomb, 22, of 758 Superior Ave., Salem, fraud in connection with false auto theft report Sept. 14 to collect from insurance company.

Willie J. Cook, 29, of 716 Pennsylvania Ave., East Liverpool, two counts of assault with a dangerous weapon (pistol) last Nov. 11 on Walter (Brent) Parsons of East Liverpool.

James Lovett, 26, of 5th Ave., LaCroft, rape Oct. 24 in East Liverpool.

Daniel Delp, 22, Salem RD 1, burglaries Dec. 13 at Peoples Lumber Co. and Chappel & Zimmerman in Salem.

William Nixon, Wellsville, uttering and publishing a fraudulent $200 check.

Peg Evans, East Liverpool RD, receiving stolen property. Her husband, Rodney Evans, indicted on the same charge, entered a plea of former jeopardy. His counsel, Bernard Fineman of East Liverpool, said Evans was tried on this charge as a misdemeanor in a lower court. Judge Sharp said a hearing will be held on the defendant's plea.

—:—

THE JUDGE ordered presentence examinations and reports for two defendants who pleaded guilty and asked for probation. They are:

Barbara Ann Starkey, 26, Chester RD 1, W. Va., uttering and publishing a fraudulent $100 check Oct. 7 at Thorne's Valu King store in East Liverpool and Benjamin R. Phillips, 20, of 573 Wisconsin Ave., Salem, burglaries Dec. 13 at Peoples Lumber Co. and Chappell & Zimmerman in Salem.

Linda Ann Jones, 21, of 321 Buckeye Ave., Wellsville, charged with uttering and publishing a fraudulent $125 check last August at Crook's in East Liverpool, did not appear.

Judge Sharp, who had released her on her recognizance in the amount of $1,000, ordered the bond forfeited and directed the sheriff to bring her in. Her failure to appear becomes a separate offense.

Three defendants indicted secretly have not been located. Arraignment was continued for James Criss, 54, of Lisbon, charged with shooting Glendon Ikirt, 49, of Pleasant Heights, Lisbon, Jan. 6 at the fairgrounds. Criss was committed to Massillon State Hospital Jan. 10 for an examination and report.

National Steel Corp. Reports '68 Sales Up

PITTSBURGH (AP) — National Steel Corp.'s total sales increased by 12 per cent from 1967 to 1968, but earnings didn't show the rise, according to the company's president.

George A. Stinson said Monday, that 1968 was a, "year of progress which was not reflected by financial results." He attributed this to the income tax, and costs of new facilities.

Last year's earnings were $75.6 on sales of about $1.14 billion, compared to earnings of $69.5 on sales of $1.02 billion in 1967, he said.

Senate Due Measure

Ohio Bill Would Prohibit State Park Swim Fees

COLUMBUS, Ohio (AP) — State Sen. Ronald M. Mottl D-24 Parma planned to introduce a measure in the Ohio Senate today to prohibit the Department of Natural Resources from charging fees for swimming at state park lakes and beaches.

The department's division of parks and recreations recently decided to charge 50 cents for those over 16 and 25 cents for children for swimming in state parks. Children under six would be admitted free.

Mottl said Monday he hadn't decided whether to introduce a resolution or a bill.

A resolution would urge Gov. James A. Rhodes and the parks and recreations division to rescind the fee, but a bill would take away the division's authority to levy it.

"A charge for swimming is definitely discriminatory, especially in urban areas, expecially for poor families and large families," Mottl said.

"These families would not be able to send their kids swimming because the money would have to be saved for food, clothing and shelter."

Mottl said AFL - CIO leaders in Cleveland have protested the swimming fee.

House Democrats planned to caucus later today to select a successor to Marigene Valiquette D-79 Toledo, who resigned to fill a vacancy in the Senate. Miss Valiquette took over the seat held by State Sen. Frank W. King, who resigned to devote full time to his duties as president of the Ohio AFL-CIO.

The House met in a seven minute session Monday night while the Senate met for 23 minutes. Four bills were introduced in the House and eight bills and two resolutions in the Senate.

In the Senate, Charles J. Carney D-33 Youngstown introduced a bill to require a hearing in any labor dispute or strike before a court may issue any restraining order or injunction.

"Issuing orders binding on the parties without a full hearing is not a fair nor a wise way of handling disputes," said Carney, a regional representative of the United Steelworkers of America.

—A bill to designate Jan. 15 as Martin Luther King Jr. Day and a legal holiday in Ohio and a resolution urging Congress to also designate Jan. 15 (the day King was assassinated) as a national holiday.

—A resolution urging Congress to make more block grants available to states.

—A resolution authorizing legislative leaders to communicate with and to present their views before Congress, either orally or in writing.

—A bill to guarantee payment for persons covered by health and accident insurance so long as a qualified doctor provides the service.

—A bill to permit a new state resident to vote by obtaining an affidavit from the county election board up to four days before the election.

—A bill to require both plaintiff and defendant to release medical or personal injury amounts at pretrial hearings.

In the House James Thorpe R-90 Alliance introduced a bill to change the primary election day from May to June in a presidential election and to September in other years.

The bill has no connection with a proposal made by Secretary of State Ted W. Brown to move the primary from May to August.

Other House bills introduced would:

—Lower the amount of blood sobriety tests from .15 to .10.

—Require the state to maintain interstate highways within municipalities.

—Extend the time limit from 20 to 30 days for setting the trial date for small claims cases.

On Wednesday the House is expected to receive a bill permitting abortions under certain conditions.

John A. Galbraith R-76 Maumee planned to introduce the bill allowing abortions in three instances — when there was a substantial risk that the woman's health would be impaired if she had the child, when there was medical indication that the child would have a defect and when pregnancy resulted from rape or incest.

Galbraith said the bill is similar to measures now in effect in five states. Opposition is expected from church groups.

Heart Transplant Patient Claimed

CLEVELAND, Ohio (AP) — Heart transplant patient Wylie Julliard died early today in Cleveland Clinic Hospital.

Julliard received the heart in a transplant operation Dec. 16, was discharged from the hospital Jan. 21 and had been staying with an aunt in suburban Parma.

His mother, Mrs. Mary Capoline of Babylon, Long Island, N. Y., also was staying there.

He was readmitted to the hospital Sunday after complaining of stomach pains.

His father, Warren H. Julliard of Maple, Ill., said doctors told him there had been an apparent circulatory slowdown, although the heart appeared to be functioning properly.

Coast Guard Rescues Eight Ice Fishermen

PORT CLINTON, Ohio (AP)— Eight ice fishermen were rescued by the Coast Guard late Monday after being trapped for three hours on a huge ice floe that broke loose from shore near Catawba State Park and drifted 500 yards into Lake Erie. There were no injuries.

One of the fishermen, Edward Shaffer, 53, of Lorain, said the men never considered themselves in serious danger. He said two of them lost their fishing shanties in the lake.

The fishermen were taken aboard a Coast Guard skiff about seven mile from the Marblehead station. The water is about 15 feet deep at that point.

Mrs. Esther DeTemple 424-5965

LISBON — Various leaders of the Lisbon Majorettes were chosen during tryouts Sunday at the firemen's room in Village Hall.

Named co-leaders of the older group were Christy Cusick, 9-year-old daughter of Mr. and Mrs. Edwin Cusick of North St., and Shelly Baumgardner, 12 - year-old daughter of Mr. and Mrs. Ray Baumgardner of the Fairfield Rd.

In the Firefly Division, 6 - year-old Lorie Cusick, a sister of Christy's, and 7-year-old Debbie Mundy, daughter of Mr. and Mrs. John Mundy of Route 30, east, were selected.

They were judged in four categories — solo twirling, corps marching, corps twirling and showmanship. Miss Georgia Lide and Miss Jan Lehman, NBTA judges, were in charge.

Fifteen girls competed in the older group and 10 in the Fireflies.

The next meeting of the Majorettes Mothers Club will be Feb. 12 at the firemen's hall.

Musical Program Presented

A musical program was presented for the Lisbon Senior Citizens when they met Monday afternoon at Democratic headquarters.

Mrs. Mary Everett, Mrs. Donna Crosser and Mrs. Elaine Evans presented piano solos and duets.

Mrs. Esther DeTemple, president, conducted business. The February luncheon committee includes Mrs. Lillian Haught, Mrs. Ruth Willis, Mrs. Mary Lewis and Charles Cannon.

A "place" committee also was appointed — Mrs. Hazel Shafer, Louis McKenna and Mrs. Margaret Galbreath.

Mrs. Ruth Willis, chaplain, closed the meeting with prayer.

A silent auction netted $22.

Lunch and cards completed the afternoon.

Mrs. Esther DeTemple 424-5965

LISBON — Various leaders of the Lisbon Majorettes were chosen during tryouts Sunday at the firemen's room in Village Hall.

Named co-leaders of the older group were Christy Cusick, 9-year-old daughter of Mr. and Mrs. Edwin Cusick of North St., and Shelly Baumgardner, 12 - year-old daughter of Mr. and Mrs. Ray Baumgardner of the Fairfield Rd.

In the Firefly Division, 6 - year-old Lorie Cusick, a sister of Christy's, and 7-year-old Debbie Mundy, daughter of Mr. and Mrs. John Mundy of Route 30, east, were selected.

They were judged in four categories — solo twirling, corps marching, corps twirling and showmanship. Miss Georgia Lide and Miss Jan Lehman, NBTA judges, were in charge.

Fifteen girls competed in the older group and 10 in the Fireflies.

The next meeting of the Majorettes Mothers Club will be Feb. 12 at the firemen's hall.

Musical Program Presented

A musical program was presented for the Lisbon Senior Citizens when they met Monday afternoon at Democratic headquarters.

Mrs. Mary Everett, Mrs. Donna Crosser and Mrs. Elaine Evans presented piano solos and duets.

Mrs. Esther DeTemple, president, conducted business. The February luncheon committee includes Mrs. Lillian Haught, Mrs. Ruth Willis, Mrs. Mary Lewis and Charles Cannon.

A "place" committee also was appointed — Mrs. Hazel Shafer, Louis McKenna and Mrs. Margaret Galbreath.

Mrs. Ruth Willis, chaplain, closed the meeting with prayer.

A silent auction netted $22.

Lunch and cards completed the afternoon.

Grange Will Meet

The Guilford Grange will meet Saturday at 6:30 p. m. for a coverdish dinner for both old and new members.

The meeting will begin at 8.

If you ever find a better deal than gas heat grab it!

Quick.
Here's what you have to beat: Gas heat is dependable, safe from the elements. Gas heat is clean—filtered clean. Gas heat is fresh air, circulating heat. Gas heats your whole home evenly . . . including the basement. Gas heat is convenient —set one thermostat and forget it. Gas heats quickly.

Even if you could beat—or even match—all these beauties of Gas heat, you still have one other advantage to beat. The economy of Gas heat! If you ever find a better deal than Gas heat, by all means grab it.

Lots of luck.

East Liverpool Remains 12th In High School Cage Poll

Sports Whirled

By TURK PIERCE

Review Sports Editor

Proving that a winner will draw a crowd in Pittsburgh, the Duquesne Dukes, ranked 10th nationally, attracted 12,114 to the Civic Arena for their game with St. Bonaventure Sunday afternoon.

The turnout was the biggest ever to attend a college basketball game in Pittsburgh, and the fans, standing and sitting in the aisles, weren't disappointed. The final score of 84-69 belies the closeness of the Dukes' win. It was 70-68 with a little over two minutes to go when Duquesne ran off 10 straight points to sew up the verdict.

BOB LANIER was magnificent in defeat, and if he hadn't gotten into foul trouble it is probable that the Bonnies would have won. Lanier picked up his fourth personal with about 13 minutes left, and coach Larry Weise benched his 6-11 star. Three of the four calls on Lanier were very questionable.

Lanier had scored 21 points in the first half, connecting on all varieties of shots. Without the big man, the visitors had no one in the lineup over 6-3, and Duquesne, which had been down by seven at halftime, came back. The Dukes, despite the presence of Gary Major and the Nelson twins, all 6-9, were getting beaten on both the offensive and defensive boards by the Bonnies.

But with Lanier out, Major went to work, and scored several tip-ins. The Dukes drew even, and with about seven minutes left Lanier returned. The game remained close until the final two minutes, when Bill Zopf of Monaca started engineering fast breaks that ruined the Brown Indians.

Despite not scoring in the first 10 minutes, Zopf led the Dukes with 23 points. Aliquippa's Jarrett Durham added 19 and Major, from Akron Revere, 17.

Lanier, who was ranked 16th nationally with a 25.1 scoring average, ended with 35. He looked more impressive than Lew Alcindor on offense, though defensively Big Lew has no peer.

SIM HILL of Midland is 32nd nationally in scoring, hitting 23.4 a game for West Texas State. Dave Sorenson of Ohio State is 37th. Larry Lewis of St. Francis has taken over the national rebounding lead with a 21.6 per game average.

Duquesne is seventh nationally in defense, while Cincinnati is 13th and Kent State 18th. St. Francis is fourth and Marshall seventh in rebounding.

In small-college figures, John Rinka of Kenyon has dropped to third in scoring, while John McElroy of Youngstown State is ninth, Jeff Claypool of Grove City 10th and Charlie Claggett of Dension 28th. Claypool is ninth in field goal shooting.

Russ Boston of Westminster is fifth in foul shooting, Sam Iacino of West Liberty sixth, John Dunlop of Kenyon ninth and Rinka 13th. Glen Summors of Gannon is 10th in rebounding.

Ashland is far ahead in team defense, with Wittenberg ninth, Muskingum 13th and Akron 19th. Indiana, Pa., is 18th in offense and leads the country in average scoring margin, outpointing its foes by 31.0 a game. Ashland is sixth in this department.

Kenyon leads the nation in foul shooting, with Wooster seventh and West Liberty 14th. Grove City is 10th in field goal percentage.

Sebring 11th In Class A Poll

COLUMBUS, Ohio (AP) - - East Liverpool remained 12th in this week's Associated Press high school poll, getting 24 votes.

The Potters moved ahead of Marion Harding, which lost twice last week, but were passed by Sandusky. Columbus East remained first in the voting, increasing their lead.

The all - winning Tigers disposed of two more foes over the weekend to run their unbeaten string to 37, 13 during the current campaign.

The sports writers and sportscasters who vote in the poll gave East 161 points while runnersup Toledo Libbey, 11-0, and Zanesville, 13-0, deadlocked with 99 points.

Coach Bob Hart's terrific Tigers whipped seventh-ranked Columbus South 71 - 66 Friday but held a 16-point margin with only 90 seconds left. South Whittled the lead down against reserves.

East came back with another strong effort Saturday clipping Columbus West 71-58. All the Class AA schools in The AP's top ten triumped over the weekend except Marion Harding which dropped a pair by a total of three points. Harding, eighth last week, slipped to 13th.

Canton McKinley, 12 - 1, held fourth followed by Lima Bath, 13 - 0; Marlington, 13 - 0; South 11-1; Columbus Linden, 10-2; Hamilton Garfield, 10 - 1 and Canton Lehman, 13-1.

Garfield, a state semifinalist last year, crashed into the charmed circle for the first time this season.

There was a new leader in Class A as Granville, punished for using an ineligible player and forced to forfeit 14 victories, surrendered the top spot.

Strasburg, second last week, jumped into the No. 1 spot on 120 points compared to 88 for Zane Trace of Ross County. Strasburg, the small school king in 1967, is 13-0 while Zane Trace is 15-0.

The voters still supported Granville with 78 points, good enough for third place on a 1-14 record. Granville has not lost on the floor.

West Muskingum, 13-0, was fourth, followed by Garaway, 11-1; Bloomville, 15-1; Collins Western Reserve, 13-0; Newark Catholic, 12-2; Bridgeport, 11-1, and Fort Recovery, 15-0.

Newark Catholic lost a three-pointer to Centerburg and skidded from fourth to eighth. Bloomville, ninth a week ago, moved up three notches as did Western Reserve, 10th last week.

Fort Recovery crashed into the elite group replacing state champion Mansfield St. Peter, which fell to 12th after losing its fifth in 14 games.

COLUMBUS, Ohio (AP) — Here's how the top ten are rated in The Associated Press weekly high school basketball poll (points on a 10, 9, 8, etc. basis):

Class AA

School	W.	L.	Pts.
1. Columbus East	13	0	161
2. Toledo Libbey	11	0	99

George Archer Wins Bing Crosby Golf

By RON RAPOPORT

Associated Press Sports Writer

PEBBLE BEACH, Calif. (AP) — Your average golfer doesn't generally consider double bogeys and triple bogeys blessings in disguise. But then, George Archer isn't your average golfer.

Sitting in an overstuffed chair while sipping a short beer, Archer was flushed with victory after carrying off the $25,000 first prize in the Bing Crosby National Pro-Amateur Golf Tournament. He shot a 71 Monday for a 283 total, five strokes under par.

One stroke back on the Pebble Beach course were Bob Dickson and Howie Johnson, who found missed putts costly, and third-round leader Dale Douglass, who got that close with a birdie on the final hole.

They were that close only because of what had happened to Archer the day before. Playing the back nine of the Spyglass Hill course, Archer got bogged down in sand on the 17th and 18th holes and took a double and triple bogey.

He came in with three birdie putts and finished at even par, two strokes behind Douglass and one in back of Johnson.

"If I hadn't made double bogey and triple bogey," the 29-year-old pro said, "I'd have teed off today with a five-shot lead and I'd have been scared to death. It's the hardest thing in the world to keep a lead."

Dickson who turned 25 Saturday, shot one of the day's best rounds, a 68, but missed a tie for the lead when he blew a 10-inch putt while three-putting the 11th hole.

"It's one of the shortest putts I've ever missed," he said. "I rushed it. I guess I wanted to get it over with.

"I have quite a record. I do quite well in a tournament or I miss the cut. I've still got a long way to go and a lot to learn."

Jack Nicklaus, at 71—287, Billy Casper at 70—290 and Arnold Palmer at 73—297 were well out of contention while young John Lotz, shooting a 72, came up to take fifth place at 285.

Dickson and actor Jack Ging, won the pro-am best ball competition with a 64 on Monday and a 257 total. Dickson added the $3,500 first prize to his winnings.

Archer, fourth leading money with more than $150,000 on the tour last year but still not the best known of golfers, now sets his sights on the Masters, U.S. Open and PGA titles.

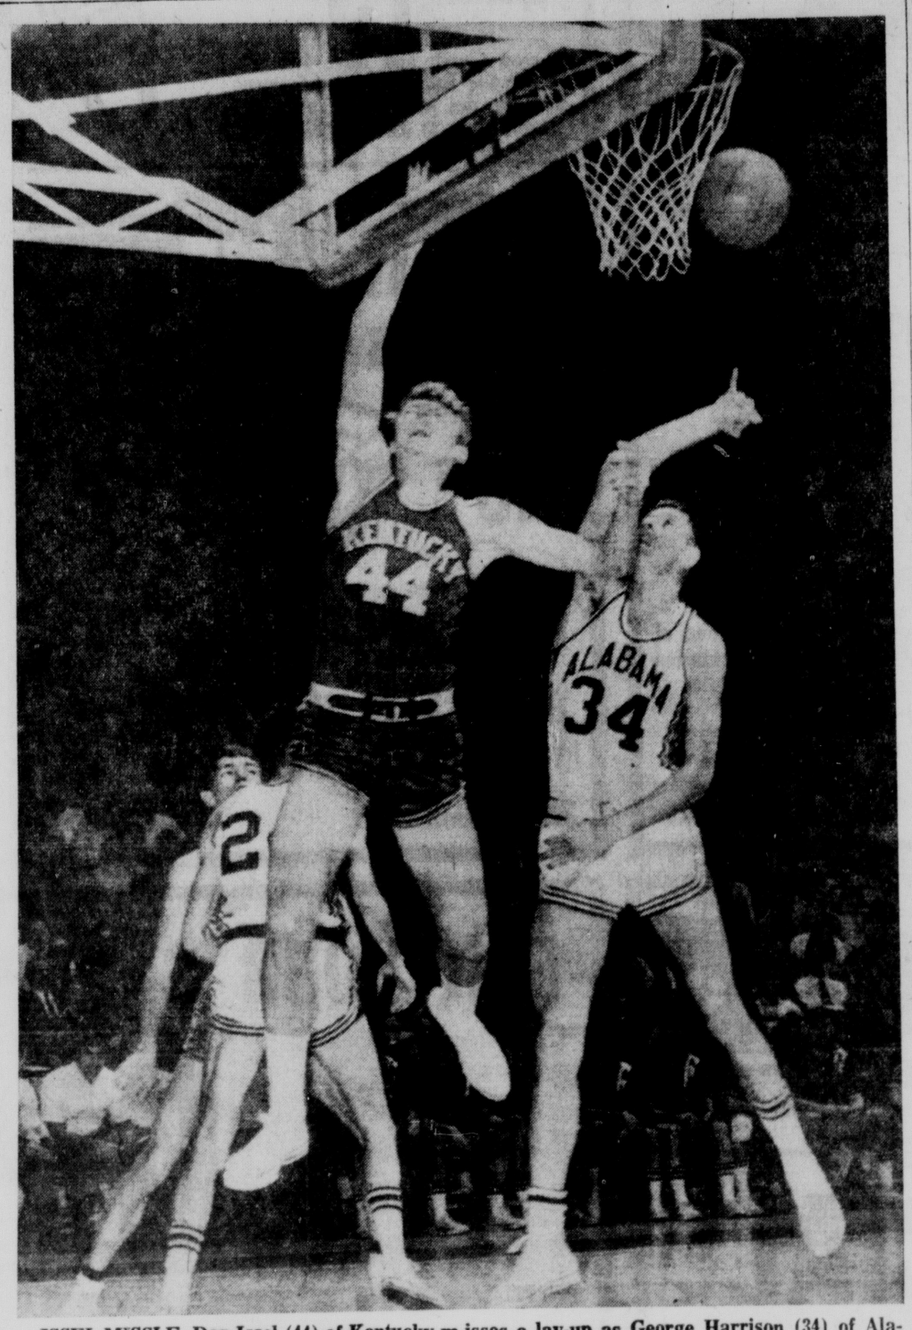

AA Back In Business After 6-Year Layoff

INDIANAPOLIS, Ind. (AP) — The American Association, final stepping stone to the major leagues for Stan Musial, Ted Williams, and Willie Mays and many other baseball stars, is back in business after a six-year layoff.

Former pitching great Allie Reynolds was named president of the six-team league at an organizational meeting Monday. League headquarters will be in his home town, Oklahoma City.

Members of the reborn Class AAA league include four teams in the Pacific Coast League last season—Oklahoma City, Tulsa, Denver and Indianapolis. Omaha and Des Moines are the other teams.

The Tigers took eight of nine games from the Indians in Detroit in 1968.

Kentucky Nips Alabama; Tennessee Stops LSU

By HERSCHEL NISSENSON

Associated Press Sports Writer

While Adolph Rupp and the Kentucky Wildcats are having their cake and eating it, too, Ray Mears and his Tennessee Volunteers are thriving on an unlikely Chinese dish named Pete Maravich.

The Kentuckians had a cake celebration for the third time this season and Rupp claimed his 800th coaching victory Monday night following an 83-70 overtime conquest of stubborn Alabama.

Meanwhile, Tennessee, which held Louisiana State's Maravich to lows of 17 and 21 points last season, limited the national scoring leader and defending champion to another 21, this season's low, with a Chinese defense in an 81-68 victory over the Tigers.

Kentucky enjoyed its first cake after beating Mississippi State on Jan. 6 and claiming it was the first school to post 1,000 college basketball triumphs. The NCAA, however, threw out five games played in Israel in 1966 but Kentucky uncovered three previously overlooked victories in the early 1900s and celebrated again two games later.

Now comes Rupp with his 800 wins, including the five in Israel, so perhaps the menu should have been matzo ball soup instead of cake.

"They're just a bunch of cake eaters, and they played like it tonight," said a Kentucky spokesman after lowly Alabama, 4-9, had scared the daylights out of the fifth-ranked Wildcats, 13-2.

Kentucky led most of the way but Alabama's Jim Adkins tied the score at 64-all by making a free throw with 18 seconds left in regulation time.

The overtime was a different story. Larry Steele tipped in a basket, Mike Casey hit a 15-footer and Dan Issel sank two free throws for a 70-64 lead. After an Alabama basket, Kentucky broke it open, with the 6-foot-8 Issel scoring seven overtime points and finishing with 33.

Tennessee's Mears described his Chinese defense as a zone with two men concentrating on Maravich.

"It takes more than one guy to stop him," said Mears, noted for his teams' defensive play.

Maravich, averaging 46 points a game, made eight of 18 shots under intense pressure.

The only other teams in The Associated Press' Top Twenty besides Kentucky to see action Monday night were 13th-ranked Tulsa, which overcame North Texas State 104-94, and Dayton, No. 20, a 72-64 winner over Xavier of Ohio.

Bobby Smith fired in 32 points, 19 in the second half, as Tulsa came from 14 points back to whip North Texas for its 15th win in 17 games and seventh straight in Missouri Valley Conference play.

The losers, led by Joe Hamilton and Leroy Winfield, started almost flawlessly and held a 56-46 halftime lead. But Smith, aided by Ron Carson's 23 points and Rob Washington's 21, was too much for the Eagles. Smith moved into third place among Tulsa's career scorers with 1,146 points.

Co-captains Dan Obrovac and Dan Sadlier netted 23 and 20 points, respectively, as Dayton upped its record to 14-3 against Xavier. The losers' 6-10 Luther Rackley scored 15 points in the first half but the Flyers went into a zone and held him to one point thereafter.

Althea Gibson Darben, who hopes to return to tennis during 1969, earned $2,764.50 while playing in 19 Ladies PGA tournaments in 1968.

John Bobalik Gains Second In Scoring

Rob Carter of Southern Local maintained his lead among area scorers last week, but John Bobalik of Wellsville, bolstered by a 37-point effort Saturday night, jumped up to second place and closed the gap.

Bobalik increased his average from 19.4 to 21.2 by scoring 62 points in two games. Carter's average went up from 22.0 to 22.2. There are no newcomers to the Top 10 this week.

East Liverpool maintained its lead in team defense with a 44.5 mark compared to 49.0 by Midland. Wellsville is still the leader in offense with a 67.5 mark compared to 65.6 for Midland.

Southern, Western In Action Tonight

The WPIAL enjoys a mid-season break and most of the teams in West Virginia and Ohio are off as well tonight, with only two games listed in the area.

Southern Local, 3-11, entertains Jefferson Union in a Buckeye Border clash. The Indians are trying to win two in a row for the first time this year. Rob Carter leads the scoring with 22.2 a game. Jefferson Union is 6-7, with Ron Pytash and LeMoine Miller pacing the attack.

Western Beaver hosts Luarel of Section 20 in a non - league game. The Spartans posted a 4-1 non-league mark, but have gone 1-6 in loop play. Both teams lost to Riverside, but Western downed Northwestern, a team that beat Laurel. Chuck Kelker is hitting 12.9 and John Petchel 12.8 for the Golden Beavers of Don Lenz.

Elvin Hayes Has Big Lead In Scoring

NEW YORK (AP) — With National Basketball Association players scoring at a record pace, San Diego's Elvin Hayes continues to hold a wide lead in the point race.

Hayes, the Rockets' rookie sensation, has scored 1,554 points and is 329 ahead of Cincinnati's Oscar Robertson, the No. 2 man.

Hayes is one of 19 NBA players who have passed the 1,000-point plateau this year—the most ever to do it so early in the season.

One of those who haven't made it yet is Wilt Chamberlain of Los Angeles, who set a one-game high for the season with 60 ponts in a game last Sunday. Wilt, who has scored 960 points, leads in two other categories. He has 1,017 rebounds, tops in that department, and leads in feld goal ipercentage wth a .578 accuracy mark.

Wrestling Match Postponed

The wrestling match between Oak Glen and Follansbee, scheduled for last night at Follansbee, has been postponed until tonight.

E. Liverpool Stays Third In E. Ohio

East Liverpool maintains third place among teams in Eastern Ohio according to the Turk Pierce rating system this week.

The only newcomer to the Top 10 is Class A Bridgeport, which ranks 10th. Bridgeport replaces Youngstown Rayen. Canton McKinley maintains a wide lead in the ratings.

Wheeling, rated at 78.9, continues to pace the West Virginia panhandle teams.

East Liverpool Remains 12th In High School Cage Poll

Sports Whirled

By TURK PIERCE
Review Sports Editor

Proving that a winner will draw a crowd in Pittsburgh, the Duquesne Dukes, ranked 10th nationally, attracted 12,114 to the Civic Arena for their game with St. Bonaventure Sunday afternoon.

The turnout was the biggest ever to attend a college basketball game in Pittsburgh, and the fans, standing and sitting in the aisles, weren't disappointed. The final score of 84-69 belies the closeness of the Dukes' win. It was 70-68 with a little over two minutes to go when Duquesne ran off 10 straight points to sew up the verdict.

BOB LANIER was magnificent in defeat, and if he hadn't gotten into foul trouble it is probable that the Bonnies would have won. Lanier picked up his fourth personal with about 13 minutes left, and coach Larry Weise benched his 6-11 star. Three of the four calls on Lanier were very questionable.

Lanier had scored 21 points in the first half, connecting on all varieties of shots. Without the big man, the visitors had no one in the lineup over 6-3, and Duquesne, which had been down by seven at halftime, came back. The Dukes, despite the presence of Gary Major and the Nelson twins, all 6-9, were getting beaten on both the offensive and defensive boards by the Bonnies.

But with Lanier out, Major went to work, and scored several tip-ins. The Dukes drew even, and with about seven minutes left Lanier returned. The game remained close until the final two minutes, when Bill Zopf of Monaca started engineering fast breaks that ruined the Brown Indians.

Despite not scoring in the first 10 minutes, Zopf led the Dukes with 23 points. Aliquippa's Jarrett Durham added 19 and Major, from Akron Revere, 17.

Lanier, who was ranked 16th nationally with a 25.1 scoring average, ended with 35. He looked more impressive than Lew Alcindor on offense, though defensively Big Lew has no peer.

SIM HILL of Midland is 32nd nationally in scoring, hitting 23.4 a game for West Texas State. Dave Sorenson of Ohio State is 37th. Larry Lewis of St. Francis has taken over the national rebounding lead with a 21.6 per game average.

Duquesne is seventh nationally in defense, while Cincinnati is 13th and Kent State 18th. St. Francis is fourth and Marshall seventh in rebounding.

In small-college figures, John Rinka of Kenyon has dropped to third in scoring, while John McElroy of Youngstown State is ninth, Jeff Claypool of Grove City 10th and Charlie Claggett of Dension 28th. Claypool is ninth in field goal shooting.

Russ Boston of Westminster is fifth in foul shooting, Sam Iacino of West Liberty sixth, John Dunlop of Kenyon ninth and Rinka 13th. Glen Summors of Gannon is 10th in rebounding.

Ashland is far ahead in team defense, with Wittenberg ninth, Muskingum 13th and Akron 19th. Indiana, Pa., is 18th in offense and leads the country in average scoring margin, outpointing its foes by 31.0 a game. Ashland is sixth in this department.

Kenyon leads the nation in foul shooting, with Wooster seventh and West Liberty 14th. Grove City is 10th in field goal percentage.

Sebring 11th In Class A Poll

COLUMBUS, Ohio (AP) - - East Liverpool remained 12th in this week's Associated Press high school poll, getting 24 votes.

The Potters moved ahead of Marion Harding, which lost twice last week, but were passed by Sandusky. Columbus East remained first in the voting, increasing their lead.

The all - winning Tigers disposed of two more foes over the weekend to run their unbeaten string to 37, 13 during the current campaign.

The sports writers and sportscasters who vote in the poll gave East 161 points while runnersup Toledo Libbey, 11-0, and Zanesville, 13-0, deadlocked with 99 points.

Coach Bob Hart's terrific Tigers whipped seventh-ranked Columbus South 71 - 66 Friday but held a 16-point margin with only 90 seconds left. South Whittled the lead down against reserves.

East came back with another strong effort Saturday clipping Columbus West 71-58. All the Class AA schools in The AP's top ten triumped over the weekend except Marion Harding which dropped a pair by a total of three points. Harding, eighth last week, slipped to 13th.

Canton McKinley, 12 - 1, held fourth followed by Lima Bath, 13 - 0; Marlington, 13 - 0; South 11-1; Columbus Linden, 10-2; Hamilton Garfield, 10 - 1 and Canton Lehman, 13-1.

Garfield, a state semifinalist last year, crashed into the charmed circle for the first time this season.

There was a new leader in Class A as Granville, punished for using an ineligible player and forced to forfeit 14 victories, surrendered the top spot.

Strasburg, second last week, jumped into the No. 1 spot on 120 points compared to 88 for Zane Trace of Ross County. Strasburg, the small school king in 1967, is 13-0 while Zane Trace is 15-0.

The voters still supported Granville with 78 points, good enough for third place on a 1-14 record. Granville has not lost on the floor.

West Muskingum, 13-0, was fourth, followed by Garaway, 11-1; Bloomville, 15-1; Collins Western Reserve, 13-0; Newark Catholic, 12-2; Bridgeport, 11-1, and Fort Recovery, 15-0.

Newark Catholic lost a three-pointer to Centerburg and skidded from fourth to eighth. Bloomville, ninth a week ago, moved up three notches as did Western Reserve, 10th last week.

Fort Recovery crashed into the elite group replacing state champion Mansfield St. Peter, which fell to 12th after losing its fifth in 14 games.

COLUMBUS, Ohio (AP) — Here's how the top ten are rated in The Associated Press weekly high school basketball poll (points on a 10, 9, 8, etc. basis):

John Bobalik Gains Second In Scoring

Rob Carter of Southern Local maintained his lead among area scorers last week, but John Bobalik of Wellsville, bolstered by a 37-point effort Saturday night, jumped up to second place and closed the gap.

Bobalik increased his average from 19.4 to 21.2 by scoring 62 points in two games. Carter's average went up from 22.0 to 22.2. There are no newcomers to the Top 10 this week.

East Liverpool maintained its lead in team defense with a 44.5 mark compared to 49.0 by Midland. Wellsville is still the leader in offense with a 67.5 mark compared to 65.6 for Midland.

Kentucky Nips Alabama; Tennessee Stops LSU

By HERSCHEL NISSENSON
Associated Press Sports Writer

While Adolph Rupp and the Kentucky Wildcats are having their cake and eating it, too, Ray Mears and his Tennessee Volunteers are thriving on an unlikely Chinese dish named Pete Maravich.

The Kentuckians had a cake celebration for the third time this season and Rupp claimed his 800th coaching victory Monday night following an 83-70 overtime conquest of stubborn Alabama.

Meanwhile, Tennessee, which held Louisiana State's Maravich to lows of 17 and 21 points last season, limited the national scoring leader and defending champion to another 21, this season's low, with a Chinese defense in an 81-68 victory over the Tigers.

Kentucky enjoyed its first cake after beating Mississippi State on Jan. 6 and claiming it was the first school to post 1,000 college basketball triumphs. The NCAA, however, threw out five games played in Israel in 1966 but Kentucky uncovered three previously overlooked victories in the early 1900s and celebrated again two games later.

Now comes Rupp with his 800 wins, including the five in Israel, so perhaps the menu should have been matzo ball soup instead of cake.

"They're just a bunch of cake eaters, and they played like it tonight," said a Kentucky spokesman after lowly Alabama, 4-9, had scared the daylights out of the fifth-ranked Wildcats, 13-2.

Kentucky led most of the way but Alabama's Jim Adkins tied the score at 64-all by making a free throw with 18 seconds left in regulation time.

The overtime was a different story. Larry Steele tipped in a basket, Mike Casey hit a 15-footer and Dan Issel sank two free throws for a 70-64 lead. After an Alabama basket, Kentucky broke it open, with the 6-foot-8 Issel scoring seven overtime points and finishing with 33.

Tennessee's Mears described his Chinese defense as a zone with two men concentrating on Maravich.

"It takes more than one guy to stop him," said Mears, noted for his teams' defensive play.

Maravich, averaging 46 points a game, made eight of 18 shots under intense pressure.

The only other teams in The Associated Press' Top Twenty besides Kentucky to see action Monday night were 13th-ranked Tulsa, which overcame North Texas State 104-94, and Dayton, No. 20, a 72-64 winner over Xavier of Ohio.

Bobby Smith fired in 32 points, 19 in the second half, as Tulsa came from 14 points back to whip North Texas for its 15th win in 17 games and seventh straight in Missouri Valley Conference play.

The losers, led by Joe Hamilton and Leroy Winfield, started almost flawlessly and held a 56-46 halftime lead. But Smith, aided by Ron Carson's 23 points and Rob Washington's 21, was too much for the Eagles. Smith moved into third place among Tulsa's career scorers with 1,146 points.

Co-captains Dan Obrovac and Dan Sadlier netted 23 and 20 points, respectively, as Dayton upped its record to 14-3 against Xavier. The losers' 6-10 Luther Rackley scored 15 points in the first half but the Flyers went into a zone and held him to one point thereafter.

Althea Gibson Darben, who hopes to return to tennis during 1969, earned $2,764.50 while playing in 19 Ladies PGA tournaments in 1968.

George Archer Wins Bing Crosby Golf

By RON RAPOPORT
Associated Press Sports Writer

PEBBLE BEACH, Calif. (AP) — Your average golfer doesn't generally consider double bogeys and triple bogeys blessings in disguise. But then, George Archer isn't your average golfer.

Sitting in an overstuffed chair while sipping a short beer, Archer was flushed with victory after carrying off the $25,000 first prize in the Bing Crosby National Pro-Amateur Golf Tournament. He shot a 71 Monday for a 283 total, five strokes under par.

One stroke back on the Pebble Beach course were Bob Dickson and Howie Johnson, who found missed putts costly, and third-round leader Dale Douglass, who got that close with a birdie on the final hole.

They were that close only because of what had happened to Archer the day before. Playing the back nine of the Spyglass Hill course, Archer got bogged down in sand on the 17th and 18th holes and took a double and triple bogey.

He came in with three birdie putts and finished at even par, two strokes behind Douglass and one in back of Johnson.

"If I hadn't made double bogey and triple bogey," the 29-year-old pro said, "I'd have teed off today with a five-shot lead and I'd have been scared to death. It's the hardest thing in the world to keep a lead."

Dickson who turned 25 Saturday, shot one of the day's best rounds, a 68, but missed a tie for the lead when he blew a 10-inch putt while three-putting the 11th hole.

"It's one of the shortest putts I've ever missed," he said. "I rushed it. I guess I wanted to get it over with.

"I have quite a record. I do quite well in a tournament or I miss the cut. I've still got a long way to go and a lot to learn."

Jack Nicklaus, at 71—287, Billy Casper at 70—290 and Arnold Palmer at 73—297 were well out of contention while young John Lotz, shooting a 72, came up to take fifth place at 285.

Dickson and actor Jack Ging, won the pro-am best ball competition with a 64 on Monday and a 257 total. Dickson added the $3,500 first prize to his winnings.

Archer, fourth leading money with more than $150,000 on the tour last year but still not the best known of golfers, now sets his sights on the Masters, U.S. Open and PGA titles.

AA Back In Business After 6-Year Layoff

INDIANAPOLIS, Ind. (AP) — The American Association, final stepping stone to the major leagues for Stan Musial, Ted Williams, and Willie Mays and many other baseball stars, is back in business after a six-year layoff.

Former pitching great Allie Reynolds was named president of the six-team league at an organizational meeting Monday. League headquarters will be in his home town, Oklahoma City.

Members of the reborn Class AAA league include four teams in the Pacific Coast League last season—Oklahoma City, Tulsa, Denver and Indianapolis. Omaha and Des Moines are the other teams.

The Tigers took eight of nine games from the Indians in Detroit in 1968.

Southern, Western In Action Tonight

The WPIAL enjoys a mid-season break and most of the teams in West Virginia and Ohio are off as well tonight, with only two games listed in the area.

Southern Local, 3-11, entertains Jefferson Union in a Buckeye Border clash. The Indians are trying to win two in a row for the first time this year. Rob Carter leads the scoring with 22.2 a game. Jefferson Union is 6-7, with Ron Pytash and LeMoine Miller pacing the attack.

Western Beaver hosts Luarel of Section 20 in a non - league game. The Spartans posted a 4-1 non-league mark, but have gone 1-6 in loop play. Both teams lost to Riverside, but Western downed Northwestern, a team that beat Laurel. Chuck Kelker is hitting 12.9 and John Petchel 12.8 for the Golden Beavers of Don Lenz.

Elvin Hayes Has Big Lead In Scoring

NEW YORK (AP) — With National Basketball Association players scoring at a record pace, San Diego's Elvin Hayes continues to hold a wide lead in the point race.

Hayes, the Rockets' rookie sensation, has scored 1,554 points and is 329 ahead of Cincinnati's Oscar Robertson, the No. 2 man.

Hayes is one of 19 NBA players who have passed the 1,000-point plateau this year—the most ever to do it so early in the season.

One of those who haven't made it yet is Wilt Chamberlain of Los Angeles, who set a one-game high for the season with 60 ponts in a game last Sunday. Wilt, who has scored 960 points, leads in two other categories. He has 1,017 rebounds, tops in that department, and leads in feld goal ipercentage wth a .578 accuracy mark.

In College Poll

Duquesne Drops To 11th, Villanova Moves To 10th

By BEN OLAN
Associated Press Sports Writer

The powerful UCLA Bruins, again a unanimous choice for first place in The Associated Press' major college basketball poll, take on two teams with opposite records when they return to action on the West Coast this weekend.

Back from a successful two-game stand in the Midwest where they defeated Northwestern and Chicago Loyola to increase their record to 14-0, the Bruins meet California, 10-4, Friday and Stanford, 4-10, Saturday, both games at home.

The Golden Bears may turn out not to be so gentle because they have played well and two of their four setbacks have been by a single point, 70-71 to Cincinnati and 74-73 to Washington. Another defeat was to Purdue, now holding down 14th place in the weekly poll.

UCLA was named the top team by all 38 members of the AP's national panel of sports writers and broadcasters in the latest balloting based on games through last Saturday.

North Carolina, which faces Maryland, 5-10, Saturday, in its only game this week, remained in second place. The next four teams also retained their positions. They are Santa Clara, Davidson, Kentucky and St. John's of New York.

Illinois, which trampled 15-ranked Notre Dame 91-57, advanced one place to seventh and New Mexico State slipped back a notch to eighth. LaSalle held ninth place while Villanova and Duquesne switched positions, the Wildcats climbing to 10th and the Dukes dropping to 11th.

Villanova, 13-2, trounced Detroit and DePaul last week. Duquesne did not play until Sunday when it beat St. Bonaventure for its 12th triumph against one setback.

Frank McGuire's South Carolina Gamecocks are the only new additions to the rankings. They took over 19th place while Notre Dame dropped out altogether.

Purdue, a 102-79 winner over Minnesota, also gained considerable ground. The Boilermakers, 103-, moved up four

Dayton Tops Xavier, Zone Stops Rackley

By The Associated Press

Dayton basketball Coach Don Donoher says he gambled by going to a zone defense and it paid off as the Flyers defeated Xavier 72-64 Monday night.

But George Krajack, Musketeers, thinks fouls cost his team the game.

The coaches may have been dealing in semantics.

Dayton's zone defense deployed in the second half, did contain Xavier's big Luther Rackley to just one point, after the 6-foot-10 center scored 15 points in the first period.

And eight straight free throws in the last seven minutes did save Dayton from defeat.

"The zone defense was designed for Rackley," Donoher said. "He was either going to foul out everybody we had or set a fieldhouse scoring record."

Donoher said he went to the zone defense even though the Flyers aren't particularly proficient at it. "We just couldn't handle Rackley so we had to take a chance of them beating us from the outside," he said.

Krajack said it was the first time his team has faced the zone this season, "because we have such good outside shooters." But Monday night, "when we needed the outside shooting it just wasn't there."

Krajack said the Musketeers had Dayton where they wanted them. "They only made one basket in the last 11 minutes, but we didn't want to commit fouls. As Dayton has done before they made a big run of fouls to beat us," he said.

The Flyers were enjoying a comfortable 62-47 lead midway through the second half when Xavier scored nine straight points to put them back in contention.

The Flyers got only one basket in the last 11:40, but those eight foul shots saved the day.

Dayton center Dan Obrovoc led scorers with 23 points, followed by Dan Sadlier with 20. Rackley's 16 points was high for Xavier.

In the only other Ohio college basketball action Monday night, Central State rapped Cedarville 66-48 and Rio Grande edged Georgetown, Ky., 90-88.

OSU, Illinois Cagers In Big Game Tonight

By HAL PARIS
Associated Press Sports Writer

COLUMBUS, Ohio (AP) — Ohio State gets its stiffest test of the Big Ten season tonight when the Buckeyes challenge potent Illinois at St. John Arena.

A capacity crowd of 13,497 will watch the 12th ranked Buckeyes tangle with the seventh rated Illini in the biggest home attraction since UCLA made the scene early in December.

Coach Fred Taylor's crew is 11-2 on the season while Illinois has a spiffy 12-1 record, the lone loss to Purdue in a road skirmish.

Ohio and Purdue are tied for the league lead with perfect 3-0 records while the Illini are 2-1. The Bucks run into Purdue at Lafayette Saturday where the Boilermakers are almost invincible.

Illinois is fresh from an impressive 91 - 57 neutral court romp over tough Notre Dame while the Bucks rallied at Cleveland last Friday to down Cornell 96-78.

Taylor, who said Illinois has "perhaps the best balance between offense and defense of anyone in the league," picked the Illini as the preseason favorite in the Big Ten chase.

"They were beating people by an average margin of 16 points a game even before the game with Notre Dame," Taylor said.

Coach Harv Schmidt's club plays a sticky man-to-man defense that held Notre Dame to only six field goals in the first half. The Illini are paced by All-Conference Dave Scholz, a 6-foot-8 corner shooter hitting 22 points a game.

Illinois also boasts rookie Greg Jackson, a burly 6-8, 250-pounder who is sharing rebound honors with Scholz and who contributed 18 in the Notre Dame crusher.

Ohio will be at a decided height disadvantage against the visitors, who also boast 6 - 6 Randy Crews, 6-3 Jodie Harrison and 6-3 Mike Price.

The Bucks will counter with 6-5 Steve Howell and 6-3 Jim Cleamons at forwards; Dave Sorenson, 6-7, at center and 6-3 Jody Finney and 6 - 0 Denny Meadors at guards.

Sorenson, who flipped in 33 against Cornell, shows a 23.6 average and 15 rebounds. Cleamons, the Bucks' heralded sophomore, is second in both departments with 13.7 a game and 96 rebounds.

The two teams meet only once, as they did last year, when Ohio came out on top 67-64 in a thriller.

Second ABA All-Star Game Set Tonight

LOUISVILLE, Ky. (AP) — The second annual American Basketball Association's All-Star Game will be played tonight with Coach Alex Hannum of the West looking for a sleeper to pull out a victory.

The sleeper on Hannum's West All-Star team is Denver's Wayne Hightower, one of the two players picked by the coach for his team.

"The writers and broadcasters go with the glamor boys," Hannum said Monday. "There's nothing wrong with that, but I added Hightower to help us win the game."

Hightower have averaged 14.8 points and 9.1 rebounds a game for the Rockets, but Hannum says these figures do not tell the entire story of the player's worth.

"He has great ability to play defense," Hannum explained. "He is big enough to guard a big man and still agile enough to handle a good-sized guard."

After newsmen picked the first 10 members of the two squads, Hannum and Jim Harding, coach of the East All-Stars, each selected two more.

Hannum's other choice was Merv Jackson of Los Angeles while Harding, coach of the Minnesota Pipers, completed his roster with Jim Ligon of Kentucky and Art Heyman of Minnesota.

CHUCK NOLL

Chuck Noll New Steeler Head Coach

PITTSBURGH (AP) — Chuck Noll, going from the heights to the depths of pro football, has taken over the head coaching duties of the Pittsburgh Steelers.

The Steelers have won only 11 games in the last three National Football League seasons and never have gained an NFL championship.

But that doesn't bother Noll, who came to Pittsburgh from the NFL champion Baltimore Colts.

"I just don't believe that any certain area is doomed to have losers," said Noll at a news conference Monday.

Noll's first big job will be to help the Steelers in their selections in the college draft, which got under way today. Pittsburgh owns the No. 4 pick.

After the draft, Noll said he'll get down to selecting his assistants.

Noll said he was on the phone talking to prospective assistants minutes after he took the job offer from Dan Rooney, Steelers vice president.

Noll succeeds Bill Austin, fired after posting an 11-28-3 record in three seasons.

Noll played college football at the University of Dayton, then played guard and linebacker for the Cleveland Browns.

He was an assistant coach for the old Los Angeles Chargers, a team that captured five of six Western Division titles in the American Football League, and then went to Baltimore.

Noll was affable, laughing and joking at his news conference until a reporter jokingly told him: "Get up and tell the crowd the Steelers are going to win a division title this year."

"I can't tell a lie," Noll answered, deadpan.

Massillon's Bob Seaman Quits Post

MASSILLON, Ohio (AP)—Bob Seaman has resigned after three years as head football coach at Massillon High School.

The school board meets today to accept the resignation Seaman tendered Monday to Dr. James Fry, superintendent of schools.

Although Seaman compiled a record of 20 victories against nine defeats and one tie in his first three years as head football coach here, many fans had called for his resignation.

Seaman, 36, said earlier this month that he would not quit the Massillon post except to move up to an assistant coach's job on the college level.

Coach Gordon Larson at Akron University said Monday that Seaman is one of three applicants being considered to replace Zip assistant coach Jim Herbstreit, who is moving to Miami University.

Seaman also is believed to be considering offers from San Jose (Calif.) State, Northern Arizona and Virginia.

In 1966, Seaman's first season at Massillon, the Tigers posted a 4-5-1 mark. It was their first losing season in 30 years. They bounced back in 1967 by winning nine of their 10 games, but fell to a 7-3 mark last season. The 26-6 loss to Canton McKinley in the final game of 1968 set off a howl by the Tiger faithful for Seaman's resignation.

Esposito Leads NHL In Scoring

NEW YORK (AP) — Phil Esposito, whose superior play at center has helped Boston open a seven-point lead in the National Hockey League's East Division, held an eight-point lead today in the circuit's individual scoring race.

Esposito boosted his totals to 30 gals and 43 assists for 73 points in last week's games while former teammate Bobby Hull maintained second place with 65 points on 31 goals and 34 assists. Hull and Detroit's Frank Mahovlich are tied for the lead in goals.

Gordie Howe of Detroit is third in points with 64 followed by Stan Mikita of Chicago, the defending scoring titleholder, 58 and Alex Delvecchio of Detroit, another veteran, with 54.

Red Berenson of St. Louis is the only player from the West Division in the first 10. He is in eight place with 51 points.

Pro Football Draft Under Way Today

NEW YORK (AP) — Pro football's talent hunters put ther scouting reports on the table today as the annual college draft —a 17-round marathon—got under way at a midtown hotel.

The owners, general managers and coaches of the 16 National Football League and 10 American Football League clubs hoped to complete their selection lists in two days time.

They were reconciled to a much longer wait before realizing the fruits of their endeavor.

Of the 442 graduating college stars to be snapped up in the two leagues' third combined draft, less than half figure to win jobs this summer at the AFL and NFL training camps. Injuries will scratch some of the rookies, but most of the dropouts simply won't have the ability to make the big jump to the hard knocks of the pro game.

Last year, the pro clubs spent more than $4 million scouting and signing rookie prospects. Cincinnati's AFL expansion team opened its first season with 23 first-year men on the roster. Los Angeles and New Orleans of the NFL went with just two apiece.

As it turned out, the 1968 rookie crop was one of the best in recent years.

Detroit's Earl McCullouch, Atlanta's Claude Humphrey, Philadelphia's Tim Rossovich and Cleveland's Marvin Upshaw, all No. 1 picks, had standout freshman seasons in the NFL. Bob Johnson of Cincinnati, Miami's Larry Csonka, Kansas City's Mo Moorman and Buffalo's Haven Moses were among the first round choices who clicked in the AFL.

However, running back Paul Robnson of Cincinnati and defensive back George Atkinson of Oakland emerged as the best of the AFL lot. Robinson was the Bengals' fifth pick in the draft and Oakland didn't tab Atkinson until the seventh round.

The world champion New York Jets got plenty of mileage from offensive tackle Sam Walton, their No. 3 pick. But their top choice, touted fullback, Lee White, injured a knee in the first game and was lost for the remainder of the season.

The stakes were high—and the risks heavy—as the pros gathered around the draft table this morning for another star-gazing fling.

O.J. Simpson, Leroy Keyes, Ted Kwalick and Co. have proven themselves in the college game. But the pro proving grounds still lie ahead.

Biles Quits Xavier, Heading For Saints

CINCINNATI (AP) — Ed Biles has resigned as head football coach at Xavier University, and from all indications he's bound for the New Orleans Saints of the National Football League and an assistant coaching job.

Biles, 37, sidelined all questions pertaining to where his new "position in coaching" would take him, saying only it would be "out of Cincinnati and not as a head coach."

However, the Cincinnati Enquirer reported today it had learned he has been chosen to handle either the backfield or receiver coaching chores for the Saints.

The guesswork began Monday afternoon after Biles stunned a news conference with announcement of his resignation — and then declined to say where he was going.

"It will be announced at the other end in about a week," he said and proceeded to outmaneuver reporters who wanted "the end" pinpointed.

Officials of the New Orleans team were not available for comment early today, but it's known that the Saints have three assistant spots open.

Biles was graduated in 1953 from Miami of Ohio University and stayed on as a student assistant until 1955.

After a one-year high school coaching stint in Cincinnati, he moved on to Xavier as freshman football coach. In 1961 he became head coach.

His Musketeer teams compiled a 39-28-2 record in seven seasons.

Xavier officials said his replacement would be named within a month, adding they would consider Biles' recommendation that assistant coach Irv Etler be named his successor.

At the time of his selection as head coach at Xavier, Biles was the youngest helmsman at a major college.

With Biles' departure "in about 10 days" three arch football rivals in southern Ohio will have one thing in common: new coaching reigns for the 1969 season.

Bo Schembechler left Miami for the chief coaching job at the University of Michigan in late December; Homer Rice left the helm at the University of Cincinnati a few days later for the athletic directorship at the University of North Carolina. Now Biles.

Ditka To Cowboys For End McDaniels

PHILADELPHIA (AP) — Mike Ditka is delighted . . . and Dave McDaniels is excited. It just goes to show what a change of scenery in the National Football League will do for you.

The Philadelphia Eagles Monday traded former All-Pro tight end Ditka to the Dallas Cowboys for untested split end McDaniels, prompting these euphorious comments:

Ditka: "I don't know anything about it, but if it's true, I'm delighted."

McDaniels: "I'm real excited about going to Philadelphia. The main thing is that I will get a chance to play."

Ditka was obviously happy about clearing out of town. His battle with Coach-General Manager Joe Kuharich was an open war. In fact, Ditka had said publicly he would never again play for the Eagles' field boss.

Ditka, 29, an eight-year NFL veteran, had his brightest years with the Chicago Bears. Before coming here two years ago in a trade for quarterback Jack Concannon, Ditka was Rookie of the Year in 1961 and four times a member of the All-Pro team.

The Eagles were apparently building for the future in acquiring McDaniels, 23, a speedster from Mississippi Valley College chosen as the Cowboys' second draft pick last year.

McDaniels was a super prospect in college, where he set a National Association of Intercollegiate Athletics' recption mark of 65 passes for 1,236 yards and seven touchdowns in his junior year.

The 6-4, 200-pound McDaniels sat out most of his rookie season, behind Bob Hayes and Lance Rentzel.

Five Midland Bowlers Hit 600 Mark

Five Midland men, bowling in the Lisbon Classic League at Lisbon, rolled over 600 Thursday night, the first time a team from Midland has ever performed this feat.

George Davis paced the team, sponsored by Don's Tavern, with a 248-687. Jesse Bernardi had a 666, Angelo Cellini a 616, Tony Barney a 606 and Rudy Yovich a 603. The total was 3,-178.

Loughery Paces Win

Bullets End Loss Streak, Retain Lead In NBA East

By The Associated Press

The Baltimore Bullets ended their National Basketball Association losing streak just in time.

With all but one-half game of their Eastern Division lead melted in the heat of a three-game losing streak, the Bullets pulled out of the sag with a 126-106 victory over Detroit Monday night. It restored their lead to one game over idle Philadelphia.

In the only other NBA game played, the Seattle SuperSonics turned back the Milwaukee Bucks 128-107 in Tacoma, Wash.

Kevin Loughery poured in 37 points and ladded 11 assists to lead the Baltimore attack. It was Loughery and Earl Monroe who keyed a 10-point Bullet string in the third period that opened a 78-67 lead for Baltimore.

Monroe, favoring a sprained left ankle, was held scoreless in the first half after picking up three quick personal fouls. But he got hot with eight points in the final three minutes of the third period and finished with 20 for the night in 26 minutes of action.

Gus Johnson had 23 and Loughery hit on 16 of 26 shots for his 37.

Dave Bing led the Pistons with 22.

Bob Rule's 31-point output triggered Seattle's success over Milwaukee. A jump shot by the big center at the outset of the second period broke a 26-all tie, and the Sonics led the rest of the way.

Seattle boosted its halftime bulge to 67-52 before the Bucks bounced back and closed to within 84-73 late in the third quarter. But the Sonics opened the gap to 95-82 at the end of the stanza and won going away.

Wayne Embry and Fred Hetzel supplied most of Milwaukee's scoring punch with 20 points apiece.

St. Albans' Tom Neal W. Va. Player Of Week

By ED RICE
Associated Press Sports Writer

Tom Neal, St. Albans' 6-foot-5 senior center, is this week's Associated Press high school basketball player of the week.

Neal earned the award by propelling the Red Dragons into eighth place among the AP's top ten prep teams with 35- and 37-point performances against Dunbar and Nitro last week.

Charleston maintained its grasp of first place in the high school rankings this week, although Huntington closed the gap from its second place spot.

In College Poll

Duquesne Drops To 11th, Villanova Moves To 10th

By BEN OLAN
Associated Press Sports Writer

The powerful UCLA Bruins, again a unanimous choice for first place in The Associated Press' major college basketball poll, take on two teams with opposite records when they return to action on the West Coast this weekend.

Back from a successful two-game stand in the Midwest where they defeated Northwestern and Chicago Loyola to increase their record to 14-0, the Bruins meet California, 10-4, Friday and Stanford, 4-10, Saturday, both games at home.

The Golden Bears may turn out not to be so gentle because they have played well and two of their four setbacks have been by a single point, 70-71 to Cincinnati and 74-73 to Washington. Another defeat was to Purdue, now holding down 14th place in the weekly poll.

UCLA was named the top team by all 38 members of the AP's national panel of sports writers and broadcasters in the latest balloting based on games through last Saturday.

North Carolina, which faces Maryland, 5-10, Saturday, in its only game this week, remained in second place. The next four teams also retained their positions. They are Santa Clara, Davidson, Kentucky and St. John's of New York.

Illinois, which trampled 15-ranked Notre Dame 91-57, advanced one place to seventh and New Mexico State slipped back a notch to eighth. LaSalle held ninth place while Villanova and Duquesne switched positions, the Wildcats climbing to 10th and the Dukes dropping to 11th.

Villanova, 13-2, trounced Detroit and DePaul last week. Duquesne did not play until Sunday when it beat St. Bonaventure for its 12th triumph against one setback.

Frank McGuire's South Carolina Gamecocks are the only new additions to the rankings. They took over 19th place while Notre Dame dropped out altogether.

Purdue, a 102-79 winner over Minnesota, also gained considerable ground. The Boilermakers, 103-, moved up four

Dayton Tops Xavier, Zone Stops Rackley

By The Associated Press

Dayton basketball Coach Don Donoher says he gambled by going to a zone defense and it paid off as the Flyers defeated Xavier 72-64 Monday night.

But George Krajack, Musketeers, thinks fouls cost his team the game.

The coaches may have been dealing in semantics.

Dayton's zone defense deployed in the second half, did contain Xavier's big Luther Rackley to just one point, after the 6-foot-10 center scored 15 points in the first period.

And eight straight free throws in the last seven minutes did save Dayton from defeat.

"The zone defense was designed for Rackley," Donoher said. "He was either going to foul out everybody we had or set a fieldhouse scoring record."

Donoher said he went to the zone defense even though the Flyers aren't particularly proficient at it. "We just couldn't handle Rackley so we had to take a chance of them beating us from the outside," he said.

Krajack said it was the first time his team has faced the zone this season, "because we have such good outside shooters." But Monday night, "when we needed the outside shooting it just wasn't there."

Krajack said the Musketeers had Dayton where they wanted them. "They only made one basket in the last 11 minutes, but we didn't want to commit fouls. As Dayton has done before they made a big run of fouls to beat us," he said.

The Flyers were enjoying a comfortable 62-47 lead midway through the second half when Xavier scored nine straight points to put them back in contention.

The Flyers got only one basket in the last 11:40, but those eight foul shots saved the day.

Dayton center Dan Obrovoc led scorers with 23 points, followed by Dan Sadlier with 20. Rackley's 16 points was high for Xavier.

In the only other Ohio college basketball action Monday night, Central State rapped Cedarville 66-48 and Rio Grande edged Georgetown, Ky., 90-88.

OSU, Illinois Cagers In Big Game Tonight

By HAL PARIS
Associated Press Sports Writer

COLUMBUS, Ohio (AP) — Ohio State gets its stiffest test of the Big Ten season tonight when the Buckeyes challenge potent Illinois at St. John Arena.

A capacity crowd of 13,497 will watch the 12th ranked Buckeyes tangle with the seventh rated Illini in the biggest home attraction since UCLA made the scene early in December.

Coach Fred Taylor's crew is 11-2 on the season while Illinois has a spiffy 12-1 record, the lone loss to Purdue in a road skirmish.

Ohio and Purdue are tied for the league lead with perfect 3-0 records while the Illini are 2-1. The Bucks run into Purdue at Lafayette Saturday where the Boilermakers are almost invincible.

Illinois is fresh from an impressive 91 - 57 neutral court romp over tough Notre Dame while the Bucks rallied at Cleveland last Friday to down Cornell 96-78.

Taylor, who said Illinois has "perhaps the best balance between offense and defense of anyone in the league," picked the Illini as the preseason favorite in the Big Ten chase.

"They were beating people by an average margin of 16 points a game even before the game with Notre Dame," Taylor said.

Coach Harv Schmidt's club plays a sticky man-to-man defense that held Notre Dame to only six field goals in the first half. The Illini are paced by All-Conference Dave Scholz, a 6-foot-8 corner shooter hitting 22 points a game.

Illinois also boasts rookie Greg Jackson, a burly 6-8, 250-pounder who is sharing rebound honors with Scholz and who contributed 18 in the Notre Dame crusher.

Ohio will be at a decided height disadvantage against the visitors, who also boast 6 - 6 Randy Crews, 6-3 Jodie Harrison and 6-3 Mike Price.

The Bucks will counter with 6-5 Steve Howell and 6-3 Jim Cleamons at forwards; Dave Sorenson, 6-7, at center and 6-3 Jody Finney and 6 - 0 Denny Meadors at guards.

Sorenson, who flipped in 33 against Cornell, shows a 23.6 average and 15 rebounds. Cleamons, the Bucks' heralded sophomore, is second in both departments with 13.7 a game and 96 rebounds.

The two teams meet only once, as they did last year, when Ohio came out on top 67-64 in a thriller.

Second ABA All-Star Game Set Tonight

LOUISVILLE, Ky. (AP) — The second annual American Basketball Association's All-Star Game will be played tonight with Coach Alex Hannum of the West looking for a sleeper to pull out a victory.

The sleeper on Hannum's West All-Star team is Denver's Wayne Hightower, one of the two players picked by the coach for his team.

"The writers and broadcasters go with the glamor boys," Hannum said Monday. "There's nothing wrong with that, but I added Hightower to help us win the game."

Hightower have averaged 14.8 points and 9.1 rebounds a game for the Rockets, but Hannum says these figures do not tell the entire story of the player's worth.

"He has great ability to play defense," Hannum explained. "He is big enough to guard a big man and still agile enough to handle a good-sized guard."

After newsmen picked the first 10 members of the two squads, Hannum and Jim Harding, coach of the East All-Stars, each selected two more.

Hannum's other choice was Merv Jackson of Los Angeles while Harding, coach of the Minnesota Pipers, completed his roster with Jim Ligon of Kentucky and Art Heyman of Minnesota.

CHUCK NOLL

Chuck Noll New Steeler Head Coach

PITTSBURGH (AP) — Chuck Noll, going from the heights to the depths of pro football, has taken over the head coaching duties of the Pittsburgh Steelers.

The Steelers have won only 11 games in the last three National Football League seasons and never have gained an NFL championship.

But that doesn't bother Noll, who came to Pittsburgh from the NFL champion Baltimore Colts.

"I just don't believe that any certain area is doomed to have losers," said Noll at a news conference Monday.

Noll's first big job will be to help the Steelers in their selections in the college draft, which got under way today. Pittsburgh owns the No. 4 pick.

After the draft, Noll said he'll get down to selecting his assistants.

Noll said he was on the phone talking to prospective assistants minutes after he took the job offer from Dan Rooney, Steelers vice president.

Noll succeeds Bill Austin, fired after posting an 11-28-3 record in three seasons.

Noll played college football at the University of Dayton, then played guard and linebacker for the Cleveland Browns.

He was an assistant coach for the old Los Angeles Chargers, a team that captured five of six Western Division titles in the American Football League, and then went to Baltimore.

Noll was affable, laughing and joking at his news conference until a reporter jokingly told him: "Get up and tell the crowd the Steelers are going to win a division title this year."

"I can't tell a lie," Noll answered, deadpan.

Massillon's Bob Seaman Quits Post

MASSILLON, Ohio (AP)—Bob Seaman has resigned after three years as head football coach at Massillon High School.

The school board meets today to accept the resignation Seaman tendered Monday to Dr. James Fry, superintendent of schools.

Although Seaman compiled a record of 20 victories against nine defeats and one tie in his first three years as head football coach here, many fans had called for his resignation.

Seaman, 36, said earlier this month that he would not quit the Massillon post except to move up to an assistant coach's job on the college level.

Coach Gordon Larson at Akron University said Monday that Seaman is one of three applicants being considered to replace Zip assistant coach Jim Herbstreit, who is moving to Miami University.

Seaman also is believed to be considering offers from San Jose (Calif.) State, Northern Arizona and Virginia.

In 1966, Seaman's first season at Massillon, the Tigers posted a 4-5-1 mark. It was their first losing season in 30 years. They bounced back in 1967 by winning nine of their 10 games, but fell to a 7-3 mark last season. The 26-6 loss to Canton McKinley in the final game of 1968 set off a howl by the Tiger faithful for Seaman's resignation.

Esposito Leads NHL In Scoring

NEW YORK (AP) — Phil Esposito, whose superior play at center has helped Boston open a seven-point lead in the National Hockey League's East Division, held an eight-point lead today in the circuit's individual scoring race.

Esposito boosted his totals to 30 gals and 43 assists for 73 points in last week's games while former teammate Bobby Hull maintained second place with 65 points on 31 goals and 34 assists. Hull and Detroit's Frank Mahovlich are tied for the lead in goals.

Gordie Howe of Detroit is third in points with 64 followed by Stan Mikita of Chicago, the defending scoring titleholder, 58 and Alex Delvecchio of Detroit, another veteran, with 54.

Red Berenson of St. Louis is the only player from the West Division in the first 10. He is in eight place with 51 points.

Pro Football Draft Under Way Today

NEW YORK (AP) — Pro football's talent hunters put ther scouting reports on the table today as the annual college draft —a 17-round marathon—got under way at a midtown hotel.

The owners, general managers and coaches of the 16 National Football League and 10 American Football League clubs hoped to complete their selection lists in two days time.

They were reconciled to a much longer wait before realizing the fruits of their endeavor.

Of the 442 graduating college stars to be snapped up in the two leagues' third combined draft, less than half figure to win jobs this summer at the AFL and NFL training camps. Injuries will scratch some of the rookies, but most of the dropouts simply won't have the ability to make the big jump to the hard knocks of the pro game.

Last year, the pro clubs spent more than $4 million scouting and signing rookie prospects. Cincinnati's AFL expansion team opened its first season with 23 first-year men on the roster. Los Angeles and New Orleans of the NFL went with just two apiece.

As it turned out, the 1968 rookie crop was one of the best in recent years.

Detroit's Earl McCullouch, Atlanta's Claude Humphrey, Philadelphia's Tim Rossovich and Cleveland's Marvin Upshaw, all No. 1 picks, had standout freshman seasons in the NFL. Bob Johnson of Cincinnati, Miami's Larry Csonka, Kansas City's Mo Moorman and Buffalo's Haven Moses were among the first round choices who clicked in the AFL.

However, running back Paul Robnson of Cincinnati and defensive back George Atkinson of Oakland emerged as the best of the AFL lot. Robinson was the Bengals' fifth pick in the draft and Oakland didn't tab Atkinson until the seventh round.

The world champion New York Jets got plenty of mileage from offensive tackle Sam Walton, their No. 3 pick. But their top choice, touted fullback, Lee White, injured a knee in the first game and was lost for the remainder of the season.

The stakes were high—and the risks heavy—as the pros gathered around the draft table this morning for another stargazing fling.

O.J. Simpson, Leroy Keyes, Ted Kwalick and Co. have proven themselves in the college game. But the pro proving grounds still lie ahead.

Biles Quits Xavier, Heading For Saints

CINCINNATI (AP) — Ed Biles has resigned as head football coach at Xavier University, and from all indications he's bound for the New Orleans Saints of the National Football League and an assistant coaching job.

Biles, 37, sidelined all questions pertaining to where his new "position in coaching" would take him, saying only it would be "out of Cincinnati and not as a head coach."

However, the Cincinnati Enquirer reported today it had learned he has been chosen to handle either the backfield or receiver coaching chores for the Saints.

The guesswork began Monday afternoon after Biles stunned a news conference with announcement of his resignation — and then declined to say where he was going.

"It will be announced at the other end in about a week," he said and proceeded to outmaneuver reporters who wanted "the end" pinpointed.

Officials of the New Orleans team were not available for comment early today, but it's known that the Saints have three assistant spots open.

Biles was graduated in 1953 from Miami of Ohio University and stayed on as a student assistant until 1955.

After a one-year high school coaching stint in Cincinnati, he moved on to Xavier as freshman football coach. In 1961 he became head coach.

His Musketeer teams compiled a 39-28-2 record in seven seasons.

Xavier officials said his replacement would be named within a month, adding they would consider Biles' recommendation that assistant coach Irv Etler be named his successor.

At the time of his selection as head coach at Xavier, Biles was the youngest helmsman at a major college.

With Biles' departure "in about 10 days" three arch football rivals in southern Ohio will have one thing in common: new coaching reigns for the 1969 season.

Bo Schembechler left Miami for the chief coaching job at the University of Michigan in late December; Homer Rice left the helm at the University of Cincinnati a few days later for the athletic directorship at the University of North Carolina. Now Biles.

Ditka To Cowboys For End McDaniels

PHILADELPHIA (AP) — Mike Ditka is delighted . . . and Dave McDaniels is excited. It just goes to show what a change of scenery in the National Football League will do for you.

The Philadelphia Eagles Monday traded former All-Pro tight end Ditka to the Dallas Cowboys for untested split end McDaniels, prompting these euphorious comments:

Ditka: "I don't know anything about it, but if it's true, I'm delighted."

McDaniels: "I'm real excited about going to Philadelphia. The main thing is that I will get a chance to play."

Ditka was obviously happy about clearing out of town. His battle with Coach-General Manager Joe Kuharich was an open war. In fact, Ditka had said publicly he would never again play for the Eagles' field boss.

Ditka, 29, an eight-year NFL veteran, had his brightest years with the Chicago Bears. Before coming here two years ago in a trade for quarterback Jack Concannon, Ditka was Rookie of the Year in 1961 and four times a member of the All-Pro team.

The Eagles were apparently building for the future in acquiring McDaniels, 23, a speedster from Mississippi Valley College chosen as the Cowboys' second draft pick last year.

McDaniels was a super prospect in college, where he set a National Association of Intercollegiate Athletics' reception mark of 65 passes for 1,236 yards and seven touchdowns in his junior year.

The 6-4, 200-pound McDaniels sat out most of his rookie season, behind Bob Hayes and Lance Rentzel.

Five Midland Bowlers Hit 600 Mark

Five Midland men, bowling in the Lisbon Classic League at Lisbon, rolled over 600 Thursday night, the first time a team from Midland has ever performed this feat.

George Davis paced the team, sponsored by Don's Tavern, with a 248-687. Jesse Bernardi had a 666, Angelo Cellini a 616, Tony Barney a 606 and Rudy Yovich a 603. The total was 3,178.

Loughery Paces Win

Bullets End Loss Streak, Retain Lead In NBA East

By The Associated Press

The Baltimore Bullets ended their National Basketball Association losing streak just in time.

With all but one-half game of their Eastern Division lead melted in the heat of a three-game losing streak, the Bullets pulled out of the sag with a 126-106 victory over Detroit Monday night. It restored their lead to one game over idle Philadelphia.

In the only other NBA game played, the Seattle SuperSonics turned back the Milwaukee Bucks 128-107 in Tacoma, Wash.

Kevin Loughery poured in 37 points and ladded 11 assists to lead the Baltimore attack. It was Loughery and Earl Monroe who keyed a 10-point Bullet string in the third period that opened a 78-67 lead for Baltimore.

Monroe, favoring a sprained left ankle, was held scoreless in the first half after picking up three quick personal fouls. But he got hot with eight points in the final three minutes of the third period and finished with 20 for the night in 26 minutes of action.

Gus Johnson had 23 and Loughery hit on 16 of 26 shots for his 37.

Dave Bing led the Pistons with 22.

Bob Rule's 31-point output triggered Seattle's success over Milwaukee. A jump shot by the big center at the outset of the second period broke a 26-all tie, and the Sonics led the rest of the way.

Seattle boosted its halftime bulge to 67-52 before the Bucks bounced back and closed to within 84-73 late in the third quarter. But the Sonics opened the gap to 95-82 at the end of the stanza and won going away.

Wayne Embry and Fred Hetzel supplied most of Milwaukee's scoring punch with 20 points apiece.

St. Albans' Tom Neal W. Va. Player Of Week

By ED RICE
Associated Press Sports Writer

Tom Neal, St. Albans' 6-foot-5 senior center, is this week's Associated Press high school basketball player of the week.

Neal earned the award by propelling the Red Dragons into eighth place among the AP's top ten prep teams with 35- and 37-point performances against Dunbar and Nitro last week.

Charleston maintained its grasp of first place in the high school rankings this week, although Huntington closed the gap from its second place spot.

1. Charleston (8)	11-0	115
2. Huntington (3)	11-0	107
3. Mullens (1)	11-0	93
4. Wheeling	11-1	72
5. Ceredo-Kenova	9-1	43

Catie Ball Gets Grant, But Gives Up Swimming

JACKSONVILLE, Fla. (AP) — Catie Ball, pert 17-year-old high school senior who holds two women's world swimming records, will be given a scholarship by the University of Florida Athletic Association even though she can't join the Gators' all-male swim team.

Athletic Director Ray Graves announced a drive to raise money from independent sources as well as the association for the Jacksonville girl.

"Even if she doesn't swim competitively again, we would like to have her at Florida as a good-will ambassador, if nothing else," Graves said. "She is an outstanding person as well as an outstanding athlete."

His first thought was to offer Miss Ball an Athletic grant, but she wouldn't be eligible for either Southeastern Conference or National Collegiate Athletic Association events. They restrict competition to male students.

Cathie's immediate reaction, upon learning of the plan from an Associated Press newsman, was: "I'd love it, but I want to hear him say it."

Graves called soon after to assure her it was true.

"I have to tell you I've made a decision to quit competing in swimming," Miss Ball said. "Of course, if I change my mind, I can always start training again."

She hopes to lead more balanced life, which she felt was impossible under the rigorous swimming practice schedule she has maintained the past four years.

If she were eligible to compete for the university against men, she said she couldn't quite visualize what it would be like.

"They are so much better," she said, "I guess it would just be a smear. I'd be scared to death."

She holds two world breaststroke records—1:14.3 for 100 meters and 2:38.5 for 200 meters.

In the 1968 Olympics in Mexico, she won a gold medal for an early relay event, then became ill and finished fifth in her specialty.

Westgate 5 Nips Weirton

Westgate won its second straight basketball game yesterday, pulling out a 49-47 win at Weirton.

Trailing 47-46, Mike Headley hit a pair of fouls with a minute to go. Jim Tipton, the high scorer with 23 points, connected on a foul shot in the final seconds for the final score. Hissan paced Weirton with 17.

WESTGATE	8	11	14	16	—49
WEIRTON	12	8	10	17	—47

In games decided by one run the New York Yankees compiled a 36-28 record during 1968.

Hull Gets Patrick Trophy

NEW YORK (AP) — Bobby Hull, the dynamic Chicago forward who many regard as in a class by himself, has joined a select group of people who have been honored for their contribution to hockey in the United States.

Hull was named winner Monday of the 1969 Lester Patrick Trophy. The award is for outstanding service to hockey in this country and will be presented to the Hawks' scoring ace at a dinner in New York on Tuesday evening, Feb. 18.

Hull holds the record for most goals in one season, 54 in 1965-66 He also has been named the league's Most Valuable Player twice.

Among previous winners of the trophy are Detroit's Gordie Howe, the NHL's all-time goal scoring leader, and the late Jack Adams, long-time general manager and coach of the Red Wings.

Juszczak's Unbeaten In Chester Cage Play

Juszczak's remained unbeaten in Chester City basketball play with an 85-56 win over Woodruff's last night.

Bob Juszczak led the way with 31 points and P. Clutter added 25. Cornell had 21 for the losers.

Clutter's meets D. Smith's and Daugherty's faces Woodruff's in action Wednesday.

Catie Ball Gets Grant, But Gives Up Swimming

JACKSONVILLE, Fla. (AP) — Catie Ball, pert 17-year-old high school senior who holds two women's world swimming records, will be given a scholarship by the University of Florida Athletic Association even though she can't join the Gators' all-male swim team.

Athletic Director Ray Graves announced a drive to raise money from independent sources as well as the association for the Jacksonville girl.

"Even if she doesn't swim competitively again, we would like to have her at Florida as a good-will ambassador, if nothing else," Graves said. "She is an outstanding person as well as an outstanding athlete."

His first thought was to offer Miss Ball an Athletic grant, but she wouldn't be eligible for either Southeastern Conference or National Collegiate Athletic Association events. They restrict competition to male students.

Cathie's immediate reaction, upon learning of the plan from an Associated Press newsman, was: "I'd love it, but I want to hear him say it."

Graves called soon after to assure her it was true.

"I have to tell you I've made a decision to quit competing in swimming," Miss Ball said. "Of course, if I change my mind, I can always start training again."

She hopes to lead more balanced life, which she felt was impossible under the rigorous swimming practice schedule she has maintained the past four years.

If she were eligible to compete for the university against men, she said she couldn't quite visualize what it would be like.

"They are so much better," she said, "I guess it would just be a smear. I'd be scared to death."

She holds two world breaststroke records—1:14.3 for 100 meters and 2:38.5 for 200 meters.

In the 1968 Olympics in Mexico, she won a gold medal for an early relay event, then became ill and finished fifth in her specialty.

Hull Gets Patrick Trophy

NEW YORK (AP) — Bobby Hull, the dynamic Chicago foward who many regard as in a class by himself, has joined a select group of people who have been honored for their contribution to hockey in the United States.

Hull was named winner Monday of the 1969 Lester Patrick Trophy. The award is for outstanding service to hockey in this country and will be presented to the Hawks' scoring ace at a dinner in New York on Tuesday evening, Feb. 18.

Hull holds the record for most goals in one season, 54 in 1965-66 He also has been named the league's Most Valuable Player twice.

Among previous winners of the trophy are Detroit's Gordie Howe, the NHL's all-time goal scoring leader, and the late Jack Adams, long-time general manager and coach of the Red Wings.

Juszczak's Unbeaten In Chester Cage Play

Juszczak's remained unbeaten in Chester City basketball play with an 85-56 win over Woodruff's last night.

Bob Juszczak led the way with 31 points and P. Clutter added 25. Cornell had 21 for the losers.

Clutter's meets D. Smith's and Daugherty's faces Woodruff's in action Wednesday.

Junior Editors Quiz on WINDMILLS

QUESTION: *What are windmills used for?*

* * *

ANSWER: For thousands of years, men have had the problem of raising water to the surface from wells to get drinking water and to irrigate the land. Windmills, with rotating arms turned by the wind, have been used in Europe since the 12th century for this purpose as well as to grind grain for flour. By 1430, the Dutch faced the need to drain and irrigate large areas of their land. They built countless windmills for this purpose, using a scoop wheel to lift water from a lower to a higher lever. In America, steel windmills were developed with the use of suction pumps, which can lift water from underground. Wind turns the main wheel, which moves a pump rod up and down by the mechanism which we show. The water is often stored in an elevated water tank from which it can run down by gravity. Windmills of this kind are also used to generate electricity and charge storage batteries. The tail or rudder sticking out behind the wheel of the windmill swings with the wind. This keeps the big wheel always in the right direction, facing the wind.

(Cheryl Croxall of E. Liverpool, O., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

In America, steel windmills were developed with the use of suction pumps, which can lift water from underground. Wind turns the main wheel, which moves a pump rod up and down by the mechanism which we show. The water is often stored in an elevated water tank from which it can run down by gravity. Windmills of this kind are also used to generate electricity and charge storage batteries. The tail or rudder sticking out behind the wheel of the windmill swings with the wind. This keeps the big wheel always in the right direction, facing the wind.

ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT SAT., FEB. 1, OR IT CANNOT BE ACCEPTED

One out of two families will have someone in the hospital this year! It could be you — or some beloved member of your family tomorrow...next week...next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have tripled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do with your pay check stopped, but living expenses still going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Plan that

...Pays you $100.00 a week tax-free cash when you go to the hospital.

What a blessing it is when you know you have an extra $100.00 cash coming in every week — beginning the very first day you enter the hospital.

Now, Presidential's economy plan enables you to enjoy this protection at once. Because it will NOT cost you $20.00. It will NOT cost you $10.00 — or even $5.00. Your special low price is just 25¢ for the first month's coverage. Then continue at low Presidential rates.

Your cash benefits increase each year — at no extra cost to you!

And what peace of mind not to worry about rising costs. Your protection automatically increases $3.00 a week each year. The first year you get $100.00 a week. You get $103.00 a week in the second year. $106.00 a week in the third year. $109.00 a week in the fourth year. By the eleventh year, your policy will be worth a full *$130.00 a week* in benefit payments...at no increase in cost to you! This generous cash reserve protection will belong to you for as long as you keep the policy. You can see that your insurance will be worth much *more* than the present "face value" of the policy. Certainly, our increased payments to you will help keep pace with rising costs and — best of all...

...The increasing benefits come to you at no extra cost. You still pay the regular low Presidential premium!

What other Plan protects you like this today? What other Plan keeps protecting you against rising living costs in the years ahead without increasing your premiums? And that's not all. This special Presidential Extra Cash Plan (#HP 18L-1067)...

PAYS Up to $10,000.00 CASH for each accident or illness, starting the very first day in the hospital.

PAYS $100.00 A WEEK CASH — if you need a full-time registered nurse when you come home from the hospital — up to 50 weeks.

PAYS $1,000.00 EXTRA CASH for accidental death.

PAYS Up to $2,000.00 CASH for accidental loss of limbs or eyesight.

PAYS $100.00 A WEEK CASH for each pregnancy, when you go to the hospital, assuming both husband and wife have been enrolled in the Family Plan With Maternity.

PAYS Up to $5,000.00 when a child goes to the hospital for any accident or illness when you are enrolled in the Family Plan.

PAYS you cash benefits that increase each year... to a maximum of $130.00-A-WEEK...at no extra cost to you.

PAYS all cash direct to you (not to doctor or hospital).

NO age limit — no medical examination required.

IF YOU ARE 65 OR OVER YOU WILL COLLECT IN ADDITION TO MEDICARE

Why are smart folks over 65 now hastening to protect themselves with the Presidential Extra Cash Plan in *addition* to what Medicare will do for them?

Even though Medicare is a great boon to folks over 65, it will not, of course, pay *all* the bills that quickly pile up as a result of illness or accident.

Regardless of your age, you still need additional health protection.

We have designed this plan as the *important addition* to what you receive from Medicare — or any other health insurance you may have. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be *big ones!* In addition to what you receive from Medicare, Presidential pays you $70.00 a week...EVEN FOR 100 WEEKS if necessary! *You can receive as much as $7,000.00 for each illness or injury when hospitalized!*

...Pays you $100.00 a week CASH for a registered nurse at home.

Yes, in addition to the $100.00 weekly checks we send you during your hospital stay, we pay you an extra $100.00 a week if the doctor says you need a full-time registered nurse to take care of you at home.

How comforting it is to know that — after your stay in the hospital, if you've been there three days or more, you can return home to recuperate and yet not be a burden to your loved ones. Yes, if your doctor says you need a registered nurse full time within 5 days after you come home, we'll send you checks for *$100.00 a week* — for as long as you need the nurse — even up to *50 weeks*. It's like having a reserve of $5,000.00 cash to draw on when you need it. These benefits *also increase* each year by $3.00 a week. Another exceptional feature you have with Presidential...

...Pays you $100.00 a week cash maternity benefits

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to buy all the things you need for the new baby? Now, if both husband and wife are insured in the wonderful *Family Plan With Maternity* for the entire period of the pregnancy, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days — *as long as necessary* — you get $100.00 a week for every day of your confinement, up to 100 weeks.

All these added cash benefits.

Yes, in addition to $100.00 a week for hospitalization or $100.00 a week maternity benefits and $100.00 a week for a registered nurse at home...you get all this:

Added cash benefits: $1,000.00 cash to your family if death occurs within 90 days from any accidental injury. Think of how handy the cash can be in time of loss. It can take care of burial expenses without burdening your loved ones.

Added cash benefit: Up to $2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs anytime within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for $1,000.00 or $2,000.00 brings peace of mind during the period of adjustment.

Added cash benefit: Choose *either* Family Plan...and your children will be covered too! Presidential pays up to $5,000.00 any time your youngster goes to the hospital...for tonsils, appendicitis, or *any other* illness or injury! Yes, you will receive $50.00 cash, week after week — for as many as *100 weeks*, if necessary.

We pay your premiums when you are not able

As a special consideration to you — if you are hospitalized just 6 weeks or more, all premiums that come due while you are still in the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, Presidential will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL — *TO A MAXIMUM OF 100 WEEKS* per confinement! This means you pay no premiums, yet your full protection remains in force — *you collect up to $10,000.00 for each confinement!*

THIS LIMITED ENROLLMENT OFFER ENDS SOON
Only 25¢ for First Month — Money-Back Guarantee

You can now have your first month's protection for your entire family for only *twenty five cents!* But you must act *immediately*. Your request for this wonderful Income Protection Plan must be mailed on the convenient form below NOT LATER THAN MIDNIGHT of the date in the Enrollment Form.

This midnight expiration hour *cannot be extended*. If your enrollment form is mailed later, *it cannot be accepted*.

These are the ONLY exclusions!

Your Presidential policy covers every conceivable kind of sickness or accident except conditions caused by war or any act of war; mental disorders; intoxicants and narcotics; pregnancy except as provided under the maternity benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your policy...during the first 2 years only.

This last item is a real help if you *already* have a health problem. If you are sick *before* you take out this policy, you will *still* be covered for that condition after the policy has been in effect for 2 years. Of course, meanwhile every *new* condition is *immediately* covered.

How can 25¢ buy so much?

You can buy ordinary insurance at any time and pay the regular rates, if you wish. But Presidential can now provide you and your entire family with $100.00 a week tax-free Income Protection for just 25¢ the first month only because we enroll a large number of people at one time — *direct by mail!* This highly efficient "Mass Enrollment" method cuts costs to the bone — *and the savings are passed on to you!*

Make your decision carefully

Think how costly a hospital confinement will be. Imagine paying for those indispensible x-rays, doctor bills, medicines and drugs that are *not* covered by your present insurance.

Would you be able to afford the quiet and privacy of a private room and a private nurse, should you so desire? Or a telephone to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay your bills that keep on coming in at home? Many folks have lost their life savings, their cars, even their homes trying to meet such expenses. And no one knows whose turn it will be next.

Why you must act before the deadline date shown in the enrollment form — just a few days from today

Why do we give you so little time to apply for your insurance policy — only a few days? Because, as mentioned above, we must receive *your* Enrollment Form *the same time as all the others* in order to pass on to you the savings that come from processing *many* policies *at one time*.

We mail you the policy as soon as we receive the Enrollment Form. When the policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then — *show it, if you wish, to someone you trust.* Perhaps your lawyer, accountant, or banker. Better still — *show it to your own insurance man...even though he may very well be working for another insurance company!* If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere — at any price!

Money back guarantee—in case you change your mind

Even after you mail your Enrollment Form below...even after you examine the policy in your own home and talk it over with anyone you wish...even after all this you are still free to return the policy within 15 days *and your quarter will be refunded at once*. There will be no obligation whatever.

Meanwhile, all during the 15 days you are making up your mind—you'll be protected by $100.00-A-WEEK extra cash benefits just as if you had already said "yes." That's right, you will be fully covered all this time for any accident which puts you in the hospital, even if you finally decide to return the policy.

However, after you've seen the policy for yourself, you will surely agree that this is a tremendous value and you'll want to continue this $100.00-A-WEEK extra cash protection under the Plan that's best for you.

PLAN I → INDIVIDUAL(S) ONLY PLAN:

If you want to cover yourself — or yourself and one or more adult dependents (including your spouse) — then this is the Plan for you. Each person must be 18 or over, and shall pay (per person) the rate applicable to his or her age.

Age at Enrollment	Monthly Premium
18-39	only $3.95
40-49	only $4.95
50-59	only $5.95
60-74	only $6.95
75 and over	only $8.95

PLAN II — FAMILY PLAN WITH MATERNITY

This plan is for the family that is still growing. To the total of the monthly premium for the adults to be insured, just add $5. This entitles you to all maternity benefits. It also covers all your unmarried, dependent children between the ages of 3 months and 19 years who live at home. Future dependent children will be covered when they reach 3 months of age and without any additional charge.

PLAN III—FAMILY PLAN WITHOUT MATERNITY

This plan is for the family that is no longer growing. To the total of the monthly premium for the adults to be insured, just add $3. This covers all your unmarried, dependent children between the ages of 3 months and 19 years who live at home.

NOTE: The regular Monthly Premium shown here (for your age at time of enrollment) is the same low premium you will continue to pay; **it will not automatically increase as you pass from one age bracket to the next.** Once you have enrolled, your rate can never be changed because of how much or how often you collect from us — or because of advanced age — but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state.

Act now—"later" may be too late!

TIME IS PRECIOUS! Act quickly. (No salesman will call.) Get your enrollment form into the mail *today*—because once you suffer an accident or sickness, it's TOO LATE to buy protection at *any* cost. That's why we urge you to act today—*before* anything unexpected happens.

THESE 23 QUESTIONS AND ANSWERS

Tell you how Presidential's COST OF LIVING INCOME REPLACEMENT HEALTH AND ACCIDENT PLAN gives you the protection you need — at amazingly low cost!

1. **How much will my policy pay me when I go to the hospital?**
The full amount! You are paid $100.00-A-WEEK cash every single week. And it starts the very first day you are in the hospital. (If you are over 65, you are paid $70.00 a week, in addition to any Medicare benefits you receive.)
2. **Will I be paid if I am hospitalized for less than a full week?**
You certainly will...regardless of whether you are in the hospital for as short a time as one day...or as long a time as a week, month, year or more.
3. **Does this Plan pay you from the first day of hospitalization?**
Yes! You receive full cash benefits of $100.00 a week starting the very first day you enter the hospital. The coverage begins when we accept your completed Form and 25¢ — that is the day you and your loved ones are covered for any accidents. Sickness coverage begins 30 days after the effective date of the policy.
4. **How much do I receive for a Registered Nurse at Home?**
$100.00-A-WEEK for up to $5,000.00 after you have been hospitalized for 3 days or more, and your doctor has you employ a full-time registered nurse within 5 days after you leave the hospital. Ten years from now it will have increased to $130.00 a week in benefits...at no extra cost to you!
5. **Are there any accidental death benefits?**
Yes. $1,000.00 cash is paid to your estate when death occurs any time within 90 days of an accident.
6. **Will I be paid extra if I lose a limb or eyesight?**
Yes. Presidential pays $1,000.00 for complete accidental loss of one hand or one foot or sight of one eye; $2,000.00 for loss of both hands or both feet or sight of both eyes...when dismemberment occurs anytime within 90 days of the accident.
7. **How much do we receive for pregnancies?**
If you have the Family Plan With Maternity, you receive $100.00-A-WEEK for each pregnancy, childbirth or miscarriage that results in hospital confinement when both husband and wife are enrolled under this plan for the entire period of pregnancy.
8. **Suppose I am paid benefits for any sickness or accident. What happens if I am again hospitalized for the same condition?**
Don't worry. You still collect $100.00-A-WEEK for a total of 100 weeks. And if you have already resumed full normal activities for just 90 days, it's considered a new confinement, and you can collect for an additional 100 weeks. Of course, any new condition is covered immediately for a full 100 weeks.
9. **How may I use these benefit payments?**
You may use them in any way you wish — for hospital and doctor bills, rent, food, household expenses, or anything else. This is entirely up to you.
10. **May I apply if I am over 65?**
Yes, you may. Folks any age are welcome to apply—there is no age limit! Members over 65 are paid $70.00 a week plus all Medicare benefits.
11. **Can I collect from Presidential even if I carry other insurance?**
Of course. This plan will pay you in addition to whatever you may receive from any other policies, including Medicare for folks over 65.
12. **Why do I need this Presidential Plan in addition to my other hospital and health insurance?**
While hospital costs have tripled in recent years, very few people have tripled their insurance. The chances are one in seven that you will need money to take care of all your other expenses, as well as your hospital bills. Your Presidential checks are rushed to you by air mail to use as you see fit.
13. **What benefits do my eligible, dependent children get?**
If you choose a Family Type Plan, your dependent eligible children, ages 3 months to 19 years, would receive 50% of all the cash benefits of the basic Plan and 100% of all its other benefits and features (excluding Waiver of Premium).
14. **May I add future dependent children to my policy after it is in force?**
Yes, indeed, if you have the FAMILY PLAN WITH MATERNITY. Just notify us when they are 3 months old and they will be covered without evidence of insurability and without any additional charge.
15. **Will my protection be cancelled because I have too many claims?**
No, definitely not! Presidential guarantees never to cancel your protection because you have too many claims or because of advanced age. We also guarantee never to refuse to renew your policy unless the premium is not paid before the end of the 31-day grace period, or unless renewal is declined on all policies of this type in your entire state. (Of course, if deception is used in making application, the policy may be ineffective.)
16. **Will my rates be raised as I grow older or if I have too many claims?**
No matter how many claims you have, or regardless of how long you keep your policy, your rate will remain the same as it was for your age when you applied. Presidential guarantees never to adjust this rate unless the rates are adjusted on all policies of this type in your entire state.
17. **What is not covered by this policy?**
The only conditions not covered are those caused by: mental disorders; intoxicants and narcotics; where care is in a Government hospital; expenses resulting from any sickness or injury you had before the policy Effective Date (during the first 2 years only); act of war. EVERYTHING ELSE IS COVERED—including pregnancy when both husband and wife have been enrolled in the FAMILY PLAN WITH MATERNITY for the entire period of pregnancy.
18. **What are the requirements for membership in one of the Presidential Plans?**
You must not have been refused any health, hospital or life insurance; and, to qualify during this enrollment period, you must enroll before midnight of the date in the coupon.
19. **Why is this offer good for a limited time only?**
Because, by enrolling a large number of people at the same time, underwriting, processing and policy issuance costs can be kept at a minimum—and we can pass these savings on to you.
20. **Besides the savings, are there other advantages to joining Presidential during this enrollment period?**
Yes, there certainly are. A very important one is that you do not need to complete a regular application — just your brief form in the lower left hand corner of this page. Also, during this enrollment period there are no other requirements for eligibility — and no "waivers" or restrictive endorsements can be put on your policy!
21. **Can other members of my family take advantage of this special offer?**
Yes, as long as they can meet the few requirements listed under Question 18.
22. **How does the money-back guarantee work?**
Examine your policy carefully in the privacy of your own home. If for any reason you are not completely satisfied, return it within 15 days and we will promptly refund your money. Meanwhile you will be fully protected while making your decision!
23. **How do I join?**

Added cash benefits: $1,000.00 cash to your family if death occurs within 90 days from any accidental injury. Think of how handy the cash can be in time of loss. It can take care of burial expenses without burdening your loved ones.

Added cash benefit: Up to $2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs anytime within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for $1,000.00 or $2,000.00 brings peace of mind during the period of adjustment.

Added cash benefit: Choose *either* Family Plan...and your children will be covered too! Presidential pays up to $5,000.00 any time your youngster goes to the hospital...for tonsils, appendicitis, or *any other* illness or injury! Yes, you will receive $50.00 cash, week after week—for as many as *100 weeks*, if necessary.

We pay your premiums when you are not able

As a special consideration to you—if you are hospitalized just 6 weeks or more, all premiums that come due while you are still in the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, Presidential will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL—*TO A MAXIMUM OF 100 WEEKS* per confinement! This means you pay no premiums, yet your full protection remains in force—*you collect up to $10,000.00 for each confinement!*

THIS LIMITED ENROLLMENT OFFER ENDS SOON
Only 25¢ for First Month — Money-Back Guarantee

You can now have your first month's protection for your entire family for only *twenty five cents!* But you must act *immediately*. Your request for this wonderful Income Protection Plan must be mailed on the convenient form below NOT LATER THAN MIDNIGHT of the date in the Enrollment Form.

This midnight expiration hour *cannot be extended*. If your enrollment form is mailed later, *it cannot be accepted*.

These are the ONLY exclusions!

Your Presidential policy covers every conceivable kind of sickness or accident except conditions caused by war or any act of war; mental disorders; intoxicants and narcotics; pregnancy except as provided under the maternity benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your policy...during the first 2 years only.

This last item is a real help if you *already* have a health problem. If you are sick *before* you take out this policy, you will *still* be covered for that condition after the policy has been in effect for 2 years. Of course, meanwhile every *new* condition is *immediately* covered.

How can 25¢ buy so much?

You can buy ordinary insurance at any time and pay the regular rates, if you wish. But Presidential can now provide you and your entire family with $100.00 a week tax-free Income Protection for just 25¢ the first month only because we enroll a large number of people at one time—*direct by mail!* This highly efficient "Mass Enrollment" method cuts costs to the bone—*and the savings are passed on to you!*

Make your decision carefully

Think how costly a hospital confinement will be. Imagine paying for those indispensible x-rays, doctor bills, medicines and drugs that are *not* covered by your present insurance.

Would you be able to afford the quiet and privacy of a private room and a private nurse, should you so desire? Or a telephone to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay your bills that keep on coming in at home? Many folks have lost their life savings, their cars, even their homes trying to meet such expenses. And no one knows whose turn it will be next.

Why you must act before the deadline date shown in the enrollment form — just a few days from today

Why do we give you so little time to apply for your insurance policy—only a few days? Because, as mentioned above, we must receive *your* Enrollment Form *the same time as all the others* in order to pass on to you the savings that come from processing *many* policies *at one time*.

We mail you the policy as soon as we receive the Enrollment Form. When the policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then—*show it, if you wish, to someone you trust*. Perhaps your lawyer, accountant, or banker. Better still—*show it to your own insurance man...even though he may very well be working for another insurance company!* If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere—at any price!

Money back guarantee—in case you change your mind

Even after you mail your Enrollment Form below...even after you examine the policy in your own home and talk it over with anyone you wish...even after all this you are still free to return the policy within 15 days *and your quarter will be refunded at once*. There will be no obligation whatever.

Meanwhile, all during the 15 days you are making up your mind—you'll be protected by $100.00-A-WEEK extra cash benefits just as if you had already said "yes." That's right, you will be fully covered all this time for any accident which puts you in the hospital, even if you finally decide to return the policy.

However, after you've seen the policy for yourself, you will surely agree that this is a tremendous value and you'll want to continue this $100.00-A-WEEK extra cash protection under the Plan that's best for you.

PLAN I → INDIVIDUAL(S) ONLY PLAN:

If you want to cover yourself—or yourself and one or more adult dependents (including your spouse)—then this is the Plan for you. Each person must be 18 or over, and shall pay (per person) the rate applicable to his or her age.

Age at Enrollment	Monthly Premium
18-39	only $3.95
40-49	only $4.95
50-59	only $5.95
60-74	only $6.95
75 and over	only $8.95

PLAN II — FAMILY PLAN WITH MATERNITY

This plan is for the family that is still growing. To the total of the monthly premium for the adults to be insured, just add $5. This entitles you to all maternity benefits. It also covers all your unmarried, dependent children between the ages of 3 months and 19 years who live at home. Future dependent children will be covered when they reach 3 months of age and without any additional charge.

PLAN III—FAMILY PLAN WITHOUT MATERNITY

This plan is for the family that is no longer growing. To the total of the monthly premium for the adults to be insured, just add $3. This covers all your unmarried, dependent children between the ages of 3 months and 19 years who live at home.

NOTE: The regular Monthly Premium shown here (for your age at time of enrollment) is the same low premium you will continue to pay; **it will not automatically increase as you pass from one age bracket to the next.** Once you have enrolled, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state.

Act now—"later" may be too late!

TIME IS PRECIOUS! Act quickly. (No salesman will call.) Get your enrollment form into the mail *today*—because once you suffer an accident or sickness, it's TOO LATE to buy protection at *any* cost. That's why we urge you to act today—*before* anything unexpected happens.

THESE 23 QUESTIONS AND ANSWERS

Tell you how Presidential's COST OF LIVING INCOME REPLACEMENT HEALTH AND ACCIDENT PLAN gives you the protection you need — at amazingly low cost!

1. **How much will my policy pay me when I go to the hospital?**
The full amount! You are paid $100.00-A-WEEK cash every single week. And it starts the very first day you are in the hospital. (If you are over 65, you are paid $70.00 a week, in addition to any Medicare benefits you receive.)
2. **Will I be paid if I am hospitalized for less than a full week?**
You certainly will...regardless of whether you are in the hospital for as short a time as one day...or as long a time as a week, month, year or more.
3. **Does this Plan pay you from the first day of hospitalization?**
Yes! You receive full cash benefits of $100.00 a week starting the very first day you enter the hospital. The coverage begins when we accept your completed Form and 25¢—that is the day you and your loved ones are covered for any accidents. Sickness coverage begins 30 days after the effective date of the policy.
4. **How much do I receive for a Registered Nurse at Home?**
$100.00-A-WEEK for up to $5,000.00 after you have been hospitalized for 3 days or more, and your doctor has you employ a full-time registered nurse within 5 days after you leave the hospital. Ten years from now it will have increased to $130.00 a week in benefits...at no extra cost to you!
5. **Are there any accidental death benefits?**
Yes. $1,000.00 cash is paid to your estate when death occurs any time within 90 days of an accident.
6. **Will I be paid extra if I lose a limb or eyesight?**
Yes. Presidential pays $1,000.00 for complete accidental loss of one hand or one foot or sight of one eye; $2,000.00 for loss of both hands or both feet or sight of both eyes...when dismemberment occurs anytime within 90 days of the accident.
7. **How much do we receive for pregnancies?**
If you have the Family Plan With Maternity, you receive $100.00-A-WEEK for each pregnancy, childbirth or miscarriage that results in hospital confinement when both husband and wife are enrolled under this plan for the entire period of pregnancy.
8. **Suppose I am paid benefits for any sickness or accident. What happens if I am again hospitalized for the same condition?**
Don't worry. You still collect $100.00-A-WEEK for a total of 100 weeks. And if you have already resumed full normal activities for just 90 days, it's considered a new confinement, and you can collect for an additional 100 weeks. Of course, any new condition is covered immediately for a full 100 weeks.
9. **How may I use these benefit payments?**
You may use them in any way you wish—for hospital and doctor bills, rent, food, household expenses, or anything else. This is entirely up to you.
10. **May I apply if I am over 65?**
Yes, you may. Folks any age are welcome to apply—there is no age limit! Members over 65 are paid $70.00 a week plus all Medicare benefits.
11. **Can I collect from Presidential even if I carry other insurance?**
Of course. This plan will pay you in addition to whatever you may receive from any other policies, including Medicare for folks over 65.
12. **Why do I need this Presidential Plan in addition to my other hospital and health insurance?**
While hospital costs have tripled in recent years, very few people have tripled their insurance. The chances are one in seven that you will need money to take care of all your other expenses, as well as your hospital bills. Your Presidential checks are rushed to you by air mail to use as you see fit.
13. **What benefits do my eligible, dependent children get?**
If you choose a Family Type Plan, your dependent eligible children, ages 3 months to 19 years, would receive 50% of all the cash benefits of the basic Plan and 100% of all its other benefits and features (excluding Waiver of Premium).
14. **May I add future dependent children to my policy after it is in force?**
Yes, indeed, if you have the FAMILY PLAN WITH MATERNITY. Just notify us when they are 3 months old and they will be covered without evidence of insurability and without any additional charge.
15. **Will my protection be cancelled because I have too many claims?**
No, definitely not! Presidential guarantees never to cancel your protection because you have too many claims or because of advanced age. We also guarantee never to refuse to renew your policy unless the premium is not paid before the end of the 31-day grace period, or unless renewal is declined on all policies of this type in your entire state. (Of course, if deception is used in making application, the policy may be ineffective.)
16. **Will my rates be raised as I grow older or if I have too many claims?**
No matter how many claims you have, or regardless of how long you keep your policy, your rate will remain the same as it was for your age when you applied. Presidential guarantees never to adjust this rate unless the rates are adjusted on all policies of this type in your entire state.
17. **What is not covered by this policy?**
The only conditions not covered are those caused by: mental disorders; intoxicants and narcotics; where care is in a Government hospital; expenses resulting from any sickness or injury you had before the policy Effective Date (during the first 2 years only); act of war. EVERYTHING ELSE IS COVERED—including pregnancy when both husband and wife have been enrolled in the FAMILY PLAN WITH MATERNITY for the entire period of pregnancy.
18. **What are the requirements for membership in one of the Presidential Plans?**
You must not have been refused any health, hospital or life insurance; and, to qualify during this enrollment period, you must enroll before midnight of the date in the coupon.
19. **Why is this offer good for a limited time only?**
Because, by enrolling a large number of people at the same time, underwriting, processing and policy issuance costs can be kept at a minimum—and we can pass these savings on to you.
20. **Besides the savings, are there other advantages to joining Presidential during this enrollment period?**
Yes, there certainly are. A very important one is that you do not need to complete a regular application—just your brief form in the lower left hand corner of this page. Also, during this enrollment period there are no other requirements for eligibility—and no "waivers" or restrictive endorsements can be put on your policy!
21. **Can other members of my family take advantage of this special offer?**
Yes, as long as they can meet the few requirements listed under Question 18.
22. **How does the money-back guarantee work?**
Examine your policy carefully in the privacy of your own home. If for any reason you are not completely satisfied, return it within 15 days and we will promptly refund your money. Meanwhile you will be fully protected while making your decision!
23. **How do I join?**
